sexuality and the church **Coaching and Mentoring at Work: Developing Effective Practice** Mary Connor, Julia Pokora, 2017-07-16

The third edition of this popular practical and authoritative book has been revised and updated with two new chapters. It is aimed at coaches, mentors and clients and features nine key principles of effective coaching and mentoring showing how to apply them. Discussion of differences between coaching and mentoring across different contexts and sectors. Ideas about how to be an effective coach or mentor and how to be an effective client. Self-development checklists and prompts and a wealth of interactive case material. New chapter on useful approaches and models. The Skilled Helper model and how to apply it to coaching and mentoring. A range of tried and tested tools and techniques. Ethical issues, reflective practice and supervision. New chapter in which coaches and mentors share experiences from Business, Health, Education, the Public Sector. So many people think that mentoring is simple; you just pass on what you know from the pinnacle of your wisdom and experience. In fact, when well done, it is the art that conceals art. Similarly, there is an art in making what is not simple sound, accessible and doable, which is exactly what this book does. It breaks the news very gently and very clearly that successful mentoring and coaching is nothing like as easy as it looks, either to be a good mentor or to be a good mentee. Throughout the book, the message is clear: being a coach or mentor is very different from the expert helper role familiar to most managers, a lot more difficult and a lot more effective, and here is how to do it.

Jenny Rogers, Executive Coach and author of *Coaching Skills: The Definitive Guide to Being a Coach*, Fourth Edition, Open University Press, 2016, UK.

The third edition of *Coaching Mentoring at Work* has been revised and updated. There are two new chapters: *Coaching Mentoring Approaches and Models* and *Glimpses of Coaches and Mentors at Work*. Readers of the previous editions have valued the focus on effective and ethical practice as well as the clear links between principles, approaches, skills, tools, techniques and interactive case examples. This latest edition continues to be an excellent resource for coaching and mentoring purchasers, providers and students.

Gerard Egan, Professor Emeritus, Loyola University, Chicago, USA.

It is great to see this new updated edition of Mary Connor and Julia Pokora's book, which shows how much is developing and changing in this fast-moving field.

Peter Hawkins, Professor of Leadership, Henley Business School, Chairman of Renewal Associates, author of many books including *Creating a Coaching Culture*, Open University Press, 2012, and *Leadership Team Coaching*, 2014, UK.

This new edition from Connor and Pokora has some new and interesting additions. In the ten years since the first edition, much has happened in the coaching and mentoring world. The highlighting of ethical issues in Part 1 of the book recognises that the coaching and mentoring worlds have become much more aware of ethical concerns. The addition of insights into the variety of models for coaching and mentoring and the practical nature of Part 2 of the book is welcome, and the shift of focus in Part 3 to Coach and Mentor Development reflects contemporary debate. Written in a practical and accessible style, this book is a must for those working with coaching and mentoring.

Professor Bob Garvey, Managing Partner, The Lio Partnership, UK.
