

THE CROWNING EPIC OF GORGIK THE LIBERATOR

Warrior, statesman, lover, his bold crusades and daring visions banish slavery throughout the ancient empire of Neveryon. Legends of his might and mystery reach the fabled Bridge of Lost Desire—as broken dreams and cherished hope rule those still chained to their own desires....

Grand master Samuel Delany at last reveals the full story of Gorgik, hero of a time long ago—yet a time not so far removed from our own.

"Delany is a master...these new "Neveryon" stories continue to reveal the power of fantasy to express truths of the mind and heart." —*Locus*

"An intricate meditation on the nature of freedom and slavery, of the beguiling differences between love and lust...polished by wit and intellect that fairly gleams." —*San Francisco Chronicle*

The A to Z of Fantasy Literature Brian Stableford,2009-08-13 Once upon a time all literature was fantasy set in a mythical past when magic existed animals talked and the gods took an active hand in earthly

affairs As the mythical past was displaced in Western estimation by the historical past and novelists became increasingly preoccupied with the present fantasy was temporarily marginalized until the late 20th century when it enjoyed a spectacular resurgence in every stratum of the literary marketplace Stableford provides an invaluable guide to this sequence of events and to the current state of the field The chronology tracks the evolution of fantasy from the origins of literature to the 21st century The introduction explains the nature of the impulses creating and shaping fantasy literature the problems of its definition and the reasons for its changing historical fortunes The dictionary includes cross referenced entries on more than 700 authors ranging across the entire historical spectrum while more than 200 other entries describe the fantasy subgenres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies The book concludes with an extensive bibliography that ranges from general textbooks and specialized accounts of the history and scholarship of fantasy literature through bibliographies and accounts of the fantasy literature of different nations to individual author studies and useful websites
