The Call Of The Torah Shemos:

The Call of the Torah: Shemos Elie Munk,1992-12-31 Talelei Oros, English, Shemos Rubin, When Sefer Talelei Oros first appeared upon the horizon of Torah Jewry it was met with instant appreciation and popularity Now for the first time this masterwork has been adapted into the English language making it even more accessible to the general public A veritable galaxy of Torah giants appear on the pages of this extraordinary work Among them are Rabbi Yonasan Eibenschutz the Vilna Gaon Rabbi Yisrael Salanter Rabbi Yeshoshua Leib Diskin and the Chafetz Chaim just to name a few This is a work that expands the mind and uplifts the soul Signs and Secrets of the Messiah Rabbi Jason Sobel,2023-09-19 Are you or someone you love desperate for a miracle As witnessed through Scripture the God who was and is and is to come has been performing miracles from the beginning of time so you can trust that Jesus wants to do something miraculous in your life today In this follow up to his book Mysteries of the Messiah Rabbi Jason Sobel dives deep into Scripture biblical culture and ancient texts to help you better understand the truths and the power behind God s miracles and to increase your faith that Jesus can perform miracles in your life By taking a deeper look at Yeshua s miracles Rabbi Jason reveals promises for all Christ followers based on miracles throughout Scripture Jesus takes the ordinary and turns it into something extraordinary because He wants you to live out of His overflow He turned water into wine Jesus wants to renew you so that He can do something new in you He revealed to Nicodemus the miracle of rebirth You can stop wandering aimlessly or feeling stuck in your current situation but instead experience abundant life and healing He healed the man at the Pool of Bethesda God wants to bless you abundantly so you in turn can bless others and sow into His kingdom Jesus multiplied the loaves and fish As you go on this journey with Rabbi Jason a Messianic Jew he is praying that God will lead you to new insights and breakthroughs in your life And as God reveals Himself to you in a fresh and powerful way you will be filled with a sense of His presence and shalom 2003, סיפורי חיים This extremely popular haggadah anthology features numerous anecdotes vignettes and themes from the lives of our great Torah scholars most of them previously unpublished With great skill and wisdom the author weaves together a collection of Torah insights that are both inspiring and intellectually stimulating Offers the haggadah text in Hebrew and English and all commentary in English The Nineteen Letters Samson Raphael Hirsch,Joseph Elias,1995 **The Morality of Self-Defense and Military Action** David B. Kopel,2017-02-16 Shedding new light on a controversial and intriguing issue this book will reshape the debate on how the Judeo Christian tradition views the morality of personal and national self defense Are self defense national warfare and revolts against tyranny holy duties or violations of God s will Pacifists insist these actions are the latter forbidden by Judeo Christian morality This book maintains that the pacifists are wrong To make his case the author analyzes the full sweep of Judeo Christian history from earliest times to the present combining history scriptural analysis and philosophy to describe the changes and continuity of Jewish and Christian doctrine about the use of lethal force He reveals the shifting patterns of thought in both religions and presents the

strongest arguments on both sides of the issue The book begins with the ancient Hebrews and Genesis and covers Jewish history through the Holocaust and beyond The analysis then shifts to the story of Christianity from its origins through the Middle Ages and the Reformation up the present day Based on this scrutiny the author concludes that contrary to popular belief the legitimacy of self defense is strongly supported by Judeo Christian scripture and commentary by philosophical analysis and by the respect for human dignity and human rights on which both Judaism and Christianity are based **Call of the Torah Set** Elie Munk,1995-07-20 **Between Faith and Reason** Dr. Martin Sicker,2020-07-13 The studies in this volume discuss some of the issues implicit but not resolved in the Hebrew Scriptures including the problems inherent in the topics of theology and religious philosophy as discussed and argued by scholars for more than two millennia The studies address the problem of philosophy the troublesome issues of moral autonomy and divine omniscience and theodicy from a Judaic perspective In addition it includes a study of the biblical story of the Golden Calf and its religious implications that are more complex than a cursory reading of the biblical text will suggest Finally it includes a discussion of the often misunderstood concepts of the prophet and prophecy as set forth in the biblical texts Although this book does not and cannot resolve the philosophical and theological issues that have persisted through the millennia it hopes to make clear how these issues have been wrestled with from a Judaic perspectives which will have relevance with regard to the perspectives on these matters of other monotheistic faiths *Studies of the Narratives in the Book of Genesis* Martin Sicker,2018-11-01 The stories in the book of Genesis have been studied intensely for more than two millennia providing a virtual mountain of commentary on every aspect of the narratives contained therein Viewed from a traditional perspective the stories related in Genesis are essentially graphic philosophical and theological narratives designed to convey profound ideas and insights that would otherwise be found only in tomes designed for students of philosophy and theology A close substantive examination of these narratives as presented in the Masoretic text but often lost in translation where the subtleties of the Hebrew wording are glossed over will reveal a treasure trove of insights into the fundamental issues of religious belief the divine human relationship freewill and determinism the complex nature of humankind and theodicy to name a few of the issues dealt with in the narratives The present work contains four deep dive studies of key interrelated narratives in the first twenty two chapters of Genesis that address the questions of the nature of man and his relationship to God and most critically the distinction between divine justice and human justice It is the hope and expectation of the author of these studies that the reader will come away from them with even more questions about the biblical texts than they had before As will be seen there has always been little consensus over the centuries about the meanings of these essentially right brained texts primarily because they are constructed and written in a manner that tends to challenge left brained analysis Nonetheless they remain intellectually important because the topics they deal with are of great pertinence to contemporary society

The Book of the Covenant Martin Sicker,2010-03-25 According to the biblical narrative in addition to the Ten Commandments Moses received a series of supplementary instructions to guide the people as they set about establishing a society in conformity with the covenant that are to be found in the so called the Book of the Covenant The book which is imbedded in the biblical book of Exodus essentially contains addenda or amendments to longstanding customary laws with which the children of Israel were already familiar and for this reason its various components vary widely in scope depending on the extent of differentiation from customary law that they entail This study of the ordinances in the Book of the Covenant focuses not only on what they meant for the ancient Israelites but also how those laws rules instructions and admonitions were treated and in some instances modified as they were incorporated into the huge corpus of Jewish Law as it emerged over a period of some two and a half millennia

The Lost World of Russia's Jews Abraham Rechtman,2021-06 In 1913 Abraham Rechtman journeyed through the Russian Pale of Settlement on a mission to record its Jewish folk traditions before they disappeared forever The Lost World of Russia s Jews is the first English translation of his extraordinary experiences originally published in Yiddish documenting a culture best known until now through romanticized works like Life Is with People and Fiddler on the Roof In the last years of the Russian Empire Abraham Rechtman joined S An sky s Jewish Ethnographic Expedition to explore and document daily life in the centuries old Jewish communities of the Pale of Settlement Rechtman described the key places where Jewish life and death were experienced and connected these sites to local folklore and customary practices Among the many unique contributions of his memoir are riveting descriptions of traditional Jewish healers and exorcists many of them women and their methods and incantations Rather than a nostalgic portrait of an imagined shtetl Rechtman succeeded in producing an intimate account of Jewish life and death that is highly nuanced and richly detailed The Lost World of Russia s Jews powerfully illuminates traditional Jewish life in Eastern Europe on the eve of its transformation and ultimately destruction
