Roberts, 2018-03-16 The dissemination of classical material to children has long been a major form of popularization with far reaching effects although until very recently it has received almost no attention within the growing field of classical reception studies This volume explores the ways in which children encountered the world of ancient Greece and Rome in Britain and the United States over a century long period beginning in the 1850s as well as adults' literary responses to their own childhood encounters with antiquity Rather than discussing the role of classics in education it focuses on books read for enjoyment and on two genres of children's literature in particular the myth collection and the historical novel The tradition of myths retold as children's stories is traced in the work of writers and illustrators from Nathaniel Hawthorne and Charles Kingsley to Roger Lancelyn Green and Ingri and Edgar Parin d'Aulaire while the discussion of historical fiction focuses particularly on the roles of nationality and gender in the construction of an ancient world for modern children The book concludes with an investigation of the connections between childhood and antiquity made by writers for adults including James Joyce Virginia Woolf and H.D. Recognition of the fundamental role in children's literature of adults' ideas about what children want or need is balanced throughout by attention to the ways in which child readers have made such works their own The formative experiences of antiquity discussed throughout help to explain why despite growing uncertainty about the appeal of antiquity to modern children the classical past remains perennially interesting and inspiring RSA Journal Royal Society of Arts (Great Britain), 1989 Intl Comp Ency Child Lit E2 V1 Peter Hunt, 2018-12-12 Children's literature continues to be one of the most rapidly expanding and exciting of interdisciplinary academic studies of interest to anyone concerned with literature education internationalism childhood or culture in general This edition has been expanded and includes over 50 new articles New topics include Postcolonialism Comparative Studies Ancient Texts Contemporary Children's Rhymes and Folklore Contemporary Comics War Horror Series Fiction Film Creative Writing and Crossover literature The international section has been expanded to reflect world events **School Library Journal**, 1990-07 *The Publishers Weekly*, 1996 *Major Authors and Illustrators for Children and Young Adults* Joyce Nakamura, 1993 Contains updated and revised sketches on nearly 800 of the most widely read authors and illustrators appearing in Gale's Something about the author series
