The Broadening Church

A Study of Theological Issues in the
Presbyterian Church Since 1869

Lefferts A. Loetscher

The Broadening Church

Raphael G. Warnock

The Broadening Church:

The Broadening Church Lefferts A. Loetscher, 2016-11-11 The far reaching social and intellectual changes in the United States since the Civil War have had a definite effect upon the religious thought of American churches In this volume a distinguished scholar and theologian has undertaken an inductive study of theological issues in one of the major denominations the Presbyterian church in the United States of America Since this church was in the thick of the social and intellectual ferment that changed the living and thinking habits of Americans much that transpired in it finds broad parallels in other leading American churches Thus the story of the Presbyterian church is in essence a kind of theological barometer of American history Avoiding sweeping generalizations Lefferts A Loetscher briefly traces the history of the Presbyterian church from its founding by New England Puritans on Long Island in the 1640s to the disruption of 1837 and the wedding day of Old School and New School Presbyterians in 1870 following the reunion of 1869 From this point he examines in detail the development of the church analyzing the controversies that occurred over the years interpreting the various theological issues that led to disputes *The Broadening Church* Lefferts Augustine Loetscher, 1954 The Broadening Church

Lefferts Augustine Loetscher, 1954 **The Pluralistic Vision** Milton J. Coalter, John M. Mulder, Louis Weeks, 1992-01-01 Essays in this valuable book examine the results of research on theological education in the twentieth century spiritual formation among seminarians and the changing nature of Presbyterian related colleges Several essays review Christian education among Presbyterians focusing on the forming of curricula and publications from denominational presses Through its examination of American Presbyterianism the Presbyterian Presence series illuminates patterns of change in mainstream Protestantism and American religious and cultural life in the twentieth century Selections from Friedrich

Schleiermacher's Christian Ethics Friedrich Schleiermacher, 2011-01-01 Brandt presents important selections from German theologian Schleiermacher's Christian Ethics a work that moves beyond formal matters to offer a comprehensive analysis of ethical issues including what constitutes moral action for individuals in relation to the family the state the school the church and society This edition also includes James Brandt's in depth introductory essay describing the role of Christian Ethics in Schleiermacher's overall corpus its place in the history of Christian ethical reflection and its structure and character

Machen's Hope Richard E. Burnett, 2024-05-21 The first critical biography of J Gresham Machen examining the full arc of his intellectual career J Gresham Machen is known as a conservative hero of the fundamentalist modernist controversy But was he always so staunchly antimodernist In this sweeping new biography Richard E Burnett examines the whole of Machen's life and career from his early years at Princeton to his experience in the First World War to his founding of Westminster Theological Seminary Burnett pays special attention to topics that have received little attention from biographers like Machen's crisis of faith and his support for historical criticism of Scripture Incorporating all of Machen's major works as well as his previously unpublished private correspondence Burnett crafts a nuanced narrative of Machen's intellectual journey

