practices middle school science can capture the interest and energy of adolescent students and expand their understanding
of the world around them Resources for Teaching Middle School Science developed by the National Science Resources
Center NSRC is a valuable tool for identifying and selecting effective science curriculum materials that will engage students
in grades 6 through 8 The volume describes more than 400 curriculum titles that are aligned with the National Science
Education Standards This completely new guide follows on the success of Resources for Teaching Elementary School Science
the first in the NSRC series of annotated guides to hands on inquiry centered curriculum materials and other resources for
science teachers The curriculum materials in the new guide are grouped in five chapters by scientific area Physical Science
Life Science Environmental Science Earth and Space Science and Multidisciplinary and Applied Science They are also
grouped by type core materials supplementary units and science activity books Each annotation of curriculum material
includes a recommended grade level a description of the activities involved and of what students can be expected to learn a
list of accompanying materials a reading level and ordering information The curriculum materials included in this book were
selected by panels of teachers and scientists using evaluation criteria developed for the guide The criteria reflect and
incorporate goals and principles of the National Science Education Standards The annotations designate the specific content
standards on which these curriculum pieces focus In addition to the curriculum chapters the guide contains six chapters of
diverse resources that are directly relevant to middle school science Among these is a chapter on educational software and
multimedia programs chapters on books about science and teaching directories and guides to science trade books and
periodicals for teachers and students Another section features institutional resources One chapter lists about 600 science
centers museums and zoos where teachers can take middle school students for interactive science experiences Another
chapter describes nearly 140 professional associations and U S government agencies that offer resources and assistance
