

The British Prime Minister

Dick Leonard

The British Prime Minister:

The Impossible Office? Anthony Seldon, Jonathan Meakin, Ilias Thoms, 2021-04 How and why has the office of British Prime Minister lasted an incredible 300 years Who have been the best and worst *The British Prime Minister* Anthony King, Anthony Stephen King, 1985 The British prime minister is universally acknowledged to be the most powerful single individual in the British system of government but very little is known about what goes on behind the closed door at 10 Downing Street As Anthony King points out there are few articles let alone books on the prime ministership available to students of British politics either in the UK or the US As the preface to the American edition states while the British prime minister and the American president do resemble each other in some ways it is important right at the start to recognize the profound differences between them *The British Prime Minister in the Core Executive* Birgit Bujard, 2018-07-21 This book examines the UK prime minister's political leadership in the domestic executive By offering a comparative study of the political leadership of James Callaghan Margaret Thatcher John Major and Tony Blair with regard to European monetary policy it challenges the thesis that British prime ministers today have more power resources and autonomy than their predecessors giving them a greater capacity to act Taking key European monetary policy decisions by the British government between 1976 and 2007 as empirical cases the book assesses the extent to which the political leadership of each prime minister was affected by the cabinet the parliamentary party as well as the media and the extent to which he or she was able to manage these factors It becomes clear from this analysis that prime ministerial predominance is not as frequent as suggested while collective leadership does not represent a return to cabinet government Moreover particularly the party in government affects the prime minister's leadership by shaping his or her options on appointments and therefore the composition of the core executive and through its behaviour in parliament e.g. through rebellions or the threat of them

The British Prime Minister in an Age of Upheaval Mark Garnett, 2021-03-11 In this timely book Mark Garnett provides a bracing reassessment of the role of the British Prime Minister from Margaret Thatcher's controversial tenure to Boris Johnson's attempt to confront a pandemic with a ministerial team created to face the very different challenge of Brexit Taking a thematic approach Garnett explores the impact of major political developments and personalities on key aspects of prime ministerial functions as party leader Cabinet maker chief diplomat and electoral talisman Much of the controversy over the position of Prime Minister he concludes arises from a confusion between the occupant's inescapable political prominence and his or her often limited ability to achieve positive policy outcomes With both David Cameron and Theresa May forced to resign since 2016 the book questions whether the nature of the job has become a deterrent for politicians who are motivated by a desire to serve the British public opening the way for individuals with much less laudable motivations *The British Prime Minister* Anthony King, 1969 **Churchill to Major** R. L. Borthwick, 1995 Eight essays explore how the office of British prime minister has changed under the ten holders of the office over the past half century in its relationship to the

cabinet Parliament Whitehall the parties the public and the world beyond the shore The first essay reviews the characteristics of the office as typically described by historians and political scholars the last considers whether the changes noted are fundamental and whether they are part of an evolution or just adjustments to conditions and the holder's personality and situation Paper edition unseen 21 95 Annotation copyright by Book News Inc Portland OR

Facts about the British Prime Ministers Dermot J. T. Englefield, Janet Seaton, Isobel White, 1995

Churchill to Major: The British Prime Ministership since 1945 R.L. Borthwick, Martin Burch, Philip Giddings, 2016-09-16 This text summarizes the research on and experiences of democratic legislatures around the world It focuses on what legislatures are and what they do as both consequence of and contributor to democratic self government