from enthusiastic modernist to stalwart conservative Nuanced and thorough Machen's Hope will challenge scholars assumptions about Machen and his dynamic era **Here I Am, Lord, Send Me** Neal D. Presa, 2012-10-03 Church leadership and authority have been perennial theological issues facing Protestant churches of the Reformed tradition since the sixteenth century What is ordination and what occurs when the Church ordains women and men to offices are questions that Reformed churches have attempted to answer for over five hundred years In **Here I Am Lord Send Me** Neal Presa combs the rich confessional constitutional and theological tradition of the Reformed churches He critiques previous methods that have tried to answer questions of the meaning of ordination and then proposes a new methodology that focuses on the ritual and stories of ordination the shape and content of an assembly's worship This work provides pathways for deeper and helpful engagement with present church debates and ecumenical discussions on ordination and ecclesiastical authority Minutes of the General Assembly of the Presbyterian Church in the United States Presbyterian Church in the U.S. General Assembly, 1911 Issues for 1865 include directory **Piety and Profession** Glenn Miller, 2007-06-11 From the urbanization of the Gilded Age to the upheavals of the Haight Ashbury era this encyclopedic work by Glenn Miller takes readers on a sweeping journey through the landscape of American theological education highlighting such landmarks as Princeton Andover and Chicago and such fault lines as denominationalism science and dispensationalism The first such exhaustive treatment of this time period in religious education **Piety and Profession** is a valuable tool for unearthing the key trends from the Civil War well into the twentieth century All those involved in theological education will be well served by this study of how the changing world changed educational patterns **The Divided Mind of the Black Church** Raphael G. Warnock, 2020-11-03 A revealing look at the identity and mission of the Black church What is the true nature and mission of the church Is its proper Christian purpose to save souls or to transform the social order This question is especially fraught when the church is one built by an enslaved people and formed from its beginning at the center of an oppressed community's fight for personhood and freedom Such is the central tension in the identity and mission of the Black church in the United States For decades the Black church and Black theology have held each other at arm's length Black theology has emphasized the role of Christian faith in addressing racism and other forms of oppression arguing that Jesus urged his disciples to seek the freedom of all peoples Meanwhile the Black church even when focused on social concerns has often emphasized personal piety rather than social protest With the rising influence of white evangelicalism biblical fundamentalism and the prosperity gospel the divide has become even more pronounced In **The Divided Mind of the Black Church** Raphael G Warnock Senior Pastor of the historic Ebenezer Baptist Church the spiritual home of the Rev Dr Martin Luther King Jr traces the historical significance of the rise and development of Black theology as an important conversation partner for the Black church Calling for honest dialogue between Black and womanist theologians and Black pastors this fresh theological treatment demands a new look at the church's essential mission **The Blackwell Companion to Religion in America** Philip Goff, 2010-03-25

This authoritative and cutting edge companion brings together a team of leading scholars to document the rich diversity and unique viewpoints that have formed the religious history of the United States. A groundbreaking new volume which represents the first sustained effort to fully explain the development of American religious history and its creation within evolving political and social frameworks. Spans a wide range of traditions and movements from the Baptists and Methodists to Buddhists and Mormons. Explores topics ranging from religion and the media, immigration and piety, though to politics and social reform. Considers how American religion has influenced and been interpreted in literature and popular culture. Provides insights into the historiography of religion but presents the subject as a story in motion rather than a snapshot of where the field is at a given moment.

Fundamentalism and American Culture George M. Marsden, 1982. Chronicles the history of the fundamentalist movement in the United States and discusses how the social, political, and intellectual aspects of Protestant fundamentalism affected the movement.

The Morally Divided Body Michael Root, James J. Buckley, 2012-09-01. At the same time as Catholic and evangelical Christians have increasingly come to agree on issues that divided them during the sixteenth century reformation, they seem increasingly to disagree on issues of contemporary morality and ethics. Do such arguments doom the prospects for realistic full communion between Catholics and evangelicals? Or are such disagreements a new opportunity for Catholics and evangelicals to convert together to the triune God's word and work on the communion of saints for the world? Or should our hope be different than simple pessimism or optimism? In this volume, eight authors address different aspects of these questions, hoping to move Christians a small step further toward the visible unity of the church.

Biblical Theology: New Testament Chester Lehman, 2018-11-30

The Spirit of American Liberal Theology Gary Dorrien, 2023-09-05. The Spirit of American Liberal Theology is an interpretation of the entire U.S. American tradition of liberal theology. A highly condensed and far more accessible summary of Gary Dorrien's three-volume trilogy *The Making of American Liberal Theology*. Westminster John Knox Press, 2001, 2003, and 2006. Dorrien here presses the argument that the most abundant, diverse, and persistent tradition of liberal theology is the one that blossomed in the United States and is still refashioning itself. While discussions of English and German liberalism persist, new material includes expanded treatment of the Black social gospel, the Universalists' developments into early 2020s, and a robust expression of the author's post-Hegelian liberal liberationist perspective.

