an American: Learn the Idioms & Expressions That Will Help You Speak Like a Native! Amy Gillett, 2004 **Speak Business English Like an American** Amy Gillett, 2006 CD and book designed to teach idioms and expressions used in the American business world Fixing Stories Noah Amir Arjomand, 2022-02-17 News fixers are translators and guides who assist foreign journalists. Sometimes key contributors to bold original reporting and other times key facilitators of homogeneity and groupthink in the news media they play the difficult but powerful role of broker between worlds shaping the creation of knowledge from behind the scenes. In *Fixing Stories* Noah Amir Arjomand reflects on the nature of news production and cross cultural mediation. Based on human stories drawn from three years of field research in Turkey this book unfolds as a series of narratives of fixers' career trajectories during a period when the international media spotlight shone on Turkey and Syria. From the Syrian Civil War, Gezi Park protest movement, rise of authoritarianism in Turkey and of ISIS in Syria to the rekindling of conflict in both countries, Kurdish regions and Turkey's 2016 coup attempt, Arjomand brings to light vivid personal accounts and insider perspectives on world shaking events alongside analysis of the role fixers have played in bringing news of Turkey and Syria to international audiences **Conceptual Shifts and Contextualized Practices in Education for Glocal Interaction** Ali Fuad Selvi, Nathanael Rudolph, 2017-11-03 This book employs the realm of English Language Teaching (ELT) as a discursive point of departure to explore how individuals, groups, entities and institutions apprehend, embrace, deal with, manipulate, problematize and resist glocal flows of people, ideas, information, goods and technology. It apprehends and attends to tensions arising from the fluidly local/global construction and negotiation of borders of identity and interaction within a diverse array of contexts and English education therein. These tensions, whether conceptual or pedagogical, may arise in and through governmental and institutional policymaking, teacher training or curriculum and materials development and in the learning experience both within and beyond the classroom as teachers and students engage with course content and each other **The Global Intercultural Communication Reader** Molefi Kete Asante, Yoshitaka Miike, Jing Yin, 2013-06-26 The *Global Intercultural Communication Reader* is the first anthology to take a distinctly non-Eurocentric approach to the study of culture and communication. In this expanded second edition, editors Molefi Kete Asante, Yoshitaka Miike, and Jing Yin bring together thirty-two essential readings for students of cross-cultural, intercultural and international communication. This stand-out collection aims to broaden and deepen the scope of the field by placing an emphasis on diversity, including work from authors across the globe examining the processes and politics of intercultural communication from critical historical and indigenous perspectives. The collection covers a wide range of topics: the emergence and evolution of the field; issues and challenges in cross-cultural and intercultural inquiry; cultural wisdom and communication practices in context; identity and intercultural competence in a multicultural society; the effects of globalization and ethical considerations. Many readings first appeared outside the mainstream Western academy and offer diverse theoretical lenses on culture and communication practices in the world community. Organized into five themed

sections for easy classroom use The Global Intercultural Communication Reader includes a detailed bibliography that will be a crucial resource for today's students of intercultural communication *English for Spanish Speakers: Speak Like a Native* Pasquale De Marco, 2025-07-16 *English for Spanish Speakers Speak Like a Native* is the definitive guide for Spanish speakers seeking to master the English language This comprehensive book is meticulously crafted to cater to your unique needs providing a structured and engaging learning journey that takes you from the basics of English grammar and pronunciation to mastering advanced conversation skills and cultural nuances With a conversational tone and interactive approach this book feels like having a personal tutor by your side Through real life scenarios immersive cultural insights and interactive exercises you'll not only learn the language but also gain a deeper understanding of American society and its people Our expertly designed curriculum is structured to ensure your success You'll start with the fundamentals of English grammar pronunciation and vocabulary building a solid foundation for further learning As you progress you'll tackle more advanced topics such as idioms phrasal verbs and conversational strategies gaining the confidence to communicate effectively in any situation We understand that learning a new language can be challenging but our proven techniques and unwavering support will help you overcome obstacles and celebrate your achievements along the way With this book as your guide you'll embark on an exciting journey to fluency unlocking a world of possibilities and forging meaningful connections *English for Spanish Speakers Speak Like a Native* is more than just a language learning book it's a gateway to new opportunities a bridge to new cultures and a key to unlocking your full potential Join us on this linguistic adventure and transform your life through the power of language If you like this book write a review **Speak British English Like A Native** Louie Jerome, 2009
