Taylor, 2022-02-18 Finding silence amidst restlessness is what makes creative life possible and death comprehensible But how do we find more importantly how do we understand silence while immersed in the chattering of the digital age Have we forgotten how to listen Are we less prepared than ever for the ultimate silence that awaits us all Mark C Taylor's new book is a philosophy of silence for our nervous buzzing present a timely work for a world where noise is a means of distraction domination and control Here Taylor asks the reader to pause long enough to hear what is not said and to attend to what remains unsayable But in his account our way to hearing silence is to see it Taylor explores variations of silence by considering the work of leading modern and postmodern visual artists from Barnett Newman and Ad Reinhardt to James Turrell and Anish Kapoor Drawing also on the insights of philosophers theologians writers and composers he weaves a rich narrative modeled on the Stations of the Cross We come from and return to silence in between silence is the gap hesitation interval that allows thoughts to form and words to emerge he writes His chapter titles suggest our positions toward silence or rather our pre positions Without Before From Beyond Against Within Around Between Toward With In Recasting Hegel's phenomenology of spirit and Kierkegaard's stages on life's way Taylor translates the traditional Via Dolorosa into a Nietzschean Via Jubilosa that affirms silence in the midst of noise light in the midst of darkness      **Henri Matisse, Ellsworth Kelly** Henri Matisse, Rémi Labrusse, Éric de Chasse, Musée national d'art moderne.
