Cavalry from Hoof to Track Roman Jarymowycz,2007-12-30 For centuries mounted cavalry dominated the battlefield through shock and mobility Man maintained a symbiotic relationship with the horse which became particularly sacrosanct on the battlefield and even created a new exalted social class These mounted warriors sought to preserve their prestige despite the advent of new technologies threatening to render them obsolete In *Cavalry from Hoof to Track* Roman Jarymowycz traces the evolution of the cavalry from the warhorse to the armored tank and demonstrates how its survival is a history of determined and creative responses to the changing dynamics of modern warfare Ultimately he argues the very concept of cavalry exists as its own state of mind The cavalry and its doctrine are misunderstood and its tactics and operations remain a mystery for many civilians New technology and the increased integration of the armed forces create the illusion that the cavalry no longer exists as a distinct military entity and philosophy Jarymowycz clarifies these misconceptions by offering a comprehensible overview while explaining military terminology and outlining basic cavalry principles The book concludes by suggesting how the cavalry will continue to evolve in response to contemporary third world conflicts perhaps even reverting to its original tactical role of close quarter combat *We Refused to Lead a Dying Church!* Paul Nixon,2012-04-01 Paul Nixon does it again with this groundbreaking follow up to his bestseller *I Refuse to Lead a Dying Church* *We Refused to Lead a Dying Church* shares the miracles of God s transformative power in dying churches that decided to choose life with real examples of ordinary pastors and lay leaders who inspired church growth Nixon shares the stories of fifteen churches from the United Church of Christ United Methodist Church and Presbyterian Church USA that decided giving up dying was not an option

Urwin,2003 With color and verve Gregory J W Urwin presents the history of the mounted forces of the United States He combines combat reports personality profiles and political and social overviews to present a complete picture of a bygone era extending from the Revolutionary War well into the twentieth century For more than a century the U S Cavalry

played a prominent role in American military conflicts serving as both a frontier police force and as a major combat arm in the republic's conventional wars Urwin begins his story in New York City in 1776 with the Continental Light Dragoons and continues it through the days of the pony soldiers of the western plains including detailed coverage of Lieutenant Colonel George Armstrong Custer's 7th Cavalry Regiment Urwin concludes with descriptions of General John J Pershing's 1916 Punitive Expedition into Mexico and the exploits of the 26th U S Cavalry the only United States mounted outfit to see combat in World War II during the defense of the Philippines in 1941-42

Valhalla's

Warriors Terry Goldsworthy, 2010-06 They were the soldiers sworn by an oath of loyalty to follow Hitler into a maelstrom of genocidal barbarity They were the elite of the German military in World War Two They were the Waffen SS On June 22 1941 before dawn German troops invaded Russia The Barbarossa campaign included some of the greatest episodes in military history it also allowed Hitler's ideological warriors the Waffen SS to give full vent to their ideological way of war It provided the killing ground in which some of the worst atrocities seen by humanity were committed In Valhalla's Warriors author Dr Terry Goldsworthy meticulously chronicles what has become one of the most famous fighting elites in World War Two Discovering the truths behind the legend by drawing on hundreds of sources including first hand accounts of Waffen SS veterans and spanning five years of research Dr Goldsworthy leads the reader through the events that occurred on the Eastern Front both on the front lines and behind This book is an exploration of the Waffen SS and by necessity of evil The Waffen SS are commonly regarded as the elite of Germany's armed forces during World War II They gained much of this reputation whilst fighting on the Eastern Front in Russia Germany's war against the Soviet Union in World War II in particular the role of the Waffen SS forms much of the subject matter of this book The death and destruction during this conflict would result not just from military operations but also from the systematic killing and abuse that the Waffen SS directed against Jews Communists and ordinary citizens This book provides a clear concise history of the Waffen SS campaign of conquest and genocide in Russia by looking at the actions both on and behind the front lines By drawing on the best of military and Holocaust scholarship this book dispels the myths that have distorted the role of the Waffen SS in both the military operations themselves and the unthinkable crimes that were part of them The conventional wisdom that the Waffen SS in World War II fought a relatively clean fight unsullied by the atrocities committed by the Nazis is challenged and largely demolished Focusing on the Eastern Front the book contends that the Nazi vision of a racial ideological death struggle against Slavic hordes and their Jewish Bolshevik commissars resonated with soldiers of the Waffen SS steeped in traditional anti Semitic and racist dogmas In doing so this book clearly shows that the Waffen SS was an organisation that committed widespread atrocities and were truly soldiers of evil DR TERRY GOLDSWORTHY is a Detective Senior Sergeant with over 25 years policing experience in Australia He has served in general duties watchhouse and traffic branch before moving to the Criminal Investigation Branch in 1994 Dr Goldsworthy has completed a Bachelor of Commerce Bachelor of Laws Advanced Diploma of Investigative Practice and a Diploma of Policing As a result of his law studies Dr Goldsworthy was admitted to the bar in the Queensland and Federal Courts a barrister in 1999 Dr Goldsworthy then completed a Master of Criminology at Bond University He later completed his PhD focusing on the concept of evil and its relevance from a criminological and sociological viewpoint In particular Dr Goldsworthy looked at the link between evil and armed conflicts using the Waffen SS as a case study He has also contributed chapters to the tertiary textbooks Forensic Criminology and Serial Crime published by Academic Press He has also written a chapter to the general crime book Crime on My Mind