British Prime Ministers From Balfour to Brown Robert Pearce, Graham Goodlad, 2013-09-02 The origins of the post of Prime Minister can be traced back to the eighteenth century when Sir Robert Walpole became the monarch's principal minister From the dawn of the twentieth century to the early years of the twenty first however both the power and the significance of the role have been transformed British Prime Ministers from Balfour to Brown explores the personalities and achievements of those twenty individuals who have held the highest political office between 1902 and 2010 It includes studies of the dominant premiers who helped shape Britain in peace and war Lloyd George Churchill Thatcher and Blair as well as portraits of the less familiar from Asquith and Baldwin to Wilson and Heath Each chapter gives a concise account of its subject's rise to power ideas and motivations and governing style as well as examining his or her contribution to policy making and handling of the major issues of the time Robert Pearce and Graham Goodlad explore each Prime Minister's interaction with colleagues and political parties as well as with Cabinet Parliament and other key institutions of government Furthermore they assess the significance and current reputation of each of the premiers This book charts both the evolving importance of the office of Prime Minister and the continuing restraints on the exercise of power by Britain's leaders These concise accessible and stimulating biographies provide an essential resource for students of political history and general readers alike

West European Prime Ministers G.W. Jones, 2025-09-12 West European Prime Ministers 1991 examines the roles played by the prime ministers of seven West European countries Britain Germany France Italy Spain Holland and Ireland In addition three general chapters provide a comparative perspective The main focus is on the power of the prime ministers Their many and various resources such as their formal authority their political influence their administrative support and their personal skills and the constraints on their use of these powers are all examined and analysed The book also examines the people and organisations prime ministers have dealings with from cabinets ministers parliaments and parties to the civil service pressure groups and the public and appraises how well other power centres are resources or supports for the prime minister It explores the backgrounds and career patterns of prime ministers and the part they play in different policy areas It assesses trends in prime ministerial power over the last decade and reveals the significance of the personality of the prime minister

Modern British Prime Ministers from Balfour to

Johnson Dick Leonard, 2021-11-22 Dick Leonard's *Modern British Prime Ministers from Balfour to Johnson* surveys the lives and careers of all the 24 Prime Ministers from Arthur Balfour to Boris Johnson in succinct informative and entertaining chapters. Bringing to life the political achievements and personal idiosyncrasies of Britain's rulers over the 20th and 21st centuries, the author recounts the circumstances which took them to the pinnacle of British political life, probes their political and personal strengths and weaknesses, assesses their performance in office and asks what lasting influence they have had. Along the way, Leonard entertains and informs, revealing little known facts about the private lives of each of the Prime Ministers, for example, which two Premiers, one Tory, one Labour, were taught by the same governess as a child; Who was thrashed at his public school for writing pornography and later donated one fifth of his wealth to the nation; Who was awarded a fourth class degree at Oxford and went on to father eight children; Who was described by his son as probably the greatest natural Don Juan in the history of British politics. This book can also form part of a two volume set published by Routledge including the companion volume *British Prime Ministers from Walpole to Salisbury: The 18th and 19th Centuries*. This book will be of key interest to scholars, students and readers of British political history, the Executive government and British politics.

British Polity, The, CourseSmart eTextbook Philip Norton, 2015-10-30 This book provides a clear conceptual framework for the understanding of British politics influenced in broad terms by a systems approach to public policy. It considers the bodies responsible for scrutinizing and legitimizing the policies of the U.K. government, Parliament and the monarchy.

Britain and World Power since 1945 David M. McCourt, 2014-08-18 Though Britain's descent from global imperial power began in World War II and continued over the subsequent decades with decolonization, military withdrawal and integration into the European Union, its foreign policy has remained that of a Great Power. David M. McCourt maintains that the lack of a fundamental reorientation of Britain's foreign policy cannot be explained only by material or economic factors or even by an essential British international identity. Rather, he argues, the persistence of Britain's place in world affairs can best be explained by the prominent international role that Britain assumed and into which it was thrust by other nations, notably France and the United States. Over these years, using a role-based theory of state action in international politics based on symbolic interactionism and the work of George Herbert Mead, *Britain and World Power since 1945* puts forward a novel interpretation of Britain's engagement in four key international episodes: the Suez Crisis of 1956, the Skybolt Crisis of 1962, Britain's second application to the European Economic Council in 1966-67, and Britain's reinvansion of the Falklands in 1982. McCourt concludes with a discussion of international affairs since the end of the Cold War and the implications for the future of British foreign policy.

