Tōson Shimazaki, 1990 **Rebirth through self-dismantlement** Hiroko Krasnow, 1989 **The broken commandment**
Lady Angela Selina Bianca Forbes, 1910 **The Dawn that Never Comes** Michael K. Bourdaghs, 2003 A critical rethinking
of theories of national imagination *The Dawn That Never Comes* offers the most detailed reading to date in English of one of
modern Japan's most influential poets and novelists Shimazaki Toson 1872-1943 It also reveals how Toson's works influenced
the production of a fluid shifting form of national imagination that has characterized twentieth century Japan Analyzing
Toson's major works Michael K Bourdaghs demonstrates that the construction of national imagination requires a complex
interweaving of varied and sometimes contradictory figures for imagining the national community Many scholars have shown
for example that modern hygiene has functioned in nationalist thought as a method of excluding foreign others as diseased
This study explores the multiple images of illness appearing in Toson's fiction to demonstrate that hygiene employs more
than one model of pathology and it reveals how this multiplicity functioned to produce the combinations of exclusion and
assimilation required to sustain a sense of national community Others have argued that nationalism is inherently ambivalent
and self contradictory Bourdaghs shows more concretely both how this is so and why it is necessary and provides in the
process a new way of thinking about national imagination Individual chapters take up such issues as modern medicine and
the discourses of national health ideologies of the family and its representation in modern literary works the gendering of the
canon of national literature and the multiple forms of space and time that narratives of national history require *Japanese*
Culture Paul Varley, 2000-03-01 For nearly three decades *Japanese Culture* has garnered high praise as an accurate and well
written introduction to Japanese history and culture This widely used undergraduate text is now available in a new edition
Thoroughly updated the fourth edition includes expanded sections on numerous topics among which are samurai values Zen
Buddhism the tea ceremony Confucianism in the Tokugawa period the story of the forty seven ronin Mito scholarship in the
early nineteenth century and mass culture and comics in contemporary times *The Broken Commandment* Joseph Carl
McMullen, 1926 **Narrating the Self** Tomi Suzuki, 1996 *Narrating the Self* examines the historical formation of modern
Japanese literature through a fundamental reassessment of its most characteristic form the I novel an autobiographical
narrative thought to recount the details of the writer's personal life thinly veiled as fiction Closely analysing a range of texts
from the late nineteenth century through to the present day the author argues that the I novel is not a given form of text that
can be objectively identified but a historically constructed reading mode and cultural paradigm that not only regulated the

production and reception of literary texts but also defined cultural identity and national tradition. Instead of emphasising as others have the thematic and formal elements of novels traditionally placed in this category, she explores the historical formation of a field of discourse in which the I novel was retroactively created and defined. The Broken Commandment ... Second Impression Lady afterwards SAINT CLAIRE ERSKINE FORBES (Angela Selina Blanche), 1910 *From Book to Screen* Keiko I. McDonald, 2016-09-16 Of all the world's cinemas Japan's is perhaps unique in its closeness to the nation's literature past and contemporary. The Western world became aware of this when Akira Kurosawa's *Rashomon* was awarded the Grand Prize at the Venice film festival in 1951 and the Oscar for best foreign film in 1952. More recent examples include Shohei Imamura's *Eel* which won the Palm d'Or Best Picture at Cannes in 1997. *From Book to Screen* breaks new ground by exploring important connections between Japan's modern literary tradition and its national cinema. The first part offers an historical and cultural overview of the working relationship that developed between pure literature and film. It deals with three important periods in which filmmakers relied most heavily on literary works for enriching and developing cinematic art. The second part provides detailed analyses of a dozen literary works and their screen adoptions. **Nakagami, Japan** Anne McKnight, 2011 How Japan's most canonical postwar writer brought that country's largest social minority into the mainstream. **Sōseki** John Nathan, 2018-05-15 Natsume Sōseki 1867-1916 was the father of the modern novel in Japan, chronicling the plight of bourgeois characters caught between familiar modes of living and the onslaught of Western values and conventions. Yet even though generations of Japanese high school students have been expected to memorize passages from his novels and he is routinely voted the most important Japanese writer in national polls, he remains less familiar to Western readers than authors such as Kawabata, Tanizaki, and Mishima. In this biography John Nathan provides a lucid and vivid account of a great writer laboring to create a remarkably original oeuvre in spite of the physical and mental illness that plagued him all his life. He traces Sōseki's complex and contradictory character, offering rigorous close readings of Sōseki's groundbreaking experiments with narrative strategies, irony, and multiple points of view, as well as recounting excruciating hospital stays and recurrent attacks of paranoid delusion. Drawing on previously untranslated letters and diaries, published reminiscences, and passages from Sōseki's fiction, Nathan renders intimate scenes of the writer's life and distills a portrait of a tormented yet unflaggingly original author. The first full-length study of Sōseki in fifty years, Nathan's biography elevates Sōseki to his rightful place as a great synthesizer of literary traditions and a brilliant chronicler of universal experience, who no less than his Western contemporaries anticipated the modernism of the twentieth century. *The Kiso Road* William E. Naff, 2010-11-30 William E. Naff, the distinguished scholar of Japanese literature, widely known and highly regarded for his eloquent translations of the writings of Shimazaki Toson (1872-1943), spent the last years of his life writing a full-length biography of Toson. Virtually completed at the time of his death, *The Kiso Road* provides a rich and colorful account of this canonic novelist who, along with Natsume Sōseki and Mori Ogai, formed the triumvirate of writers regarded as giants in Meiji

Japan all three of whom helped establish the parameters of modern Japanese literature Professor Naff's biography skillfully places Toson in the context of his times and discusses every aspect of his career and personal life as well as introducing in detail a number of his important but as yet untranslated works Toson's long life his many connections with other important Japanese artists and intellectuals his sojourn in France during World War I and his later visit to South America permit a biography of depth and detail that serves as a kind of cultural history of Japan during an often turbulent period The Kiso Road as approachable and exciting as any novel with Toson himself as its complex protagonist is arguably the most thorough account of any modern Japanese writer presently available in English

The Ten Loves of Nishino Hiromi

Kawakami,2019-06-04 The story of an enigmatic man through the voices of ten remarkable women who have loved him at one point in their lives Each woman has succumbed even if only for an hour to that seductive imprudent and furtively feline man who drifted so naturally into their lives Still clinging to the vivid memory of his warm breath and his indecipherable sentences ten women tell their stories as they attempt to recreate the image of the unfathomable Nishino Like a modern Decameron this humorous sensual and touching novel by one of Japan's best selling and most beloved writers is a powerful and embracing portrait of the human comedy in ten voices Driven by desires that are at once unique and common the women in this book are modern familiar to us and still mysterious A little like Nishino himself Winner 2020 Pen Translation Prize Praise for The Ten Loves of Nishino If you like Haruki Murakami and Yoko Ogawa it's a safe bet that you'll love The Ten Loves of Nishino DozōDomo France Agile inventive fiction Booklist An intriguing portrayal of romantic attachment The New Yorker The women in this collection are vibrant lusty and clearly the agents of their own love lives Kawakami's novel treats its feminist themes with a light hand but still slyly lands its points Kirkus Reviews
