The Caribbean Connection A Last Post:

The Last Post, 1977 The Caribbean Connection Robert Chodos, 1977 Canada's connection to the Caribbean is a long standing one sailing ships from Halifax plied the trade routes in the nineteenth century carrying cod and timber south and bringing back sugar and rum Missionaries and bankers followed and many of them stayed In recent years politics and business in the region have undergone drastic changes and most countries have gained formal independence Canada has not always adapted well to these changes and is not necessarily regarded as a friendly country by many West Indians In this book first published in 1977 Robert Chodos offers a broad ranging exploration of Canada's Caribbean connection combining a concern for the broad issues it entails with a perceptive reporter's eye for telling detail **The New Practical Guide to**

Canadian Political Economy Daniel Drache, Wallace Clement, 1985-01-01 The New Practical Guide to Canadian Political Economy is a handy reference to the vast range of research and writing that political economists in Canada have completed to the date of publication The book is divided into twenty five subject bibliographies each one compiled and introduced by an expert in the field The overall range of subjects includes economic development in Canada Canada's external economic relations regional disparities and regional development social and economic classes women Native peoples politics and the Canadian state nationalism culture and political thought The book is indexed by author and includes a helpful shortlist of the staples in Canadian political economy Published in 1985 The New Practical Guide to Canadian Political Economy remains a useful reference to some of the classic literature of the discipline **Ebony Roots, Northern Soil** Charmaine A.

Nelson, 2010-10-12 *Ebony Roots Northern Soil* is a powerful and timely collection of critical essays exploring the experiences histories and cultural engagements of black Canadians Drawing from postcolonial critical race and black feminist theory this innovative anthology brings together an extraordinary set of well recognized and new scholars engaging in the critical debates about the cultural politics of identity and issues of cultural access representation production and reception Emerging from a national conference in 2005 the book records critiques and yet transcends this groundbreaking event Drawn from a range of disciplines including Art History Communication Studies Cultural Studies Education English History and Sociology the chapters examine black contributions to and participation within the realms of popular music television and film the art world museums academia and social activism In the process the burning issues of access to cultural capital the practice of multiculturalism definitions of black Canadianness and the state of Black Canadian Studies are dissected Attentive to issues of sexuality and gender as well as race the book also explores and challenges the dominance of black Americanness in Canada especially in its incarnation as hip hop Acknowledging a differently constituted and heterogeneous black Canadianness it contemplates the possibility of an identity in dialogue with and yet distinct from dominant ideals of African Americanness *Ebony Roots* also explores the deficit in Black Canadian Studies across the nation's universities drawing a line between the neglect of black Canadian populations histories and experiences in general and the resulting lack of an

academic disciplinary infrastructure Poignant blends of the personal and the political the chapters are both scholarly in their critical insights and rigour and daring in their honesty Ebony Roots defiantly foregrounds the often disavowed issues of institutional racism against blacks in Canadian academia education and cultural institutions as well as the injurious effects of everyday racism In so doing the book challenges the myth of Canada as a racially benevolent and tolerant state the great white north free from racism and the legacy of colonialism Instead the very definitions of Canada and black Canadianness are unpacked and explored Ebony Roots is a necessary history lesson a contemporary cultural debate and a call to action It is a momentous and overdue contribution to Black Canadian Studies and a must read for academics students and the general public alike **Public Affairs Information Service Bulletin** ,1978 **The Fate of Migrants in Urban Haiti** Huldrych

