Speak Up To Move Up Public Speaking For The Union Representative:

Speak Up to Move Up Duane Beeler,1979 **Labor Rising** Daniel Katz,Richard A. Greenwald,2012 When Wisconsin governor Scott Walker threatened the collective bargaining rights of the state's public sector employees in early 2011 the massive protests that erupted in response put the labor movement back on the nation's front pages It was a fleeting reminder of a not so distant past when the labor question and the power of organized labor was part and parcel of a century long struggle for justice and equality in America Now on the heels of the expansive Occupy Wall Street movement and midterm election outcomes that are encouraging for the labor movement the lessons of history are a vital handhold for the thousands of activists and citizens everywhere who sense that something has gone terribly wrong This pithy and accessible volume provides readers with an understanding of the history that is directly relevant to the economic and political crises working people face today and points the way to a revitalized twenty first century labor movement With original contributions from leading labor historians social critics and activists *Labor Rising* makes crucial connections between the past and present and then looks forward asking how we might imagine a different future for all Americans *Paperbound Books in Print* ,1992
