The Women in the Life of the Bridegroom Adeline Fehribach,1998 This book sheds new light on

the women in the Fourth Gospel Unlike most works that approach the topic from a historical critical perspective this book approaches the topic from a historical literary perspective and attempts to illustrate for the modern reader how a first century reader would have understood the characterizations of the women given first century cultural and literary norms and the theology of the implied author The thesis of this book is that the primary purpose of the women in the Fourth Gospel is to support the portrayal of Jesus as the Messianic Bridegroom and further the plot of Jesus giving the people the power to become children of God John 1 12 This historical literary analysis exposes a highly androcentric and patriarchal text which leads the author in the end to question current assumptions that behind the text exists a community or school whose egalitarianism extended to women List of Urban Film Subjects Charles Urban Trading Co., Ltd,1903
