Noted contributors to the book include Wrightsman himself, who offers salient observations on the field that he continues to inspire. Featured among the topics: The credibility of witnesses; Psychological science on eyewitness identification and the U.S. Supreme Court; False confessions from colonial Salem to today; Identifying juror bias toward a new generation of jury selection research; Law and social science: how interdisciplinary is interdisciplinary enough? Race and its place in the American legal system. With its diverse mix of perspectives and methodologies, The Witness Stand and Lawrence S.
