Konrad H. Jarausch

The Burden Of German History:

The Burden of German History Konrad H. Jarausch, 2023-04-14 As one of the leading historians of Modern Europe and an internationally acclaimed scholar for the past five decades Konrad H Jarausch presents a sustained academic reflection on the post war German effort to cope with the guilt of the Holocaust amongst a generation of scholars too young to have been perpetrators Ranging from his war time childhood to Americanization as a foreign student from his development as a professional historian to his directorship of the Zentrum für Zeithistorische Forschung and concluding with his mentorship of dozens of PhDs *The Burden of German History* reflects on the emergence of a self critical historiography of a twentieth century Germany that was wrestling with the responsibility for war and genocide This partly professional and partly personal autobiography explores a wide range of topics including the development of German historiography and its methodological debates the interdisciplinary teaching efforts in German studies and the role of scholarly organizations and institutions

The Burden of German History 1919-45 Michael Laffan, 2020-01-08 Originally published in 1988 *The Burden of German History 1919 45* examines the vast literature surrounding Weimar years and the National Socialist tragedy daunting even for the specialist historian or political scientist The essays included in this volume provide an invaluable guide to research of the time and provides a stimulating review of a wide range of topics in modern German cultural political economic and military history The essays are based on a series of lectures given by German and Irish scholars to a conference on the theme Weimar Germany and National Socialism which was held in March 1986 in University College Dublin under the auspices of the Goethe Institute Dublin This book offers a significant commentary on a period of German history which included the exciting and ambivalent freedom of the Weimar society and the repressive murderous uniformity of National Socialism *The Origins of the Second World War Reconsidered* Gordon Martel, 1999 This edition written by leading experts in the field is designed to bring the state of the argument on WW2 up to date Issues discussed include the legacy of Versailles Hitler s foreign policy appeasement A J P Taylor and the Russians When A J P Taylor s *The Origins of the Second World War* appeared in 1961 it made a profound impact The book became a classic and a central point of reference in all discussion on the Second World War The second edition of this distinguished collection written by leading experts in the field is designed to bring the state of the argument up to date The issues discussed include the legacy of the Treaty of Versailles Hitler s foreign policy Appeasement AJP Taylor and the Russians the treatment of the crises leading up to war including the Anschluss Danzig Abyssinian crises and the Spanish Civil War This second edition will ensure that *The Origins of the Second World War* will remain a high priority student and scholarly reading lists *The Burden of German History, 1919-1945* Michael Laffan, 1988

German History in Modern Times William W. Hagen, 2012-02-13 This history of German speaking central Europe offers a very wide perspective emphasizing a succession of many layered communal identities It highlights the interplay of individual society culture and political power contrasting German with Western patterns Rather than treating the Germans as

a collective whole whose national history amounts to a cumulative biography the book presents the pre modern era of the Holy Roman Empire the nineteenth century the 1914 45 era of war dictatorship and genocide and the Cold War and post Cold War eras since 1945 as successive worlds of German life thought and mentality This book s Germany is polycentric and multicultural including the multinational Austrian Habsburg Empire and the German Jews Its approach to National Socialism offers a conceptually new understanding of the Holocaust The book s numerous illustrations reveal German self presentations and styles of life which often contrast with Western ideas of Germany

A History of Modern Germany Dietrich Orlow,2018-07-17 A History of Modern Germany is a well established text that presents a balanced survey of the last 150 years of German history stretching from nineteenth century imperial Germany through political division and reunification and into the present day Beginning in the early 1870s and covering topics such as Wilhelmenian Germany the World Wars revolution inflation and putsches the Weimar Republic the Federal Republic and the German Democratic Republic the book offers a comprehensive overview of the entire period of modern German history Fully updated throughout this new edition details foreign policy political and economic history and includes increased coverage of social and cultural history and history from the bottom up as well as containing a new chapter that brings it right up to the present day The book is supported by full discussion of past and present historiographic debates illustrations maps further readings and biographies of key German political economic and cultural figures within the Im Mittelpunkt feature Fully exploring the complicated path of Germany s troubled past and stable present A History of Modern Germany provides the perfect grounding for all students of German history

