## **The Break Up Of Czech Democracy:**

**The Break-up of Czech Democracy** Otto Friedman,1971      [The Break-up of Czech Democracy](#) Otto Friedman,1950

*When Democracy Breaks* Archon Fung,David Moss,Odd Arne Westad,2024 This is an open access title available under the terms of a CC BY NC ND 4.0 International licence It is free to read on the Oxford Academic platform and offered as a free PDF download from OUP and selected open access locations Democracy is often described in two opposite ways as either wonderfully resilient or dangerously fragile Both characterizations can be correct depending on the context When Democracy Breaks aims to deepen our understanding of what separates democratic resilience from democratic fragility by focusing on the latter The volume's collaborators experts in the history and politics of the societies covered in their chapters explore eleven episodes of democratic breakdown from ancient Athens to Weimar Germany to present day Russia Turkey and Venezuela Strikingly in every case various forms of democratic erosion long preceded the final democratic breakdown Although no single causal factor emerges as decisive linking together all of the episodes some important commonalities including extreme political polarization explicitly anti democratic political actors and significant political violence stand out across the cases Moreover the notion of democratic culture while admittedly difficult to define and even more difficult to measure may play a role in all of them Throughout the volume the contributors show again and again that the written rules of democracy are insufficient to protect against tyranny While each case of democratic decay is unique the patterns that emerge shed much light on the continuing struggle to sustain modern democracies and to assess and respond to the threats they face

**The Breakup of Czechoslovakia** Robert A. Young,Queen's University (Kingston, Ont.). Institute of Intergovernmental Relations,1994

**The Consolidation of Democracy in East-Central Europe** Karen Dawisha,Bruce Parrott,1997-06-13 Edited by two of the world's leading analysts of post communist politics this book brings together distinguished specialists on the Baltic states Estonia Latvia and Lithuania Poland the Czech Republic Slovakia and Hungary The authors analyse the patterns of post communist democratization in these countries paying particular attention to the process of party formation electoral politics the growth of civil society and the impact of economic reform on the emergence of interest groups Karen Dawisha and Bruce Parrott provide theoretical and comparative chapters on post communist political development across the region This book will provide students and scholars with detailed analysis by leading authorities plus the latest research data on recent political and economic developments in each country

[Ordinary People in Extraordinary Times](#) Nancy G. Bermeo,2020-06-16 For generations influential thinkers often citing the tragic polarization that took place during Germany's Great Depression have suspected that people's loyalty to democratic institutions erodes under pressure and that citizens gravitate toward antidemocratic extremes in times of political and economic crisis But do people really defect from democracy when times get tough Do ordinary people play a leading role in the collapse of popular government Based on extensive research this book overturns the common wisdom It shows that the German experience was

exceptional that people's affinity for particular political positions are surprisingly stable and that what is often labeled polarization is the result not of vote switching but of such factors as expansion of the franchise elite defections and the mobilization of new voters Democratic collapses are caused less by changes in popular preferences than by the actions of political elites who polarize themselves and mistake the actions of a few for the preferences of the many These conclusions are drawn from the study of twenty cases including every democracy that collapsed in the aftermath of the Russian Revolution in interwar Europe every South American democracy that fell to the Right after the Cuban Revolution and three democracies that avoided breakdown despite serious economic and political challenges Unique in its historical and regional scope this book offers unsettling but important lessons about civil society and regime change and about the paths to democratic consolidation today *20 Years since the Fall of the Berlin Wall* Elisabeth Bakke, Ingo Peters, 2011-01-01

**Hauptbeschreibung** On 9 November 1989 the Berlin Wall was opened signalling the beginning of the end of the communist regimes in Central and Eastern Europe By 1990 free elections had been held in most countries in the region Forty in some cases fifty years of communism had come to an end However the revolutions of 1989 were not uniform processes the starting points were different the trajectories were different and outside Central Europe even the outcomes of the transitions from communism were different The fall of communism also caused the Soviet empire to crumble and the Soviet Union itself fell apart in December 1991 as did Czechoslovakia in 1993 and Yugoslavia in a gradual process that was to last from 1991 to 2008 This book originated in a conference held in Oslo 11-13 November 2009 arranged by the E.ON Ruhrgas scholarship programme for political science and commemorating the 20th anniversary of the revolutions in Central and Eastern Europe The 16 chapters take stock of developments after 1989 with special emphasis on the causes and effects of the transitions including the processes of state unification and separation that followed in the wake of the revolutions The book is divided into four main parts regime transitions from communism state unification and separation party system continuity and change since 1989 in Germany the Czech Republic Hungary and Poland and on the effects of German unification on external and internal German relations The geographical scope thus varies from chapter to chapter but the main emphasis is on Germany and its closest Central European neighbours Elisabeth Bakke is Associate Professor at Department of Political Science University of Oslo Ingo Peters is Associate Professor at Department of Political and Social Sciences Otto Suhr Institute of Political Science Freie Universität Berlin

**Three Generations of European Constitutional Courts in Transition to Democracy** Francesco Biagi, 2020-01-02 A comparative perspective of role played by three generations of European Constitutional Courts in the process of transition to democracy *Political Parties and Democracy* Kay Lawson, 2010-07-20

