The Chinese Revolution And Mao Zedong In World History In World History:

The Chinese Revolution and Mao Zedong in World History Ann Malaspina, 2004 Mao Zedong leader of the Chinese Revolution rescued China from years of corrupt rule foreign domination and civil war Through Mao's tactics of guerilla warfare and peasant support China became a Communist nation in 1949 Mao unified China under a central government yet the legacy of his achievements and mistakes still lingers By isolating China for over two decades Mao let it lag behind the progress made in other countries In *The Chinese Revolution and Mao Zedong in World History* author Ann Malaspina relates the history of the Chinese Communist party and the People's Republic of China during the time of Mao Zedong Key events include the Great Leap Forward the Cultural Revolution and Mao's helping China emerge from isolation by reaching out to the United States Book jacket

The Tragedy of Liberation Frank Dikötter, 2013-09-24 A groundbreaking chronicle of the violent early years of the People's Republic of China by the author of the BBC Samuel Johnson Prize winning *Mao's Great Famine* The Chinese Communist party refers to its victory in 1949 as a liberation In China the story of liberation and the revolution that followed is not one of peace liberty and justice It is first and foremost a story of calculated terror and systematic violence So begins Frank Dikötter's stunning and revelatory chronicle of Mao Zedong's ascension and campaign to transform the Chinese into what the party called New People Following the defeat of Chiang Kai-shek in 1949 after a bloody civil war Mao hoisted the red flag over Beijing's Forbidden City and the world watched as the Communist revolution began to wash away the old order Due to the secrecy surrounding the country's records little has been known before now about the eight years that followed preceding the massive famine and Great Leap Forward Drawing on hundreds of previously classified documents secret police reports unexpurgated versions of leadership speeches eyewitness accounts of those who survived and more *The Tragedy of Liberation* bears witness to a shocking largely untold history Interweaving stories of ordinary citizens with tales of the brutal politics of Mao's court Frank Dikötter illuminates those who shaped the liberation and the horrific policies they implemented in the name of progress People of all walks of life were caught up in the tragedy that unfolded and whether or not they supported the revolution all of them were asked to write confessions denounce their friends and answer queries about their political reliability One victim of thought reform called it a carefully cultivated Auschwitz of the mind Told with great narrative sweep *The Tragedy of Liberation* is a powerful and important document giving voice at last to the millions who were lost and casting new light on the foundations of one of the most powerful regimes of the twenty first century

Global History in China Xin Fan, 2024-06-30 This book explores global history as an emerging field of scholarly studies in China today Readers are invited to rethink the origin of global history in China and to examine its current state Chinese scholarship is rooted in a warm appreciation of globalization in the age of Opening up and Reform and presented as a trendy transnational intellectual movement at the opening of the twenty first century On the one hand global history claims an identity of the new eager to criticize the Eurocentric bias embedded in the narratives of the old

ones from world history on the other hand as an emerging field it is yet to face competitions from national histories and area studies which are nurtured by latest state initiatives with outspoken political agendas As a whole global history captures Chinese scholars tenacious interest in studying globalization through the lens of history This book will interest historians China scholars and those trying to grasp the Chinese perspective on the world *The Structure of World History* Kojin Karatani,2014-03-28 In this major paradigm shifting work Kojin Karatani systematically re reads Marx s version of world history shifting the focus of critique from modes of production to modes of exchange Karatani seeks to understand both Capital Nation State the interlocking system that is the dominant form of modern global society and the possibilities for superseding it In *The Structure of World History* he traces different modes of exchange including the pooling of resources that characterizes nomadic tribes the gift exchange systems developed after the adoption of fixed settlement agriculture the exchange of obedience for protection that arises with the emergence of the state the commodity exchanges that characterize capitalism and finally a future mode of exchange based on the return of gift exchange albeit modified for the contemporary moment He argues that this final stage marking the overcoming of capital nation and state is best understood in light of Kant s writings on eternal peace *The Structure of World History* is in many ways the capstone of Karatani s brilliant career yet it also signals new directions in his thought **Mao Zedong and China in the Twentieth-Century World** Rebecca E.

