The Brass Command:

The Brass Command Clay Fisher, 1955 **The Brass Command** Will Henry, 1965 **The Brass Command** Will Henry, 1955 The Island Experiment Journeyman Angel, 2011-10 Somewhere in the South Pacific Ocean in the year 2020 a mysterious group called The Elite has claimed an island formed by an extinct volcano creating two small countries on the small spit of land The Upper Country is a high tech totally green civilization void of individual rights and freedoms The Lower Country is an agricultural medieval monarchy that shows respect for individual rights The Elite created these two isolated countries as a social experiment By removing the variable of religion the Elite wants to prove its thesis In the absence of knowledge of any gods humans will develop in predictable ways Philosophical and religious cults eventually come into being which is one of the results the Elite predicted with this island experiment A team of specialists called Serpents is sent in to destroy the cults The five books in this amazing new series tell about the four people who become the family of Serpents The Island Experiment The Beginnings of the Inner Circle Book One Marshall s Story details the life of Marshall the first of the four Serpents Marshall is a man who found his lost soul and so much more Upcoming books tell the stories of Dina a woman who found a way to see into her own heart Krystal an adult child who found the courage to act alone and Angel an adolescent child and a cult survivor who finds freedom About the Author Now retired Journeyman Angel is a full time grandpa living in Michigan My characters are fragments of myself Each and every character resembles me in character and personality in some way [http SBPRA com JourneymanAngel](http://SBPRA.com/JourneymanAngel) Air Mobility Command's Global Reach , 1994 **Flashback** Penny Coleman, 2007-04-15 With the recent wars in Afghanistan and Iraq once again America s men and women who have seen war close up are suddenly expected to return seamlessly to civilian life In Flashback Penny Coleman tells the cautionary and timely story of posttraumatic stress disorder in the hope that we can sensitively assist those veterans who return from combat in need of help and the families struggling to support them The Northern Cheyenne Exodus in History and Memory James N. Leiker, Ramon Powers, 2012-11-09 The exodus of the Northern Cheyennes in 1878 and 1879 an attempt to flee from Indian Territory to their Montana homeland is an important event in American Indian history It is equally important in the history of towns like Oberlin Kansas where Cheyenne warriors killed more than forty settlers The Cheyennes in turn suffered losses through violent encounters with the U S Army More than a century later the story remains familiar because it has been told by historians and novelists and on film In The Northern Cheyenne Exodus in History and Memory James N Leiker and Ramon Powers explore how the event has been remembered told and retold They examine the recollections of Indians and settlers and their descendants and they consider local history mass media treatments and literature to draw thought provoking conclusions about how this story has changed over time The Cheyennes journey has always been recounted in melodramatic stereotypes and for the last fifty years most versions have featured noble savages trying to reclaim their birthright Here Leiker and Powers deconstruct those stereotypes and transcend them pointing out that history

is never so simple The Cheyennes flight they write had left white and Indian bones alike scattered along its route from Oklahoma to Montana In this view the descendants of the Cheyennes and the settlers they encountered are all westerners who need history as a way of explaining the bones and arrowheads that littered the plains Leiker and Powers depict a rural West whose diverse peoples Euro American and Native American alike seek to preserve their heritage through memory and history Anyone who lives in the contemporary Great Plains or who wants to understand the West as a whole will find this book compelling *The Gentleman's Magazine* ,1840 *Technical Manual* United States.
