Encyclopedia of Christianity in the United States George Thomas Kurian,Mark A. Lamport,2016-11-10 From the Founding Fathers through the present Christianity has exercised powerful influence in the United States from its role in shaping politics and social institutions to its hand in inspiring art and culture The Encyclopedia of Christianity in the United States outlines the myriad roles Christianity has played and continues to play This masterful five volume reference work includes biographies of major figures in the Christian church in the United States influential religious documents and Supreme Court decisions and information on theology and theologians denominations faith based organizations immigration art from decorative arts and film to music and literature evangelism and crusades the significant role of women racial issues civil religion and more The first volume opens with introductory essays that provide snapshots of Christianity in the U S from pre colonial times to the present as well as a statistical profile and a timeline of key dates and events Entries are organized from

A to Z The final volume closes with essays exploring impressions of Christianity in the United States from other faiths and other parts of the world as well as a select yet comprehensive bibliography Appendices help readers locate entries by thematic section and author and a comprehensive index further aids navigation **Sir John's Vision** Paul Davies, George R. Ellis, Keith Ward, 2018-08-13 In 2017 the year marking the 105th anniversary of the birth of Sir John Templeton a group of scientists scholars and advisors who knew him personally gathered in Lyford Cay in the Bahamas Their purpose to discuss how the Foundation that bears his name could best extend his philanthropic vision into the twenty first century This volume is a result of that meeting a collection of thirteen essays written by experts in fields that most fascinated Sir John The contributors assess the Foundation s fidelity to its founder s intent chart promising avenues for future grantmaking and champion Sir John s contrarian mission of unlocking life s deepest mysteries The members of the John Templeton Foundation are the custodians of Sir John s vision bold in its aspiration humble in its approach charged with using the tools of science to advance the frontiers of the spirit May the essays collected here serve as inspiration as we carry that vision forward

Morals Not Knowledge John H. Evans, 2018-02-09 A free ebook version of this title is available through Luminos University of California Press s Open Access publishing program for monographs Visit www.luminosoa.org to learn more In a time when conservative politicians challenge the irrefutability of scientific findings such as climate change it is more important than ever to understand the conflict at the heart of the religion vs science debates unfolding in the public sphere In this groundbreaking work John H Evans reveals that with a few limited exceptions even the most conservative religious Americans accept science s ability to make factual claims about the world However many religious people take issue with the morality implicitly promoted by some forms of science Using clear and engaging scholarship Evans upends the prevailing notion that there is a fundamental conflict over the way that scientists and religious people make claims about nature and argues that only by properly understanding moral conflict between contemporary religion and science will we be able to contribute to a more productive interaction between these two great institutions *Dictionary of Christianity and Science* Zondervan, 2017-04-25 The definitive reference work on science and Christian belief How does Christian theology relate to scientific inquiry What are the competing philosophies of science and do they work with a Christian faith based on the Bible No reference work has covered this terrain sufficiently until now Featuring entries from over 140 international contributors the Dictionary of Christianity and Science is a deeply researched peer reviewed fair minded work that illuminates the intersection of science and Christian belief In one volume you get reliable summaries and critical analyses of over 450 relevant concepts theories terms movements individuals and debates You will find answers to your toughest questions about faith and science from the existence of Adam and Eve to the age of the earth evolution and string theory FEATURES INCLUDE Over 450 entries that will help you think through some of today s most challenging scientific topics including climate change evolution bioethics and much more Essays from over 140 leading international scholars including Francis

Harper,2005-06 Spiritual Information is a collection of one hundred essays that explore a portion of

the vast interdisciplinary approaches to the study of science and religion Individually and together the essays show how the study of ourselves our planet and the universe helps us understand our place as spiritual beings within God s universe The book is a tribute to Sir John Templeton and his pioneering commitment toward new research that results in one hundredfold more spiritual information than humankind has ever possessed before It begins with essays that reflect on Sir John s principal domains of interest and expertise free enterprise based finance and accelerating spiritual progress Themes of the sections are Science Religion Dialogue Cosmology Physics and Astronomy Mathematics Musicology and Speculation Biological Evolution the Human Being Social Evolution the Human Mind and Heart Religion and Health The Nature of the Divine Theology and Philosophy Faith Traditions Sir John s leadership has enabled us to edge ever closer to the frontier where knowledge meets wisdom at the threshold of ultimate reality notes the editor in the preface to this volume As Spiritual Information presents an overview of how far we have come in the science and religion dialogue it also opens windows to the vast possibilities for additional research and further advances in spiritual information

Vying for Truth - Theology and the Natural Sciences Hans Schwarz,2014-06-18 The emancipation of the natural sciences from religion was a gradual affair during the last four centuries Initially many of the leading scientists were churchmen indicating a symbiosis between faith and reason Due to the increasing specialization in the sciences this close connection came to an end often leading to antagonism and mutual suspicion This book traces this historical development with its twists and turns in both Europe and North America It depicts the major players in this story and outlines their specific contributions The main focus is on the 19th and 20th centuries with figures such as Darwin and Hodge but also Beecher and Abbott in the 19th century In the 20th century the narrative starts with Karl Barth and moves all the way to Hawking and Tipler Special attention is given to representatives from North America Great Britain and Germany In conclusion important issues are presented in the present day dialogue between theology and the natural sciences The issue of design and fine tuning is picked up and advances in brain research Finally technological issues are assessed and the status of medicine as a helpmate for life is discussed An informative and thought provoking book

God in Proof Nathan Schneider,2013-06-10 In this tour of the history of arguments for and against the existence of God Nathan Schneider embarks on a remarkable intellectual historical and theological journey through the centuries of believers and unbelievers from ancient Greeks to medieval Arabs to today s most eminent philosophers and the New Atheists Framed by an account of Schneider s own unique journey *God in Proof* illuminates the great minds who wrestled with one of history s biggest questions together with their arguments bringing them to life in their time and our own Schneider s sure handed portrayal of the characters and ideas involved in the search for proof challenges how we normally think about doubt and faith while showing that in their quest for certainty and the proofs to declare it thinkers on either side of the God divide are often closer to one another than they would like to think
