

Democracy and terrorism

TED PICCONE*

POLICY BRIEF

SEPTEMBER 2017

Summary

The empirical evidence for several decades demonstrated a strong relationship between democracy and terrorism, with hybrid regimes experiencing higher levels of terrorist attacks and casualties, and more established democracies and autocracies both experiencing less.¹ While this pattern continues to prevail, after 2001 it has evolved toward an increased number of terrorist attacks in nondemocratic countries, particularly those in conflict or under military occupation (e.g., Iraq, Afghanistan, Pakistan, Nigeria, and Somalia), and in a handful of consolidated democratic countries actively engaged in suppressing terrorism through the use of force (e.g., Israel, the United States, Spain, France, and the United Kingdom). Regardless of regime type, countries with higher levels of state-sponsored violence and abuse against their citizens were found to have greatly increased risks associated with violent extremism.²

These findings suggest that a country's best defense against terrorism is to improve the legitimacy of the state through more democratic, human rights, and rule of law practices at the local, national, and international levels. Drivers of terrorist violence, nonetheless, derive from multiple and complex sources, many of which are local. Responses must be tailored to specific circumstances and should be comprehensive, involving all relevant actors at the community level.

About the Project

This policy brief is part of a series of papers on democracy, security, and violent extremism prepared for the Community of Democracies' Democracy and Security Dialogue. The project seeks to foster greater collaboration among democratic governments, donors, civil society and academics to improve security outcomes and create a more conducive environment for the strengthening of democracy around the world. For more on the project and related materials, including the final report, visit www.brookings.edu/democracy-security-dialogue.

* This brief was written with invaluable assistance from Julian Duggan and Matthew Kuo and with expert feedback from Christopher Mesele (Brookings Institution), Eric Rosand (The Prevention Project), Nicholas Robinson (Yale University), Catherine Kelly (American Bar Association), and researchers at the Institute of Security Studies, as well as members of the Community of Democracies Governing Council and its Civil Society Pillar. Brookings is committed to quality, independence, and impact in all of its work. Activities supported by its donors reflect this commitment and the analysis and recommendations are solely determined by the scholar. Support for this publication was generously provided through the Permanent Secretariat of the Community of Democracies.

Terrorism And Democracy

Peter Janke

Terrorism And Democracy:

Terrorism Versus Democracy Paul Wilkinson, 2006-09-27 No one understands terrorism better than Paul Wilkinson if policy makers read this book they will understand the problems better If terrorists read it they will understand themselves a lot better Michael Clarke King s College London University of London UK This acclaimed study examines both the new terror networks and those that have been around for decades This new edition brings it up to date with the dramatic opening of the twenty first century with new chapters on the 9 11 attacks the growth of international terrorism the Al Qaeda network and the War on Terror This text provides us with some much needed criteria for distinguishing between terrorists and freedom fighters and an explanation of the uses of terrorism as a political social religious and criminal weapon Wilkinson also links the use of terrorism to a wider repertoire of struggle He proposes a variety of possible counter measures and valuable principles carefully distilled from the recent past to help design a response that is compatible with democratic principles the rule of law and respect for human rights This book is essential reading for undergraduate and postgraduate students of terrorism studies political science and international relations as well as for policy makers and journalists *Terrorism and Democracy* Peter Janke, 1992-06-18 Terrorism is here to stay and it will probably beset the newly emerging democracies of eastern Europe and the Soviet Union However such political violence can be combatted and this is a study of terrorism and how it has been successfully contained in contemporary first world democracies *Democracy and Terrorism* Leonard Weinberg, 2013-02-11 This book examines the relationships between democratic government and political terrorism Since the 9 11 attacks the United States and many of its allies have declared a war on terrorism This struggle has been inspired in part by the belief is that by promoting democracy they will also bring an end to terrorism Where people enjoy the blessings of liberty they will naturally find peaceful outlets for the expression of their political views it has been widely held Terrorism on the other hand is seen largely as a consequence of repression Where citizens cannot choose rulers freely and where dissenting voices are silenced by the authorities terrorism and other types of violence appear to follow Democracy and Terrorism investigates the link between terrorism and the underlying principles of democracy both from an historical perspective and against contemporary developments in the Middle East and elsewhere Drawing upon a range of different case studies and using quantitative data to investigate statistical links between the waves of democracy and manifestations of terrorist violence the book reviews whether terrorism is in fact constrained by the rise of democratic government and the role of the law in fighting terrorism This book will be of much interest to students of terrorism political violence democratisation security studies and International Relations in general **Islamist Terrorism and Democracy in the Middle East** Katerina Dalacoura, 2011-04-29 What were the reasons behind the terrorist attacks of September 11th Does the cause of Islamist terrorism relate to the lack of democracy in the Middle East Through detailed research into the activities of both radical and moderate organizations across the Middle East such as the Muslim Brotherhood Hamas and Hizbullah and

