**The Broken Places** Susan Perabo, 2001-11-03 Susan Perabo's short story collection *Who I Was Supposed to Be* was named a Best Book of 1999 by the Los Angeles Times, The Miami Herald, and the St. Louis Post Dispatch. The Boston Globe proclaimed the debut a stunning introduction to a fresh new literary talent. Now Susan Perabo returns with *The Broken Places*, her eagerly anticipated novel about love and honor and how the aftermath of one terrifying night and one heroic act affects a close-knit family. Twelve-year-old Paul Tucker knows his family is something akin to royalty in small-town Casey, Pennsylvania. His father, Sonny, is a dedicated career fireman in line for the position of chief, long held by Paul's late grandfather, a local legend whose heroics continue to occupy the hearts and minds of all who knew and worked with him. Paul's mother, Laura, is a math teacher at the high school. Paul is sometimes annoyed by her worries over him and her apparent lack of worry over his father, but his life is generally untroubled, his future bright, his time measured by sport seasons. But on a windy October day, the collapse of an abandoned farmhouse forever alters the fates and perceptions of Paul, his family, and those closest to them. Sonny and the other Casey firemen attempt a dangerous rescue to reach a teenager buried under the rubble, and when Sonny himself is trapped by a secondary collapse, Paul, his mother, and the crowd of onlookers believe the worst. The wait is excruciating; it's baby Jessica all over again, but this time the innocent victim is sixteen-year-old Ian Finch, a swastika-tattooed hoodlum who may have brought the house down on himself while building bombs. Still, when Sonny emerges from the rubble hours later, the maimed teenager in his arms, the rescue becomes a minor miracle and a major public relations event, a validation of all things American and true. Sonny is immediately hailed as a national hero. And Paul's life is suddenly and irrevocably changed. Beyond the limelight, the parades, and the intrusion of the national media into a quiet and predictable life, the Tucker household balance is upset. And Ian Finch's curious and continued involvement in Sonny's life creates a new and troubling set of hurdles for Paul to overcome. Somehow, though his father has been saved, he continues to slip through Paul's fingers. Secrets, lies, and changing alliances threaten Paul's relationship with his father and his mother and his understanding of what holds a family and a town together. *The Broken Places* is a brilliant meditation on the psychology of heroism, the definition of family, and the true meaning of honor. With pitch-perfect dialogue, subtle but stunning insights, and a dazzling ability to uncork the quiet power of each character, Susan Perabo's *The Broken Places* uncovers and celebrates the unsettling truths of human nature.

**The Broken Places** Mia Sheridan, 2024-10-29 In this twisted journey into the shadows of the Golden Gate, an inspector and an FBI agent must track down the source of an unknown drug, but their attraction and their own secrets keep getting in the way. The streets of San Francisco aren't as sunny as the city pretends they are. Inspector Lennon Gray has learned this the hard way, and it's starting to wear on her. When a new case plunges her into the depths of the transient community, Lennon must once again face ugly truths about humanity. Her new partner makes things a little easier, though Agent Ambrose Mars is charming, innocent, somehow, despite his own hard years in the field. The combination

leaves Lennon fascinated and disturbed at the same time and she's even more drawn to him for it. As they investigate the hallucinogenic drug that's forcing homeless citizens into bizarre and dangerous role plays, Lennon and Ambrose find their relationship intensified with every new twist. But when these revelations begin to uncover secrets she wasn't prepared to know, Lennon will have to decide how much more she can take before something important is taken from her.

**Strong at the Broken Places** Selwyn Hughes, 2003-04 *The Broken Places* Frances Peck, 2022-04 Vancouver. A day like any other. Kyle, a successful cosmetic surgeon, is punishing himself with a sprint up a mountain. Charlotte, wife of a tech tycoon, is combing the farm belt for local cheese and a sense of purpose. Back in the city, their families go about their business: landscaping, negotiating deals, skipping school. It's a day like any other until suddenly it's not. When the earthquake hits, the city erupts in chaos and fear. Kyle's and Charlotte's families, along with two passersby, are thrown together in an oceanfront mansion. The catastrophe and conflicts that beset these wildly different people expose the fault lines beneath their relationships as they question everything in an effort to survive and reunite with their loved ones stranded outside the city. Frances Peck's debut novel recalls the humanism of Ann Patchett while interrogating the excesses of the nouveau riche like Emily St. John Mandel and Douglas Coupland.
