Johnston, 1997-09-09 Play as an event of the inventive human spirit invites our most able Christian reflection The person at play is expressing his or her God given nature Unable to understand our play as God given Christians are often inauthentic players Johnston tries to help us to see that Christians are created to work and to play

*Establish a Select Senate Committee on Technology and the Human Environment* United States. Congress. Senate. Government Operations, 1967      **Establish a Select Senate Committee on Technology and the Human Environment** United States. Congress. Senate. Committee on Government Operations. Subcommittee on Intergovernmental Relations, 1967 Considers 90 S Res 298 90 S Res 68      Whatever Happened to the Leisure Society? A. J. Veal, 2018-10-10 The idea of a leisure society was in its heyday in the 1960s and 1970s when it was predicted that the pattern of falling working hours which had been experienced in Western societies in the first half of the twentieth century would continue indefinitely The leisure society has clearly not been realised On the contrary contemporary industrial societies seem to be characterised by a shortage of time experienced as time squeeze and stress The leisure society idea can be seen as the modern version of the age old dream of a life of ease and plenty This analytically and empirically rich book traces the idea in history through biblical classical Greek medieval and nineteenth century utopian writings and into twentieth century concerns with dystopia and the impact of rapid technological change The leisure society concept turns out to have been an elusive and short lived phenomenon For a variety of reasons the trend towards shorter working hours ran out of steam in the last quarter of the twentieth century However while leisure scholars have deserted the topic a diverse range of activists including environmentalists economists and feminists continue to make the case for reducing working hours Whatever Happened to

the Leisure Society concludes that the on going struggle for time should be supported for the sake of human health and well being and for the sake of the planet This is a valuable resource for students and academics in the fields of leisure studies cultural studies history economics sociology and political science

**Leisure, Sport and Tourism, Politics, Policy and Planning, 4th Edition** A J Veal, 2017-05-05 The gap between theory and practice in the leisure sport and tourism studies areas seems to have widened as scholars have become more specialized Nevertheless it is imperative that students be as familiar as possible with a wide range of social and political theory and also be able to reconcile that knowledge with their own current and future roles as practicing professionals As well as extensive updating of sources this new edition examines such topics as libertarianism theocracy anti establishment politics and the concept of generations A new chapter presents discussions of a number of issues and challenges facing the leisure sport and tourism sector Introducing the subject for undergraduate and postgraduate students of leisure sport and tourism this book is also a useful addition to the shelf of any policy maker or practitioner within the industries

**Social Indicators**, 1980 **Human Behavior and Environment** Irwin Altman, Joachim F. Wohlwill, 2013-11-11 This is the first in a series of volumes concerned with research encompassed by the rather broad term environment and behavior The goal of the series is to begin the process of integration of knowledge on environmental and behavioral topics so that researchers and professionals can have material from diverse sources accessible in a single publication The field of environment and behavior is broad and interdisciplinary with researchers drawn from a variety of traditional disciplines such as psychology sociology anthropology geography and other social and behavioral sciences and from the biological and life sciences of medicine psychiatry biology and ethology The interdisciplinary quality of the field is also reflected in the extensive involvement of environmental professionals from architecture urban planning landscape architecture interior design and other fields such as recreation and natural resources to name just a few At present the field has a somewhat chaotic flavor with research being carried out by a variety of scholars who publish in a multitude of outlets Many researchers and practitioners are unaware of the state of knowledge regarding a specific topic because of the unavailability of integrated reference materials There are only a handful of books dealing with environment and behavior most of them unintegrated collections of readings with only an occasional systematic analysis of some facet of the field

**Leisure and Human Rights** A.J Veal, 2025-09-01 This book argues for while critically engaging with the proposition that leisure is a human right The structure of the book sets this proposition within historical and international legal human rights contexts particularly exploring the human rights legal conception of leisure as time and activities compared with other conceptualisations arising in the field of leisure studies The implications for different socio economic age related gender and ethnic groups are also explored The book will be of interest to leisure studies scholars unfamiliar with the detail of the concept of human rights and the human rights scholars unfamiliar with the concept of leisure as a human right in international law
