body and awaken the spirit      The Oxford Handbook of Women and Competition Maryanne Fisher, 2017 The Oxford Handbook of Women and Competition is one of the first scholarly volumes to focus specifically on competition and the competitive forces between women Chapters provide readers with a definitive view of the current state of research and collectively address the adaptive and socio cultural foundations of women's competitive behavior motivations and cognitions

**Reading Eustathios of Thessalonike** Filippomaria Pontani, Vasileios Katsaros, Vasileios Sarris, 2017-02-20 Despite the relevance of Eustathios to both Classical and Byzantine studies no monograph and no collective volume in English has yet been devoted to his figure This book attempts to fill in this gap by addressing the various facets of his output above all his commentaries on Homer Dionysius the Periegete Pindar and the Iambic Canon on the Pentecost but also his historiographical work his speeches and his theological production receive due attention The book also tackles several aspects of Eustathios style proverbs allusions etc and the meaning of his work in the context of his historical moment Addressed at specialists but also at graduate students with an interest in the reception of Classical antiquity and in Byzantine civilisation the volume gathers papers by leading scholars from various countries and it opens up new paths of research in several areas of philology and history above all by interweaving and juxtaposing Eustathios dimension as an Homerist and an immensely learned classical scholar with his capacities as an orator a highly praised teacher a rhetorically refined writer of Greek prose an historian of his own turbulent times and an archbishop who had to fulfil his everyday duties      **Byzantium and the Early Islamic Conquests** Walter E. Kaegi, 1995-03-30 This is a study of how and why the Byzantine Empire lost many of its most valuable provinces to Islamic Arab conquerors in the seventh century provinces which included Syria Palestine Mesopotamia and Armenia It investigates conditions on the eve of those conquests mistakes in Byzantine policy toward the Arabs the course of the military campaigns and the problem of local official and civilian collaboration with the Muslims It also seeks to explain how after terrible losses the Byzantine government achieved some intellectual rationalisation of its disasters and began the complex process of transforming and adapting its fiscal and military institutions and political controls in order to prevent further disintegration      **The Layers of the Text** Richard Hunter, 2021-10-25 This volume collects the most recent essays of Richard Hunter one of the world's leading experts in the field of Greek and Latin literature The essays range across all periods of ancient literature from Homer to late antiquity with a particular focus not just on the texts in their original contexts but also on how they were interpreted and exploited for both literary and more broadly cultural purposes later in antiquity Taken together the essays sketch a picture of a continuous tradition of critical and historical engagement with the literature of the past from the period of Aristophanes and then Plato and Aristotle in classical Athens to the rich prose literature of the Second Sophistic Richard Hunter's earlier essays are collected in *On Coming After* Berlin 2008      *The Byzantine Economy* Angeliki E. Laiou, Cécile Morrisson, 2007-09-20 This is a concise survey of the economy of the Byzantine Empire from the fourth century AD to the fall of Constantinople in 1453 Organised chronologically the book addresses key

themes such as demography agriculture manufacturing and the urban economy trade monetary developments and the role of the state and ideology It provides a comprehensive overview of the economy with an emphasis on the economic actions of the state and the productive role of the city and non economic actors such as landlords artisans and money changers The final chapter compares the Byzantine economy with the economies of western Europe and concludes that the Byzantine economy was one of the most successful examples of a mixed economy in the pre industrial world This is the only concise general history of the Byzantine economy and will be essential reading for students of economic history Byzantine history and medieval history more generally

**The Mediterranean World** Monique O'Connell, Eric R Dursteler, 2021-04-27 A history of this hub of culture and commerce Enviably readable an excellent classroom text European History Quarterly Located at the intersection of Asia Africa and Europe the Mediterranean has connected societies for millennia creating a shared space of intense economic cultural and political interaction Greek temples in Sicily Roman ruins in North Africa and Ottoman fortifications in Greece serve as reminders that the Mediterranean has no fixed national boundaries or stable ethnic and religious identities In *The Mediterranean World* Monique O'Connell and Eric R Dursteler examine the history of this contested region from the medieval to the early modern era beginning with the fall of Rome around 500 CE and closing with Napoleon's attempted conquest of Egypt in 1798 Arguing convincingly that the Mediterranean should be studied as a singular unit the authors explore the centuries when no lone power dominated the Mediterranean Sea and invaders brought their own unique languages and cultures to the region Structured around four interlocking themes mobility state development commerce and frontiers this book including maps photos and illustrations brings new dimensions to the concepts of Mediterranean nationality and identity