Caspar Locher,1979 *Bulletin of the Public Affairs Information Service* Public Affairs Information Service,1978 **The Erotic Margin** Irvin C. Schick,2020-05-05 Gender and sexuality have long held an important place in western attitudes towards the people and regions of the world from the titillating accounts of harem life in the Middle East to terrifying captivity narratives of North America The Erotic Margin is a first attempt to pull together the large disparate and often contradictory literature and view it as a corpus Schick argues that such images served to construct spatial difference and thereby helped Europe represent its own place in the world during an age of rapid geographical expansion Informed by the recent literature on human geography as well as feminist and postcolonial theory The Erotic Margin focuses on erotica and sexual anthropology as well as travel literature in which from the eighteenth century on both traveler and destination were portrayed in unmistakably gendered and sexualized terms Reviewing examples ranging from the New World to India the Near East to black Africa and the South sea islands to the Barbary Coast the book reflects on why foreign women were variously portrayed as alluring or threatening foreign men as effeminate weaklings or dangerous rapists and foreign lands as sexual idylls or hearts of darkness **In the Shadows of Divine Perfection** Lance Callahan,2004-11-23 In the Shadows of Divine Perfection provides an examination of Derek Walcott s Omeros 1990 the St Lucian poet s longest work and the piece that secured his Nobel Laureate that reveals the deep seated bond between the root narratives of ancient Greece to the cultural products and practices of the contemporary Caribbean This book presents the first detailed reading of Walcott s highly controversial attempt to craft a Caribbean master narrative This book also presents an overview of the poem s ideological orientation and a far reaching critique of current postcolonial theory Lance Callahan engages some of the most vexing problems of authenticity by reading Walcott s work alongside ancient Greek literature and culture Diasporic Women's Writing of the Black Atlantic Emilia María Durán-Almaraz, Esther Álvarez López,2013-10-30 This book brings together a complete set of approaches to works by female authors that articulate the black Atlantic in relation to the interplay of race class and gender The chapters provide the grounds to engender a more complex understanding of the scattered geographies of the African diaspora in the Atlantic basin The variety of approaches displayed bears witness to the

vitality of a field that over the years has become a diasporic formation itself as it incorporates critical insights and theoretical frameworks from multiple disciplines in the social sciences and the humanities thus exposing the manifold character of black diasporic interconnections within and beyond the Atlantic Focusing on a wide array of contemporary literary and performance texts by women writers and performers from diverse locations including the Caribbean Canada Africa the US and the UK chapters visit genres such as performance art the novel science fiction short stories and music For these purposes the volume is organized around two significant dimensions of diasporas on the one hand the material corporeal and spatial locations where those displacements associated with travel and exile occur and on the other the fluid environments and networks that connect distant places cultures and times This collection explores the ways in which women of African descent shape the cultures and histories in the modern colonial and postcolonial Atlantic worlds Catalog of the Peace Collection Swarthmore College. Peace Collection,1982 **National Union Catalog** ,1973 Includes entries for maps and atlases *A Practical Guide to Canadian Political Economy* Clement, Wallace,Drache, Daniel,1978 Until now there has never been a satisfactory bibliography of the books articles and other material that make up the literature of Canadian political economy This checklist includes about 1500 items organized by subject and is as comprehensive as the compilers and their many advisers could make it The introductory essay by Daniel Drache provides a brief history of Canadian political economy and a guide to the major books in this field Published in 1978 *A Practical Guide to Canadian Political Economy* is a useful reference to sources published up to the late 1970s *C. L. R. James in Imperial Britain* Christian Høgsbjerg,2014-03-07 C L R James in Imperial Britain chronicles the life and work of the Trinidadian intellectual and writer C L R James during his first extended stay in Britain from 1932 to 1938 It reveals the radicalizing effect of this critical period on James s intellectual and political trajectory During this time James turned from liberal humanism to revolutionary socialism Rejecting the imperial Britishness he had absorbed growing up in a crown colony in the British West Indies he became a leading anticolonial activist and Pan Africanist thinker Christian H gsbjerg reconstructs the circumstances and milieus in which James wrote works including his magisterial study *The Black Jacobins* First published in 1938 James s examination of the dynamics of anticolonial revolution in Haiti continues to influence scholarship on Atlantic slavery and abolition H gsbjerg contends that during the Depression C L R James advanced public understanding of the African diaspora and emerged as one of the most significant and creative revolutionary Marxists in Britain Iron Age and Hardware, Iron and Industrial Reporter ,1893