Chapters of German History Veit Valentin,2020-06-29 Originally published in 1940 this book covers German history including chapters on Prussi the beginning of the Frankfurt Parliament and the civil war for the constitution

The Weimar Republic Stephen J. Lee,2013-09-13 The Weimar Republic provides a comprehensive introduction to Germany in the aftermath of the First World War Exploring themes including the formation of the Republic the impact of the Treaty of Versailles and the Republic s problems and achievements it is an invaluable study guide This second edition includes two new chapters the first looks at the Chancellors and Presidents of the Republic the second assesses the career of Gustav Stresemann It also contains a timeline and updated analysis to enhance readers understanding of events and controversies Integrating historical interpretation exam style questions and evaluation of sources this book provides students with a clear understanding and a foundation for examination success

The Hitler of History John Lukacs,1998-11-03 A valuable service serious entertaining provocative and distinctive Cleveland Plain Dealer In the fifty years since his suicide amid the ruins of Berlin Adolf Hitler has been the subject of more biographies than any comparable figure of our time and at the center of a crucial historical debate over the nature of evil and moral responsibility in the twentieth century In this brilliant and original book the historian John Lukacs climbs above the fray to produce a definitive history of a history the history of the evolution of our understanding of Hitler s life and our debates about its

meaning Like an expert attorney Lukacs puts the biographies on trial identifying their strengths weaknesses and hidden agendas And through their intersecting and conflicting accounts he addresses the enduring enigmas surrounding the demiurge of the Third Reich Was Hitler a revolutionary or a reactionary How successful was he as a statesman and a strategist What was his primary motive for the extermination of the Jews The Hitler of History answers these questions as fully as any modern work can hope to with an intellectual boldness that makes it absolutely essential to any understanding of the post Hitler world Lukacs is a shrewd historian and an engaging writer a sharp and sober portrait Philadelphia Inquirer

A People's History of the Second World War Donny Gluckstein, 2012-06-14 This history reclaims the Second World War as a global fight from below The vast majority of historical accounts have focused on the regular armies of the allied powers however the often neglected people s militias were crucial not only to the defeat of fascism but also colonialism imperialism and even capitalism Looking at militias in Yugoslavia Greece Poland and Latvia as well as the Warsaw Uprising and anti fascist movements in Germany it presents a different battle fought on different terms Widening its scope to India where an independence movement was shaking an already weak British Empire and onto alternative anti imperialist struggles in Indonesia and Vietnam a global picture of people s resistance is revealed Despite these radical elements the allied governments were more interested in creating a new order to suit their interests and many of these movements were ultimately betrayed However many shook the existing world order to its core The Oxford Handbook of Modern German History Helmut Walser Smith, 2011-09-29 This is the first comprehensive multi author survey of German history that features cutting edge syntheses of major topics by an international team of leading scholars Emphasizing demographic economic and political history this Handbook places German history in a denser transnational context than any other general history of Germany It underscores the centrality of war to the unfolding of German history and shows how it dramatically affected the development of German nationalism and the structure of German politics It also reaches out to scholars and students beyond the field of history with detailed and cutting edge chapters on religious history and on literary history as well as to contemporary observers with reflections on Germany and the European Union and on multi cultural Germany Covering the period from around 1760 to the present this Handbook represents a remarkable achievement of synthesis based on current scholarship It constitutes the starting point for anyone trying to understand the complexities of German history as well as the state of scholarly reflection on Germany s dramatic often destructive integration into the community of modern nations As it brings this story to the present it also places the current post unification Federal Republic of Germany into a multifaceted historical context It will be an indispensable resource for scholars students and anyone interested in modern Germany

The Modernist Imagination Martin Jay, 2009 Some of the most exciting and innovative work in the humanities is occurring at the intersection of intellectual history and critical theory This volume includes work from some of the most prominent contemporary scholars in the humanities *A Short History of the Weimar Republic* Colin Storer, 2024-04-04 It is impossible

to understand the history of modern Europe without some knowledge of the Weimar Republic The brief fourteen year period of democracy between the Treaty of Versailles and the advent of the Third Reich was marked by unstable government economic crisis and hyperinflation and the rise of extremist political movements At the same time however a vibrant cultural scene flourished which continues to influence the international art world through the aesthetics of Expressionism and the Bauhaus movement In the fields of art literature theatre cinema music and architecture not to mention science Germany became a world leader during the 1920s while her perilous political and economic position ensured that no US or European statesman could afford to ignore her Incorporating original research and a synthesis of the existing historiography this revised edition will provide students and a general readership with a clear and concise introduction to the history of the first German Republic

