Six Faces of Mexico Russell Ewing, 1966-10 Six Faces of Mexico Edward Holland Spicer, 1969 **Six Faces of Mexico** Russell C. Ewing, Edward Holland Spicer, 1973 *Six faces of Mexico. History, people, geography, government, economy, literature & art. Editor, Russell C. Ewing. Collaborating authors, Edward H. Spicer [and others], etc. (Second printing.).* Russell Charles EWING, Edward Holland Spicer, 1967 **Six Faces of Globalization** Anthea Roberts, Nicolas Lamp, 2021-09-28 An essential guide to the intractable public debates about the virtues and vices of economic globalization cutting through the complexity to reveal the fault lines that divide us and the points of agreement that might bring us together Globalization has lifted millions out of poverty Globalization is a weapon the rich use to exploit the poor Globalization builds bridges across national boundaries Globalization fuels the populism and great power competition that is tearing the world apart When it comes to the politics of free trade and open borders the camps are dug in producing a kaleidoscope of claims and counterclaims unlikely alliances and unexpected foes But what exactly are we fighting about And how might we approach these issues more productively Anthea Roberts and Nicolas Lamp cut through the confusion with an indispensable survey of the interests logics and ideologies driving these intractable debates which lie at the heart of so much political dispute and decision making The authors expertly guide us through six competing narratives about the virtues and vices of globalization the old establishment view that globalization benefits everyone win win the pessimistic belief that it threatens us all with pandemics and climate change lose lose along with various rival accounts that focus on specific winners and losers from China to America's rust belt Instead of picking sides *Six Faces of Globalization* gives all these positions their due showing how each deploys sophisticated arguments and compelling evidence Both globalization's boosters and detractors will come away with their eyes opened By isolating the fundamental value conflicts growth versus sustainability efficiency versus social stability driving disagreement and show where rival narratives converge Roberts and Lamp provide a holistic framework for understanding current debates In doing so they showcase a more integrative way of thinking about complex problems **Historical Dictionary of Mexico** Donald C. Briggs, Marvin Alisky, 1981 To find out more information about Rowman and Littlefield titles please visit <http://www.rowmanlittlefield.com> Mexico Mystique Frank Waters, 2023-09-05 In *Mexico Mystique* Frank Waters draws us deeply into the ancient but still living myths of Mexico To reveal their hidden meanings and their powerful symbolism he brings to bear his gift for intuitive imagination as well as a broad knowledge of anthropology Jungian psychology astrology and Eastern and esoteric religions He offers a startling interpretation of the Mayan Great Cycle our present Fifth World whose beginning has been projected to 3113 B C and whose cataclysmic end has been predicted by 2011 A D American and British Writers in Mexico, 1556-1973 Drew Way Wayne Gunn, 2014-07-03 *American and British Writers in Mexico* is the study that laid the foundation upon which subsequent examinations of Mexico's impact upon American and British letters have built Chosen by the Mexican government to be

placed in translation in its public libraries the book was also referenced by Nobel Laureate Octavio Paz in an article in the New Yorker Reflections Mexico and the United States Drewey Wayne Gunn demonstrates how Mexican experiences had a singular impact upon the development of English writers beginning with early British explorers who recorded their impressions for Hakluyt's Voyages through the American Beats who sought to escape the strictures of American culture Among the 140 or so writers considered are Stephen Crane Ambrose Bierce Langston Hughes D H Lawrence Somerset Maugham Katherine Anne Porter Hart Crane Malcolm Lowry John Steinbeck Graham Greene Tennessee Williams Saul Bellow William Carlos Williams Robert Lowell Ray Bradbury Allen Ginsberg William Burroughs and Jack Kerouac Gunn finds that while certain elements reflecting the Mexican experience colors landscape manners political atmosphere a sense of the alien are common in their writings the authors reveal less about Mexico than they do about themselves A Mexican sojourn often marked the beginning the end or the turning point in a literary career The insights that this pioneering study provide into our complex cultural relationship with Mexico so different from American and British authors encounters with Continental cultures remain vital The book is essential for anyone interested in understanding the full range of the impact of the expatriate experience on writers *Narcotics Control in Mexico, Herbicide Use* ,1979 **A Mexican-American Family of California** John P.