Native scholars explore the relationship between political parties and democracy in regions around the world The development of political parties over the past century is the story of three stages in the pursuit of power liberation democratization and de democratization *Political Parties and Democracy* is comprised of five stand alone volumes that probe

the realities of political parties at all three stages In each volume contributors explore the relationship between political parties and democracy or democratization in their nations providing necessary historical socioeconomic and institutional context as well as the details of contemporary political tensions Contributors are distinguished indigenous scholars who have lived the truths they tell and are thus able to write with unique breadth depth and scope They show the parties of their respective nations as they have developed through history and changing institutional structures and they explain the balance of power among them and between them and competing agencies of power today

*Committees in Post-Communist Democratic Parliaments* David M. Olson, William E. Crowther, 2002 The former Communist countries of Eastern Europe provide a treasure trove of data on the development of democratic institutions The contributors to this volume use the recent experiences of these countries to identify how the various committee systems are structured and tie the relative strength of the committee system in each country to the relative strength of its legislature A uniform theoretical framework connects the work of each essay and ties the parts into an informative whole Comparative analysis based on seven indicators of institutionalization suggests that the committee systems of Hungary Poland and the Czech Republic are more institutionalized than those found elsewhere Bulgaria is a middle case while the parliaments of Moldova Lithuania and Estonia are the least Of the indicators stability in committee membership and extent of committee activity are among the most important for post communist parliaments in their first decade This examination of legislative committees in their beginning stages suggests that the processes of institutionalization are sequenced expertise in a policy sector is the basis of both the assertion of jurisdictional autonomy by committees and the motive for party control of their membership and officer positions Basic to these developments however is the emergence of a stable and consistent structure of the committee system as a whole More broadly committee attributes are closely linked to the condition and functioning of both parliamentary party groups and the government

**American Learned Men and Women with Czechoslovak Roots** Mila Rechcigl, 2020-11-18 Apart from a few articles no comprehensive study has been written about the learned men and women in America with Czechoslovak roots That's what this compendium is all about with the focus on immigration from the period of mass migration and beyond irrespective whether they were born in their European ancestral homes or whether they have descended from them Czech and Slovak immigrants including Bohemian Jews have brought to the New World their talents their ingenuity their technical skills their scientific knowhow and their humanistic and spiritual upbringing reflecting upon the richness of their culture and traditions developed throughout centuries in their ancestral home This accounts for the remarkable success and achievements of these settlers in their new home transcending through their descendants as this monograph demonstrates The monograph has been organized into sections by subject areas i.e. Scholars Social Scientists Biological Scientists and Physical Scientists Each individual entry is usually accompanied with literature and additional biographical sources for readers who wish to pursue a deeper study The selection of individuals has been strictly based on

geographical ground without regards to their native language or ethical background This was because under the Habsburg rule the official language was German and any nationalistic aspirations were not tolerated Consequently it would be virtually impossible to determine their innate ethnic roots or how the respective individuals felt Doing it in any other way would be a mere guessing and thus less objective The Oxford Handbook of European History, 1914-1945 Nicholas Doumanis,2016-05-05 The period spanning the two World Wars was unquestionably the most catastrophic in Europe s history Despite such undeniably progressive developments as the radical expansion of women s suffrage and rising health standards the era was dominated by political violence and chronic instability Its symbols were Verdun Guernica and Auschwitz By the end of this dark period tens of millions of Europeans had been killed and more still had been displaced and permanently traumatized If the nineteenth century gave Europeans cause to regard the future with a sense of optimism the early twentieth century had them anticipating the destruction of civilization The fact that so many revolutions regime changes dictatorships mass killings and civil wars took place within such a compressed time frame suggests that Europe experienced a general crisis The Oxford Handbook of European History 1914 1945 reconsiders the most significant features of this calamitous age from a transnational perspective It demonstrates the degree to which national experiences were intertwined with those of other nations and how each crisis was implicated in wider regional continental and global developments Readers will find innovative and stimulating chapters on various political social and economic subjects by some of the leading scholars working on modern European history today **East Central Europe since 1989** Sabrina P. Ramet,Lavinia Stan,2024-12-12 This groundbreaking treatment of post communist developments in East Central Europe examines politics economics media religious institutions transitional justice gender inequality and literature highlighting the overt functions latent functions and side effects associated with each sphere Communism in East Central Europe had cracks from the beginning as uprisings in East Germany in 1953 and Hungary in 1956 demonstrated But with the establishment of the Independent Trade Union Solidarity in Poland in the Summer of 1980 communism went into steady decline and between 1988 and 1991 crumbled What followed has been an unsteady transition to various forms of often corrupt pluralism with democracy doing best in the Czech Republic with the exception of the years 2017 2021 and Slovenia and worst in Hungary Albania Serbia and Bosnia Herzegovina Drawing on the functionalist theory of Robert K Merton the authors examine what policymakers communist and post communist were or are trying to accomplish the intended and unintended results of these policies and the side effects they have produced This volume will be of interest not only to specialists in East Central Europe but also to graduate and undergraduate students members of the diplomatic corps and general readers **The Political Economy of International Financial Crisis** Shale Asher Horowitz,Uk Heo,2001 The world financial crisis of 1997 99 was the most important international economic event since the oil shocks of the 1970s and the associated debt crisis of the 1980s What were its political causes and consequences In particular how did interest group coalitions and political institutions