Divided Hearts Michael Cassity, Danney Goble, 2014-10-22. Guided by a penchant for self-reflection and thoughtful discussion, Presbyterians have long been pulled in conflicting directions in their perceptions of their shared religious mission, with a tension that sometimes divides hearts as well as congregations. In this first comprehensive history of the Presbyterian Church in Oklahoma, historians Michael Cassity and Danney Goble reveal how Oklahoma Presbyterians have responded to the demands of an evolving society, a shifting theology, and even a divided church. Beginning with the territorial period, Cassity and Goble examine the dynamics of Presbyterian missions among the Five Tribes in Indian Territory and explain how Presbyterians differed from other denominations. As they trace the Presbyterian journey, they

examine the way Presbyterians addressed the evil of slavery and the dispossession of Oklahoma's Indians the challenges of industrial society the modern issues of depression war and racial injustice and concerns of life and faith with which other Americans have also struggled An insightful and independent history that draws upon firsthand accounts of congregations and church members across the state *Divided Hearts* attests to the courage of Presbyterians in dealing with their struggles and shows a church very much at work and at home in Oklahoma *The Church School Journal*, 1914 [Practicing Gospel](#) Edward Farley, 2003-01-01 *Practicing Gospel* is a collection of four new and eight previously published essays on the subjects of practical theology homiletics and worship Christian education and pastoral care Edward Farley offers a more faithful approach to the tasks of ministry for seminarians and pastors too often tempted to equate pastoral care with popular psychology good preaching with snappy public speaking or Christian education with flashy curriculum By holding theology and practice in an inescapable partnership Farley rightly refocuses the church's life on its proper object and subject a mysterious transforming God **The Ontology of the Church in Hans Küng** Corneliu C. Simuț, 2007 This book investigates the signs of the church in the theology of Hans Küng as described in his *The Church* 1967 As Küng does not go beyond the traditional signs of the church the author makes a thorough analysis of the unity catholicity holiness and apostolicity of the church with plentiful references to other contemporary theologians such as Karl Rahner Hans Urs von Balthasar Edward Schillebeeckx Henri de Lubac Yves Congar and even Joseph Ratzinger The relevance of the book consists in its approach to classical theological issues which lay the foundation for a contemporary reassessment of the church The author is concerned not to defend particular doctrines but to see how Küng's theology of the signs of the church fits within the context of his time **A Religious History of the American People** Sydney E. Ahlstrom, 2004-01-01 This classic work winner of the 1973 National Book Award in Philosophy and Religion and *Christian Century*'s choice as the Religious Book of the Decade 1979 is now issued with a new chapter by noted religious historian David Hall who carries the story of American religious history forward to the present day Praise for the earlier edition An unusual and praiseworthy book It takes a modern almost anthropological view of history in which worship is a part of a web of culture along with play love dress and language B A Weisberger *Washington Post Book World* The most detailed most polished of the works in its tradition Martin E Marty *New York Times Book Review* An intellectual delight that one does not so much read as savor America The definitive one volume study by the leading authority *Christianity Today* No one writing or thinking hereafter about America's past will be able to ignore Ahlstrom's magisterial account of the religious element *American Historical Review*

Unveiling the Energy of Verbal Beauty: An Emotional Sojourn through **The Broadening Church**

In some sort of inundated with screens and the cacophony of instantaneous transmission, the profound power and psychological resonance of verbal artistry usually fade in to obscurity, eclipsed by the regular assault of sound and distractions. Yet, nestled within the musical pages of **The Broadening Church**, a interesting function of fictional elegance that pulses with raw feelings, lies an memorable trip waiting to be embarked upon. Penned by a virtuoso wordsmith, that mesmerizing opus guides viewers on a psychological odyssey, gently exposing the latent possible and profound affect embedded within the complex web of language. Within the heart-wrenching expanse of this evocative examination, we can embark upon an introspective exploration of the book is main subjects, dissect its captivating writing design, and immerse ourselves in the indelible impact it leaves upon the depths of readers souls.