[Biographical Dictionary of British Prime Ministers](#) Robert Eccleshall, Graham S. Walker, 1998 A wide ranging comprehensive guide to the political lives of Britain's prime ministers.

British Cabinet Government Simon James, 2002-01-04 Fully revised and up-dated, this new edition of Simon James' comprehensive and accessible text continues to provide an excellent insight into this central topic of British politics. It draws

on the wealth of new material that has become available in recent years to shed light on the mechanisms structure and realities of the Cabinet system in Britain from 1945 to the present 1945 Its coverage includes ministers and their departments collective decision making the role of the Prime Minister the strengths and weaknesses of the Cabinet system the future of the Cabinet system British Cabinet Government will give both A level students and undergraduates a clear understanding of the realities of this central aspect of British politics History, Religion and Identity in Modern Britain

Keith Robbins,1993-01-01 They complement and elaborate themes developed in Keith Robbins books **Analyzing Politics**

Exploring British Politics Mark Garnett,Peter Dorey,2016-04-14 Exploring British Politics is a concise comprehensive and accessible guide to the subject Fully updated and revised the new edition covers the 2015 general election and recent developments in the role of political parties changes in party ideology the UK s relationship with the European Union and the future of the UK itself Designed to stimulate critical analysis and provoke lively debate it provides new perspectives on two key themes the health of British democracy and the transition from traditional models of government to more flexible forms of governance The special features of the new edition include Comprehensive analysis of the 2015 general election and the 2014 referendum on Scottish independence A focus on topical controversies such as the relationship between politicians and the media and the arguments for and against Human Rights legislation Explanation of the ways in which British governments have responded to dramatic social change and to serious economic challenges in an era of globalisation Extensive guides to further reading at the end of each chapter Whilst it provides the essential historical background for a full understanding of British politics contemporary issues are to the fore throughout and readers are encouraged to scrutinise what is often taken for granted and to develop their own thoughts and ideas Whether studying the subject for the first time or revisiting it Exploring British Politics is the ideal undergraduate text **The British Presidency** Michael Foley,2000 The Premiership

of Tony Blair has not only reaffirmed previous trends towards leader centered parties and governments it has provided a decisive change in the development of a British presidency The strategies and techniques designed to secure and expand Blair s public outreach together with the priority attached to the prime minister s personal pledges and individual vision have propelled the office into new dimensions of independence Michael Foley argues that the ascendancy of Blair is not an aberration but rather a culmination of trends that have established vigorous leadership as a key criterion of political evaluation and governing competence This edition is completely up to date including the first convincing analysis of Tony Blair s leadership style **The Cabinet Office and the centre of Government** Great Britain: Parliament: House of Lords: Select Committee on the Constitution,2010-01-29 The House of Lords Constitution Committee have today published their 4th

report of the 2009 10 session on The Cabinet Office and the Centre of Government HLP 30 ISBN 9780108459320 in which they suggest that power within the cabinet has become increasingly centralised to the Prime Minister and recommend that structures of accountability should be reformed to mirror that change The Committee expresses support for the principles of collective responsibility but recognise that increasingly the Cabinet Office has become responsible for overseeing the delivery of government policy across departments They stress that accountability mechanisms within the UK constitution are not set up to reflect this new reality with parliamentary and select committee scrutiny based on individual Ministers reporting to Parliament for activities within their departments The Committee also considers the role of the Minister for the Cabinet Office and state that the responsibilities of the post are currently poorly defined They recommend that the Government reassess the functions of the Minister for the Cabinet Office to ensure that the postholder's responsibilities accurately reflect the strategic role the Cabinet Office plays in delivering government policy The report goes on to consider the approach taken to changes to the machinery of government and the change in the role and function of the Lord Chancellor which took place during Tony Blair's time as Prime Minister The Committee states that the process of change involved wholly inadequate consultation both within government and with the senior judiciary and further states that there was no justification for failure to consult on these important reforms The Committee recommends that in future the Cabinet Office should play a formal role in investigating any machinery of government changes particularly those with constitutional implications