affect pre crisis economic policies and post crisis responses This book focuses on how policymaking coalitions are formed and how political institutions mediate the pressure of rival coalitions This approach is applied to 13 countries drawn from the main crisis affected regions of the world economy East Asia Southeast Asia Latin America and Eastern Europe **Preprint of Papers** American Political Science Association. Meeting, 1954 **The Great Global Transformation** Ronald M. Glassman, 2025-05-29 This book explores Karl Polanyi's concept of labor land and money as fictional commodities created by the market Capitalism transformed these elements shifting labor from artisanal crafts to factory wage work land from communal ownership to private property and money from a medium of exchange to capital for profit The book extends Polanyi's vision to modern transformations analyzing the impact of automation Artificial Intelligence and technological advancements on society It examines the great changes in gender sexuality race and religion highlighting the ongoing evolution of social and cultural norms Additionally the book analyzes the complex relationship between free market capitalism and democracy offering insights into the balance of power and the future of democratic governance in a rapidly changing world This book critically analyzes the forces shaping contemporary society It will appeal to students scholars and researchers in political science economics and the social sciences interested in a better understanding of the great global transformation Institutional Design in Post-Communist Societies Jon Elster, Claus Offe, Ulrich K. Preuss, 1998-03-28 The authors of this book have developed a new and stimulating approach to the analysis of the transitions of Bulgaria the Czech Republic Hungary and Slovakia to democracy and a market economy They integrate interdisciplinary theoretical work with elaborate empirical data on some of the most challenging events of the twentieth century Three groups of phenomena and their causal interconnection are explored the material legacies constraints habits and cognitive frameworks inherited from the past the erratic configuration of new actors and new spaces for action and a new institutional order under which agency is institutionalized and the sustainability of institutions is achieved The book studies the interrelations of national identities economic interests and political institutions with the transformation process concentrating on issues of constitution making democratic infrastructure the market economy and social policy Self-Determination in the early 21st Century Uriel Abulof, Karl Cordell, 2018-02-02 In a world in which change is constant the principle of self determination is important Through collective acts of self determination nations exercise the right to govern themselves At present the nation state system with which we are familiar faces several challenges In Western Europe sub state nationalism is on the rise In the Middle East and North Africa the state system bequeathed by former colonial powers faces increasing threats from pan Islamist movements Overall the established order faces unprecedented uncertainties The scholars who have contributed to this volume assess the merits limitations and trajectories of self determination in the twenty first century pointing to the paradoxes and anomalies that are encompassed by what at first sight is a simple and seductive concept From the perspective of the twenty first century and informed by a wealth of experience each of the contributors to this volume offers some

valuable and intriguing observations on the future of self determination and the movements its call engenders This book was published as a special issue of Ethnopolitics      *Democratic Consolidation in Eastern Europe* Jan Zielonka,Alex Pravda,2001 This second volume in a series of books on democratic consolidation in Eastern Europe analyzes the external parameters of such a consolidation in thirteen Eastern European countries It explores how different international actors and various economic cultural and security types of transnational pressures have shaped democratic politics in the region especially over the last decade      **Democracy and Post-Communism** Graeme Gill,2003-08-27 The collapse of communism was widely heralded as the dawn of democracy across the former Soviet region However the political outcome has been much less uniform The post communist states have developed political systems from democracy to dictatorship Using examples and empirical data collected from twenty six former Soviet states Graeme Gill provides a detailed comparative analysis of the core issues of regime change the creation of civil society economic reform and the changing nature of post communism Within these individual cases it becomes clear that political outcomes have not been arbitrary but directly reflect the circumstances surrounding the birth of independence Students of Comparative Politics International Relations and Russian and Post Soviet Studies should find this book essential reading

## Unveiling the Energy of Verbal Beauty: An Mental Sojourn through **The Break Up Of Czech Democracy**

In some sort of inundated with screens and the cacophony of immediate transmission, the profound power and emotional resonance of verbal art frequently fade into obscurity, eclipsed by the continuous assault of noise and distractions. ### **The Break Up Of Czech Democracy Introduction**

In the digital age, access to information has become easier than ever before. The ability to download The Break Up Of Czech Democracy has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Break Up Of Czech Democracy has opened up a world of possibilities. Downloading The Break Up Of Czech Democracy provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Break Up Of Czech Democracy has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Break Up Of Czech Democracy. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Break Up Of Czech Democracy. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Break Up Of Czech Democracy, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to

distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download The Break Up Of Czech Democracy has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### FAQs About The Break Up Of Czech Democracy Books

1. Where can I buy The Break Up Of Czech Democracy books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a The Break Up Of Czech Democracy book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of The Break Up Of Czech Democracy books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are The Break Up Of Czech Democracy audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer

a wide selection of audiobooks.

8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read The Break Up Of Czech Democracy books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