via interviews with key personnel Katerina Dalacoura investigates whether repression and political exclusion pushed Islamist entities to adopt terrorist tactics She also explores whether inclusion in the political process has had the opposite effect of encouraging Islamist groups toward moderation and ideological pragmatism In a challenge to the conventional wisdom she concludes that Islamist terrorism is not a direct consequence of authoritarianism in the Middle East and that there are many key factors that generate radicalism *Terrorism and Democracy* Stansfield Turner,1991 In a time of fear outrage and frustration about global terrorist activity this book takes on a new urgency Using as a framework his own dramatic experience during the Iran hostage crisis the former director of the CIA explores the contradiction between declared policy and actual measures taken in the battle against terrorism *Democracy at Risk* Jennifer L. Merolla,Elizabeth J. Zechmeister,2009-10-15 How do threats of terrorism affect the opinions of citizens Speculation abounds but until now no one had marshaled hard evidence to explain the complexities of this relationship Drawing on data from surveys and original experiments they conducted in the United States and Mexico Jennifer Merolla and Elizabeth Zechmeister demonstrate how our strategies for coping with terrorist threats significantly influence our attitudes toward fellow citizens political leaders and foreign nations The authors reveal for example that some people try to restore a sense of order and control through increased wariness of others especially of those who exist outside the societal mainstream Additionally voters under threat tend to prize strong leadership more highly than partisan affiliation making some politicians seem more charismatic than they otherwise would The authors show that a wary public will sometimes continue to empower such leaders after they have been elected giving them greater authority even at the expense of institutional checks and balances Having demonstrated that a climate of terrorist threat also increases support for restrictive laws at home and engagement against terrorists abroad Merolla and Zechmeister conclude that our responses to such threats can put democracy at risk The Challenges of Democracy in the War on Terror Maximiliano E. Korstanje,2018-09-03 This book unravels the role of democracy after the 9 11 terrorist attacks and reflects important debates surrounding the security of Muslim communities in the years to come It looks at the problems of torture violence and the legal resources available to contemporary democracies to confront terrorism While terrorism is often regarded as one of the major threats to the West and the nation state this book explores the notion that a disciplined sense of terror is what keeps society working The strengths and limitations of liberalism are examined as well as the ethical dilemma of torture and human right violations in the struggle against terrorism This book carefully dissects the origin of the nation state and how it keeps society united The author offers a creative and unique approach to democracy and worldwide terrorism exploring the consequences for the nation state This book looks at the connections between terrorism mobility consumption torture and fear It will be of interest to researchers as well as postgraduate and postdoctoral students within the fields of Human Geography Politics Media and International Relations Terrorism, Democracy, and Human Security Ronald Crelinsten,2021-03-15 This book examines the relationship between

terrorism and counterterrorism and how it operates within the broader context of communication control power and democratic governance at the national international and transnational level A culmination of decades of research on the challenges that liberal democracies face in dealing with terrorism this work provides an innovative framework that maps out the broader context in which terrorism and counterterrorism interact and co evolve the terrorism counterterrorism nexus In a series of models moving from local to global perspectives the framework places this nexus within the broader context of social cultural political and economic life This framework provides a tool for maintaining situational awareness in a multi tiered networked world where geography and history are splintering into a rainbow of perspectives and locales revealing the contested nature of space and time themselves This book will be of much interest to students of political violence terrorism studies communication studies and international relations as well as security professionals

Democracy and America's War on Terror Robert L. Ivie, 2005 Robert Ivie discusses democracy's centrality to the national identity and how prevailing constructions of democracy constitute a republic of fear in which the threat of foreign and domestic others is chronically exaggerated through rituals of vilification and victimization

Counterterrorism: Democracy's Challenge Andrea Bianchi, Alexis Keller, 2008-07-30 Terrorist violence is no novelty in human history and while government reactions to it have varied over time some lessons can be learnt from the past Indeed the debate on when and how a state should use emergency powers that limit individual freedoms is nearly as old as the history of political thought After reviewing some history of state responses to terrorist violence and their efficacy this book sets out to assess the effects of contemporary counterterrorism law and policies on democratic states In particular it considers the interaction between national and international law in shaping and implementing anti terror measures and the difficult role of the judiciary in striking a balance between security concerns and fundamental rights It also examines the strains this has caused on some democracies especially a blurring in the separation of powers between the legislative executive and judicial branches of government giving reason to enquire afresh whether new paradigms are needed Finally the issue of whether the doctrine of constitutionalism can provide an appropriate frame of analysis to encapsulate current developments in international law in response to terrorism is broached By drawing on the expertise of historians political scientists and lawyers this book promotes transdisciplinary dialogue recognising that counterterrorism is an issue at the intersection of law and politics that has profound implications for democratic institutions and practices

Adopting the Track of Term: An Emotional Symphony within **Terrorism And Democracy**

In a global consumed by monitors and the ceaseless chatter of quick transmission, the melodic elegance and emotional symphony developed by the published word frequently diminish in to the backdrop, eclipsed by the constant noise and disturbances that permeate our lives. But, situated within the pages of **Terrorism And Democracy** a marvelous literary prize overflowing with raw feelings, lies an immersive symphony waiting to be embraced. Constructed by an outstanding musician of language, that interesting masterpiece conducts visitors on a mental journey, skillfully unraveling the concealed songs and profound affect resonating within each cautiously constructed phrase. Within the depths with this moving assessment, we will explore the book is main harmonies, analyze their enthralling publishing design, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.

Terrorism And Democracy Introduction

In the digital age, access to information has become easier than ever before. The ability to download Terrorism And Democracy has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Terrorism And Democracy has opened up a world of possibilities. Downloading Terrorism And Democracy provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Terrorism And Democracy has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Terrorism And Democracy. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Terrorism And Democracy. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Terrorism And Democracy, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal

information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Terrorism And Democracy has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Terrorism And Democracy Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Terrorism And Democracy is one of the best book in our library for free trial. We provide copy of Terrorism And Democracy in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Terrorism And Democracy. Where to download Terrorism And Democracy online for free? Are you looking for Terrorism And Democracy PDF? This is definitely going to save you time and cash in something you should think about.
