Beauteous Daughter of the Ether Passed for ages her existence In the great expanse of heaven O'er the prairies yet enfolded
Wearisome the maiden growing Her existence sad and hopeless Thus alone to live for ages In the infinite expanses Of the air
above the sea foam In the far outstretching spaces In a solitude of ether She descended to the ocean Waves her coach and
waves her pillow Thereupon the rising storm wind Flying from the East in fierceness Whips the ocean into surges Strikes the
stars with sprays of ocean Till the waves are white with fervor **Kalevala: the Epic Poem of Finland (Complete)**

Various Authors, 2020-09-28 The following translation was undertaken from a desire to lay before the English speaking
people the full treasury of epical beauty folklore and mythology comprised in The Kalevala the national epic of the Finns A
brief description of this peculiar people and of their ethical linguistic social and religious life seems to be called for here in
order that the following poem may be the better understood Finland Finnish Suomi or Suomenmaa the swampy region of
which Finland or Fen land is said to be a Swedish translation is at present a Grand Duchy in the north western part of the
Russian empire bordering on Olenetz Archangel Sweden Norway and the Baltic Sea its area being more than 144 000 square
miles and inhabited by some 2 000 000 of people the last remnants of a race driven back from the East at a very early day by
advancing tribes The Finlanders live in a land of marshes and mountains lakes and rivers seas gulfs islands and inlets and
they call themselves Suomilainen Fen dwellers The climate is more severe than that of Sweden The mean yearly temperature
in the north is about 27 F and about 38 F at Helsingfors the capital of Finland In the southern districts the winter is seven
months long and in the northern provinces the sun disappears entirely during the months of December and January The
inhabitants are strong and hardy with bright intelligent faces high cheek bones yellow hair in early life and with brown hair
in mature age With regard to their social habits morals and manners all travellers are unanimous in speaking well of them
Their temper is universally mild they are slow to anger and when angry they keep silence They are happy hearted
affectionate to one another and honorable and honest in their dealings with strangers They are a cleanly people being much
given to the use of vapor baths This trait is a conspicuous note of their character from their earliest history to the present day
Often in the runes of The Kalevala reference is made to the cleansing and healing virtues of the vapors of the heated
bathroom The skull of the Finn belongs to the brachycephalic short headed class of Retzius Indeed the Finn organization has
generally been regarded as Mongol though Mongol of a modified type His color is swarthy and his eyes are gray He is not
inhospitable but not over easy of access nor is he a friend of new fashions Steady careful laborious he is valuable in the mine
valuable in the field valuable oil shipboard and withal a brave soldier on land The Finns are a very ancient people It is
claimed too that they began earlier than any other European nation to collect and preserve their ancient folk lore Tacitus
writing in the very beginning of the second century of the Christian era mentions the Fenni as he calls them in the 46th
chapter of his De Moribus Germanorum He says of them The Finns are extremely wild and live in abject poverty They have no

arms no horses no dwellings they live on herbs they clothe themselves in skins and they sleep on the ground Their only resources are their arrows which for the lack of iron are tipped with bone Strabo and the great geographer Ptolemy also mention this curious people There is evidence that at one time they were spread over large portions of Europe and western Asia