**Colonizing Christianity** George E. Demacopoulos, 2019-03-05 A truly extraordinary reevaluation of historical events in light of new theoretical approaches groundbreaking *Journal of Orthodox Christian Studies* *Colonizing Christianity* employs postcolonial critique to analyze the transformations of Greek and Latin religious identity in the wake of the Fourth Crusade Through close readings of texts from the period of Latin occupation this book argues that the experience of colonization splintered the Greek community over how best to respond to the Latin other while illuminating the mechanisms by which Western Christians authorized and exploited the Christian East The experience of colonial subjugation opened permanent fissures within the Orthodox community which struggled to develop a consistent response to aggressive demands for submission to the Roman Church *Colonizing Christianity's* analysis of a number of texts through the lens of colonial and postcolonial theory makes for useful important reading There are significant stakes both for medieval historians and those committed to finding pathways of reconciliation among contemporary Christians David Perry author of *Sacred Plunder Venice and the Aftermath of the Fourth Crusade*

**Maritime Networks in the Ancient Mediterranean World** Justin Leidwanger, Carl Knappett, 2018-11-22 This volume brings together scholars of Mediterranean archaeology ancient history and complexity science to advance theoretical approaches and analytical tools for studying

maritime connectivity For the coast hugging populations of the ancient Mediterranean mobility and exchange depended on a distinct environment and technological parameters that created diverse challenges and opportunities making the modeling of maritime interaction a paramount concern for understanding cultural interaction more generally Network inspired metaphors have long been employed in discussions of this interaction but increasing theoretical sophistication and advances in formal network analysis now offer opportunities to refine and test the dominant paradigm of connectivity Extending from prehistory into the Byzantine period the case studies here reveal the potential of such network approaches Collectively they explore the social economic religious and political structures that guided Mediterranean interaction across maritime space

*Early Seljuq History* A.C.S. Peacock, 2013-02-01 This book investigates the early history of the Seljuq Turks founders of one of the most important empires of the mediaeval Islamic world from their origins in the Eurasian steppe to their conquest of Iran Iraq and Anatolia The first work available in a western language on this important episode in Turkish and Islamic history this book offers a new understanding of the emergence of this major nomadic empire Focusing on perhaps the most important and least understood phase the transformation of the Seljuqs from tribesmen in Central Asia to rulers of a great Muslim Empire the author examines previously neglected sources to demonstrate the central role of tribalism in the evolution of their state The book also seeks to understand the impact of the invasions on the settled peoples of the Middle East and the beginnings of Turkish settlement in the region which was to transform it demographically forever Arguing that the nomadic steppe origins of the Seljuqs were of much greater importance in determining the early development of the empire than is usually believed this book sheds new light on the arrival of the Turks in the Islamic world A significant contribution to our understanding of the history of the Middle East this book will be of interest to scholars of Byzantium as well as Islamic history as well as Islamic studies and anthropology

**Lived Spaces in Late Antiquity** Carlos Machado, Rowan Munnery, Rebecca Sweetman, 2024-04-30 This volume considers lived space as a scholarly approach to the past showing how spatial approaches can present innovative views of the world of Late Antiquity integrating social economic and cultural developments and putting centre stage this fundamental dimension of social life Bringing together an international group of scholars working on areas as diverse as Britain the Iberian Peninsula Jordan and the Horn of Africa this book includes burgeoning fields of study such as lived spaces in the context of ships and seafaring during this period Chapters investigate the history function and use of different spaces in their own right and identify the social and historical logic presiding over continuity and or change They also explore the fluidity of lived space in both its physical and conceptual dimensions analysing issues like agency and intentionality as well as meaning and social relations Space is the fundamental dimension of social life the arena where it unfolds and the stage where social values and hierarchies are represented analysis of space allows us to understand history through different means of shaping occupying and controlling space Considering Late Antiquity through a spatial perspective offers a complex and stimulating picture of this pivotal period and this volume

provides avenues for the development of further research and discussion in this area Lived Spaces in Late Antiquity is a fascinating resource for students and scholars interested in space and spatiality in the late antique world as well as archaeology classical studies and late antique studies more generally
