**The Broonie, Silkie & Fairies** Duncan Williamson, 1985-01-01     *The Broonie, Silkie, and Fairies* Duncan Williamson, 1990-07-01     The Broonie Silkie & Fairies Duncan Williamson, 1987     **The Broonie, Silkie & Fairies** Duncan Williamson, 1987 Folk Tales from Scotland     **The King And The Lamp** Duncan Williamson, 2010-07-01 Introduced by Barbara McDermitt The telling of tales and the oral tradition in Scotland has long and honourable history both in the annals of the folk and in the more formal pages of literary publication Writers as different as Hogg Scott Stevenson Cunninghame Graham Buchan Grassie Gibbon and Alasdair Gray have all drawn on the form or the voice or the features of the folk tale Duncan Williamson arguably the greatest traditional tale teller in modern times is a master of this spellbinding art and here in a single volume Linda Williamson has gathered together some of the most memorable tales in his repertoire Transcribed from recorded sessions for the sound archives of the School of Scottish Studies these twenty six stories give us privileged access to the travellers fireside with stories of talking animals of the broonie selkies and fairies of cunning Jack s adventures of kings and giants in long tales for the winter nights An extraordinary collection of stories The Scotsman Exemplary and delightful Williamson is the inheritor of a rich and vital oral tradition and is recognised as a master narrator Times Educational Supplement the bearer of the richest oral tradition in Europe Herald     **Creative Storytelling** Jack Zipes, 2013-10-11 Jack Zipes has reinvigorated storytelling as a successful and engaging tool for teachers and professional storytellers Encouraging storytellers librarians and schoolteachers to be active in this magical process Zipes proposes an interactive storytelling that creates and strengthens a sense of community for students teachers and parents while extolling storytelling as animation subversion and self discovery     The Land of the Seal People Duncan Williamson, 2017-07-05 No stories were more potent more engaging more subtle or profound than these half animal half human tales of the sea Time and time again listeners enthralled by Duncan Williamson s lore would ask him for the silkie tale Duncan grew up with the seals slept nights stranded by the tide in their colonies heard countless stories from crofters fishermen and travellers alike about the strange people who were related to the seal the silkie stories magically link the two worlds animal and human sea and land This new and expanded edition contains twenty four stories including thirteen that are previously unpublished with a new introduction by Linda Williamson which examines the background of the West Highland belief in the seal people The Land of the Seal People is a work of a master narrator Scotland s greatest contemporary storyteller The book is adult fiction of high intellectual and literary standards and as Scottish folk tales suits children and adults alike From the oral tradition of the West Coast these stories are a vital part of Scotland s heritage     **Homo Narrans** John D. Niles, 2010-08-03 It would be difficult to imagine what human life would be like without stories from myths recited by Pueblo Indian healers in the kiva ballads sung in Slovenian market squares folktales and legends told by the fireside in Italy to jokes told at a dinner table in Des Moines for it is chiefly through storytelling that people possess a past In Homo Narrans John D Niles explores how

human beings shape their world through the stories they tell The book vividly weaves together the study of Anglo Saxon literature and culture with the author's own engagements in the field with some of the greatest twentieth century singers and storytellers in the Scottish tradition Niles ponders the nature of the storytelling impulse the social function of narrative and the role of individual talent in oral tradition His investigation of the poetics of oral narrative encompasses literary works such as the epic poems and hymns of early Greece and the Anglo Saxon Beowulf texts that we know only through written versions but that are grounded in oral technique That all forms of narrative even the most sophisticated genres of contemporary fiction have their ultimate origin in storytelling is a point that scarcely needs to be argued Niles's claims here are more ambitious than oral narrative is and has long been the chief basis of culture itself that the need to tell stories is what distinguishes humans from all other living creatures

**Wee Folk Tales** Donald Smith, 2020-04-24 These stories are about the wee folk of Scotland told afresh for everyone including today's wee people Collected here are stories from all over Scotland Many were first published in the nineteenth and twentieth century but all have been influenced by being told and retold shaped and reshaped as they pass from storyteller to storyteller Whether you're introducing a wee bairn to these stories for the first time or you're not so wee and reading them to yourself you'll find plenty to love in these charming Scots folk tales

**The Coming of the Unicorn** Duncan Williamson, 2012-08-30 Stories are something you carry with you something to last your entire life to be passed on to your children and their children for evermore Duncan Williamson came from a family of Travelling People who told stories around the campfire for entertainment and for teaching As a child Duncan learnt the ways of the world through stories My father's knowledge told us how to live in this world as natural human beings not to be greedy not to be foolish not to be daft or selfish by stories In this collection he passes on some of these wonderful children's folk and fairy tales For over sixty years Duncan travelled around Scotland on foot then in a horse and cart and later an old van collecting tales which not only come from the Travelling People but from the crofters farmers and shepherds he met along the way This collection includes tales about cunning foxes and storytelling cats hunchbacked ogres and beautiful unicorns helpful broonies and mysterious fairies rich kings and fearsome warriors as well as those about ordinary folk trying to make their way in the world The stories have been written down as faithfully as possible to Duncan's unique storytelling voice full of colour humour and life

interviews undertaken with him in the 1980s Williamson tells of his birth and upbringing in the west of Scotland his family background as one of Scotland's seminomadic travelling people his varied work experiences after setting out from home at about age fifteen and the challenges he later faced while raising a family of his own living on the road for half the year The recordings on which the book is based were made by John D Niles who was then an associate professor at the University of California Berkeley Niles has transcribed selections from his field tapes with scrupulous accuracy arranging them alongside commentary photos and other scholarly aids making this priceless self portrait of a brilliant storyteller available to the public The result is a delight to read It is also a mine of information concerning a vanished way of life and the place of singing and storytelling in Traveller culture In chapters that feature many colorful anecdotes and that mirror the spontaneity of oral delivery readers learn much about how Williamson and other members of his persecuted minority had the resourcefulness to make a living on the outskirts of society owning very little in the way of material goods but sustained by a rich oral heritage