Karl,2010-08-13 Describes Mao Zedongs life and thought in relation to the Chinese revolution and twentieth century history

Red Star Over China Edgar Snow,1968 The iconic history of the Chinese Communist leaders who forever changed the course of China The first Westerner to meet Mao Tse tung and the Chinese Communist leaders in 1936 Edgar Snow came away with the first authorized account of Mao s life as well as a history of the famous Long March and the men and women who were responsible for the Chinese revolution Out of that experience came *Red Star Over China* a classic work that remains one of the most important books ever written about the birth of the Communist movement in China This edition includes extensive notes on military and political developments in China further interviews with Mao Tse tung a chronology covering 125 years of Chinese revolution and nearly a hundred detailed biographies of the men and women who were instrumental in making China what it is today *The Korean War in World History* William Stueck,2004-05-14 The Korean

War in *World History* features the accomplishments of noted scholars over the last decade and lays the groundwork for the next generation of scholarship These essays present the latest thinking on the Korean War focusing on the relationship of one country to the war William Stueck s introduction and conclusion link each essay to the rich historiography of the event and suggest the war s place within the history of the twentieth century The Korean War had two very different faces On one level the conflict was local growing out of the internal conditions of Korea and fought almost entirely within the confines of a small Asian country located far from Europe The fighting pitted Korean against Korean in a struggle to determine the balance of political power within the country Yet the war had a huge impact on the international politics of the Cold War Combat

threatened to extend well beyond the peninsula potentially igniting another global conflagration and leaving in its wake a much escalated arms race between the Western and Eastern blocs The dynamics of that division remain today threatening international peace and security in the twenty first century Contributors Lloyd Gardner Chen Jian Allan R Millett Michael Schaller and Kathryn Weathersby *The Routledge Companion to the French Revolution in World History* Alan Forrest,Matthias Middell,2015-09-16 The Routledge Companion to the French Revolution in World History engages with some of the most recent trends in French revolutionary scholarship by considering the Revolution in its global context Across seventeen chapters an international team of contributors examine the impact of the Revolution not only on its European neighbours but on Latin America North America and Africa assess how far events there impacted on the Revolution in France and suggest something of the Revolution s enduring legacy in the modern world The Companion views the French Revolution through a deliberately wide lens The first section deals with its global repercussions from the Mediterranean to the Caribbean and includes a discussion of major insurrections such as those in Haiti and Venezuela Three chapters then dissect the often complex and entangled relations with other revolutionary movements in seventeenth century Britain the American colonies and Meiji Japan The focus then switches to international involvement in the events of 1789 and the circulation of ideas people goods and capital In a final section contributors throw light on how the Revolution was and is still remembered across the globe with chapters on Russia China and Australasia An introduction by the editors places the Revolution in its political historical and historiographical context The Routledge Companion to the French Revolution in World History is a timely and important contribution to scholarship of the French Revolution **A Global History of the Twentieth Century** Michael J. Green,Nicholas Szechenyi,2017-02-01 In this volume a distinguished group of scholars examine the national experiences of six major twentieth century powers the United States Japan Turkey China India and Germany to discern the centuries legacies for today and the lessons for tomorrow They explore core themes including anticolonialism democracy socialism nationalism industrialization nuclear weapons and globalization and provide their own personal interpretations of the century as well as their respective nation s experiences and historical memory of the era Together they provide a broad historical context of the forces that shaped the twentieth century that will be of interest to scholars and students of history as well as policymakers *World History* Candice Goucher,Linda Walton,2013-07-24 World History Journeys from Past to Present uses common themes to present an integrated and comprehensive survey of human history from its origins to the present day By weaving together thematic and regional perspectives in coherent chronological narratives Goucher and Walton transform the overwhelming sweep of the human past into a truly global story that is relevant to the contemporary issues of our time Revised and updated throughout the second edition of this innovative textbook combines clear chronological progression with thematically focused chapters In this volume chapters are divided into three parts as follows PART 4 BRIDGING WORLDS 1300 1800 CE PART 5 TRANSFORMING LIVES 1500 1900 PART 6 FORGING A GLOBAL

COMMUNITY 1800 Present The expanded new edition boasts an impressive full color design with a host of illustrations maps and primary source excerpts integrated throughout Chapter opening timelines supply context for the material ahead while end of chapter questions and annotated additional resources provide students with the tools for independent study Each chapter and part boasts introductory and summary essays that explain and guide the reader in comprehending the relevant theme In addition the companion website offers a range of resources including an interactive historical timeline an indispensable study skills section for students tips for teaching and learning thematically and PowerPoint slides lecture material and discussion questions in a password protected area for instructors This textbook provides a basic introduction for all students of World History while at the same time incorporating the thematic perspectives that encourage critical thinking link to globally relevant contemporary issues and stimulate further study
