They're also aware of the role communication will play in helping them secure an internship or get a job and be successful at work. Thus, a major objective of the book is to present comprehensive coverage of real-world concepts in an interesting and lively manner. This edition has been extensively revised to provide students with the skills they need to communicate effectively in the complex and ever-changing contemporary work environment. The revision was based on helpful feedback received from the current users around the country and indeed around the English-speaking world. Changes in the discipline and especially changes in the workplace itself.
