Spectacle Of Difference:

The Spectacle of Difference Mark Hallett, 1999 He shows how contemporary satirists mixed the materials of high and low art to create hybrid and provocative images that dealt with a broad range of controversial issues including alcoholism the excesses of fashion financial collapse freemasonry political corruption and prostitution Jacket Media Worlds Faye D. Ginsburg, Lila Abu-Lughod, Brian Larkin, 2002-10-23 This landmark collection maps and motivates the anthropological voice in media studies by locating the media in worlds of practice sentiment debate and dissent Using such vivid examples as the image management of the Dalai Lama and the social organization of Nigerian cinema theatres the authors remind us that media machineries are not more magical than the social worlds they inhabit and project Back cover **"Addiction and British Visual Culture, 1751-1919"** Julia Skelly, 2017-07-05 Highly innovative and long overdue this study analyzes the visual culture of addiction produced in Britain during the long nineteenth century The book examines well known images such as William Hogarth's Gin Lane 1751 as well as lesser known artworks including Alfred Priest's painting Cocaine 1919 in order to demonstrate how visual culture was both informed by and contributed to discourses of addiction in the period between 1751 and 1919 Through her analysis of more than 30 images Julia Skelly deconstructs beliefs and stereotypes related to addicted individuals that remain entrenched in the popular imagination today Drawing upon both feminist and queer methodologies as well as upon extensive archival research Addiction and British Visual Culture 1751-1919 investigates and problematizes the long held belief that addiction is legible from the body thus positioning visual images as unreliable sources in attempts to identify alcoholics and drug addicts Examining paintings graphic satire photographs advertisements and architectural sites Skelly explores such issues as ongoing anxieties about maternal drinking the punishment and confinement of addicted individuals the mobility of female alcoholics through the streets and spaces of nineteenth century London and soldiers use of addictive substances such as cocaine and tobacco to cope with traumatic memories following the First World War **Authentic** Jodi-Ann Burey, 2025-09-30 A bold call to rethink authenticity at work Workplace dynamics in recent years have been a dizzying storm of broken promises Companies that once encouraged employees to come as you are and bring your full authentic self to work are now shutting down initiatives part of an ongoing cycle of trading on our identities when it's convenient and profitable Jodi Ann Burey writer and critic known for her TED talk The Myth of Bringing Your Full Authentic Self to Work delves into the dangers of disclosure in environments that aren't built for our well being With insights from pop culture academic research and interviews with other professionals of color Burey argues that we deserve better than shallow ploys for representation Our physical and emotional health are at risk and too much is sacrificed for ourselves and for collective progress when our full potential is blocked by racism sexism homophobia transphobia and ableism Authentic is a powerful reckoning and now is the time to reclaim our agency Even at work Borish's Clinical Refraction - E-Book William J.