Germany: The Long Road West Heinrich August Winkler, 2007-10-11 Vivid succinct and highly accessible Heinrich Winkler's magisterial history of modern Germany offers the history of a nation and its people through two turbulent centuries It is the story of a country that while always culturally identified with the West long resisted the political trajectories of its neighbours This second and final volume begins at the point of the collapse of the first German democracy and ends with the joining of East and West Germany in the reunification of 1990 Winkler offers a brilliant synthesis of complex events and illuminates them with fresh insights He analyses the decisions that shaped the country's triumphs and catastrophes interweaving high politics with telling vignettes about the German people and their own self perception The two volumes of *Germany: The Long Road West* exploring the history of the German lands from the final days of the Holy Roman Empire to the very first of a reunified state in the late twentieth century will be welcomed by scholars students and anyone wishing to understand a most complex and contradictory past

Gendering Post-1945 German History Karen Hagemann, Donna Harsch, Friederike Brühöfener, 2019-04-02 Although entanglement has become a keyword in recent German history scholarship entangled studies of the postwar era have largely limited their scope to politics and economics across the two Germanys while giving short shrift to social and cultural phenomena like gender At the same time historians of gender in Germany have tended to treat East and West Germany in isolation with little attention paid to intersections and interrelationships between the two countries This groundbreaking collection synthesizes the perspectives of entangled history and gender studies bringing together established as well as upcoming scholars to investigate the ways in which East and West German gender relations were culturally socially and politically intertwined

German History in Global and Transnational Perspective David Lederer, 2017-08-08 This is a collection of essays from three of the world's pre eminent historians of Germany which consider German history in global and transnational contexts It is well known that transnationalism has exploded in the last decade or so as a new academic subfield of international and global history What the transnationalism literature often ignores or downplays however is the role of the nation state in making the transnational possible in the first place as noted in its very etymological origins This volume traces this dynamic from a different vantage

point namely the relationship between German history and transnationalism Each essay applies a transnational framework in fresh and original ways in order to illuminate different facets of the connections between Germany and the wider world in the modern period Together they will encourage the rethinking of assumptions about key moments and developments in the history of modern Germany and foster reflection on the evolving nature of German history as a subject studied in the twenty first century

A History of Modern Germany Martin Kitchen, 2011-01-25 Featuring revised and extended coverage the second edition of A History of Modern Germany offers an accessible and engagingly written account of German history from 1800 to the present Provides readers with a long view of modern German history revealing its continuities and changes Features updated and extended coverage of German social change and modernization class religion and gender Includes more in depth coverage of the German Democratic Republic Examines Germany's social political and economic history Covers the unification of Germany the German Empire the Weimar Republic the Third Reich post war division the collapse of Communism and developments since re unification Addresses regional history rather than focusing on the dominant role of Prussia

The History of German Space Policy Niklas Reinke, 2007

History Education and the Construction of National Identities Mario Carretero, Mikel Asensio, María Rodríguez-Moneo, 2013-01-01 How is history represented As just a record of the past as a part of a present identity or as future goals This book explores how historical contents and narratives are presented in school textbooks and other cultural productions museums monuments etc and also how they are understood by students in the context of increasing globalization In these contemporary conditions the relation between history learning processes in and out of school and the construction of national identities presents an ever more important topic It is being studied by looking at the appropriation of historical narratives which are frequently based on the official history of a nation state Most of the chapters in this volume are educational studies about how the learning of history takes place in school settings of different countries such as Canada France Germany Latin America Spain the Netherlands the United Kingdom and the United States Covering such a broad sample of cultural and national contexts they provide a rich reflection on history as a subject related to patriotism cosmopolitanism both or neither

Current History, 1924

The Top Books of the Year The Burden Of German History The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the captivating narratives that have enthralled audiences this year. The Burden Of German History : Colleen Hoover "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. The Burden Of German History : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. The Burden Of German History : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Pape, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
