*Surviving Technopolis* Arthur W. Hunt III, 2013-09-24 Technopolis has no end in view other than bigger faster newer and  
more While giving us many material benefits at least in the short run in its wake are spiritual loss alienation and devastation  
These essays not only evaluate Technopolis but also seek wisdom to cope with our new human made environments Positively  
stated they offer suggestions on how to bring us back into balance Some of our best wisdom in analyzing Technopolis can be  
found in the voices of the Christian humanists Unlike Enlightenment humanism which tends to be human centered Christian  
humanism is concerned with the role of humankind within God's created order G K Chesterton T S Eliot J R R Tolkien and C S  
Lewis represent this tradition They and others like them understood that technological progress with no clear telos obscures  
what Eliot called the permanent things Surviving Technopolis means restoring the things closest to us those old identity

the political context of the maelstrom caused by Michael Manley's attempted Democratic Socialism *A Matter of Seasons*  
revolves around the visionary attempt to alter the destiny of Jamaica's historical trajectory and the characters who occupy  
that stage in one way or another Enter Doug Austin the educated idealistic scion of a well known family Doug attempts to  
break with his family's plantocratic past and its own reverberations in his soul by returning to Jamaica and throwing himself  
into the island's development as a teacher at a secondary school in the country His original intentions and naive idealism are

challenged by the politics of poverty and ultimately broken by the immanence of insurmountable race and class questions and the tragedy which afflicts his family Tragic but touching comic and suspenseful A Matter of Seasons is of immense relevance to Jamaica s ongoing dilemmas
