**Branch Line Britain** Paul D. Shannon, 2023-12-30 This book examines in words and pictures the network of British branch lines and other secondary routes that survived the mass closures of the 1960s While nearly 4 000 route miles were lost between 1963 and 1970 the cuts were less severe than they might have been Some lines were reprieved because of their social importance even though they would never pay their way in purely commercial terms They included some lengthy rural routes such as those serving the Far North of Scotland Central Wales and the Cumbrian Coast as well as some urban backwaters such as Romford to Upminster and the St Albans Abbey branch As the 1970s progressed closures became scarce but cost cutting measures included the singling of some lines as well as scaled down stations and simplified signalling Yet even today some pockets of traditional operation survive Mechanical signal boxes still control many hundreds of miles across the network in areas as diverse as West Cornwall East Lincolnshire and South West Scotland This book also celebrates several reopened and new lines ranging from the major Borders Railway project in Scotland to the Stansted Airport and Barking Riverside branches in South East England making the point that the branch line concept is far from dead

*Tourist's Guide to Hertfordshire* Albert John Foster, 1891      *Dr Beeching's Axe 50 Years On* Julian Holland, 2013-09-27  
Julian Holland's *Dr Beeching's Axe 50 Years On* is a unique memorial to all that was lost following the publication of the Beeching Report on 27 March 1963 Uniquely the author has tried to include every railway line that was closed as a result of the Beeching Report and more They are all shown on Map 9 in Part 2 of the Report and have been annotated for clarity at the beginning of each regional chapter in the book Needless to say it is not plain sailing there are lines that were marked for

closure on the maps but were closed before publication of the Report there are lines that were not originally on Beeching's original hit list but which were closed anyway there are lines that were originally marked down for closure but which were fortunately reprieved There are even one or two which seem to have not existed at all The author has included them all
