Conspiracy of One Jim Moore, 1990 A chronicle of one man's investigation into the assassination of President Kennedy and his conclusion Six Seconds in Dallas Josiah Thompson, 1976 Irrefutable evidence that Oswald could not have killed JFK alone Who Really Killed JFK? Therlee Gipson, 2015-11-20 Introduction John Fitzgerald Kennedy the thirty fifth President of the United States was assassinated at 12 30 pm Central Standard Time on Friday November 22 1963 in Dealey Plaza Dallas Texas Kennedy was fatally shot while traveling with his wife Jacqueline Texas Governor John Connally and the latter's wife Nellie in a Presidential Motorcade The ten month investigation of the Warren Commission of 1963 1964 concluded that the President was assassinated by Lee Harvey Oswald acting alone and that Jack Ruby acted alone when he killed Oswald before he could stand Trial These conclusions were initially supported by the American public however polls conducted from 1966 to 2004 found that as many as 80 percent of Americans have suspected that there was a plot or cover up Contrary to the Warren Commission the United States House Select Committee on Assassinations HSCA in 1979 concluded that President John F Kennedy was probably assassinated as a result of a conspiracy The HSCA found both the original FBI investigation and the Warren Commission Report to be seriously flawed While agreeing with the Commission that Oswald fired all the shots which caused the wounds to Kennedy and Governor Connally it stated that there were at least four shots fired and that there was a high probability that two gunmen fired at the President No gunmen or groups involved in the conspiracy were identified by the committee but the CIA Soviet Union Organized Crime and several other groups were said to be not involved based on available evidence The assassination is still the subject of widespread debate and has spawned numerous conspiracy theories and alternative scenarios I do not know who planned the assassination nor who fired the shots But I am convinced there was a conspiracy This book is about John F Kennedy's visit to Texas in 1963 and the detailed timeline of events before during and after his assassination Chapters include Timeline of Kennedy Assassination Fatal Day Players Photos of the Crime Scene Dealey Plaza Witnesses Who Really Killed JFK A New View of Old Evidence JFK Legacy JFK Funeral JFK Last Speech in Ft Worth and CIA Director withheld information about JFK Therlee Gipson 3

Killers at Dallas Chief Phil Doherty, 2014-10-21 The first murder the JFK assassination has probably been the most investigated crime in American history Yet five decades later there remain questions regarding the number of gunmen the true motive and the masterminds if any of the killing of Kennedy The case was wrapped up in hours by the F B I with the arrest of Lee Oswald by the Dallas Police Department and the case was ruled by the Warren Commission to be the sole act of one man Oswald My law enforcement and military experience convinces me that a complex case such as this killing would not lead to completion and declaration of a sole assassin and non conspiracy in such a short period of time and has offered some facts to rebut that theory We look again at Oswald Let's face it Oswald was a willing tool of the U S Government from the time of his military service until the day he died He was not a lone nut but one of the tools in the CIA's box of tricks and

mysteries regardless of the agency's declared declaration of their actions as being right and necessary. Oswald may have supplied one of the murder weapons that killed JFK; some say he did not, but the fact remains that he did not fire the fatal shots at Kennedy. He would have to have been Houdini that day, being in two places at the same time. Oswald was indeed the best possible Patsy his handlers could find.

JFK Conspiracy Therlee Gipson, 2013-01-21

Prelude: I do not know who planned the assassination nor who fired the shots. But I am convinced there was a conspiracy. This book is about JFK Conspiracy Timeline in Dallas 1963 and his visit to Texas. John Fitzgerald Kennedy, the thirty-fifth President of the United States, was assassinated at 12:30 pm Central Standard Time on Friday, November 22, 1963, in Dealey Plaza, Dallas, Texas. Kennedy was fatally shot while traveling with his wife Jacqueline, Texas Governor John Connally, and the latter's wife Nellie in a Presidential Motorcade. The ten-month investigation of the Warren Commission of 1963-1964 concluded that the President was assassinated by Lee Harvey Oswald acting alone, and that Jack Ruby acted alone when he killed Oswald before he could stand trial. These conclusions were initially supported by the American public; however, polls conducted from 1966 to 2004 found that as many as 80 percent of Americans have suspected that there was a plot or cover-up. Contrary to the Warren Commission, the United States House Select Committee on Assassinations (HSCA) in 1979 concluded that President John F. Kennedy was probably assassinated as a result of a conspiracy. The HSCA found both the original FBI investigation and the Warren Commission Report to be seriously flawed. While agreeing with the Commission that Oswald fired all the shots which caused the wounds to Kennedy and Governor Connally, it stated that there were at least four shots fired and that there was a high probability that two gunmen fired at the President. No gunmen or groups involved in the conspiracy were identified by the committee, but the CIA, Soviet Union, Organized Crime, and several other groups were said to be not involved based on available evidence. The assassination is still the subject of widespread debate and has spawned numerous conspiracy theories and alternative scenarios. Perhaps the same could be said of Dallas itself, which, through preserving its tarnished moment in American History, has done its part to ensure President John F. Kennedy and his legacy will not be forgotten. Most all of the people involved in Kennedy's death were dead within 10 years of his assassination.
