Ferdinand Christian Baur

The Christian Gnosis:

Christian Gnosis Ferdinand Christian Baur, 2020-06-17 Baur published *Die christliche Gnosis* in 1835. It was his first great religious historical study and the most important book on Gnosticism published in the nineteenth century. It is now recognized as having a pivotal status in Baur studies. In it, Baur offers a unique thesis about a link between ancient and modern religious philosophy. Gnosis is a type of religious philosophy that contains ideas about the relationship between God, world, and human beings as expressed in concrete religious traditions and practices. As such, it makes an important contribution to Christian theology. In the first part, Baur develops a concept of gnosis in dialogue with his predecessors and contemporaries. He classifies the gnostic systems in terms of how they conceive the relationship of Christianity to Judaism and paganism and then describes them in detail: Valentinus, Ophites, Bardesanes, Saturninus, Basilides, Marcion, Pseudo-Clementines. Following transitional sections on the criticism of and reaction to gnosis in church history, the book ends with modern religious philosophy: Boehme, Schelling, Schleiermacher, and Hegel. Baur's first discussion of these major thinkers. This book was written over a hundred years before the manuscript discovery at Nag Hammadi, which awakened a lively interest in Gnosticism that continues to the present day. *A Separate God* Simone Pétrement, 1990 [The Christian Gnosis](#) Charles Webster Leadbeater, 1983-01 **Christian Gnosis** Ferdinand Christian Baur, 2023-01-26 Ferdinand Christian Baur's *Die Christliche Gnosis*, first published in 1835, is considered by many to be the most important book on Gnosticism published in the nineteenth century and is a pivotal work within Baur's canon. Baur's unique thesis of a link between ancient and modern religious philosophy, as well as his conception of Gnosticism developed through dialogues with his predecessors and contemporaries, consolidate *Christian Gnosis* as an important contribution to Christian theology. In this seminal work, written over a hundred years before the manuscript discovery at Nag Hammadi, Baur classifies the gnostic systems in terms of how they conceive the relationship of Christianity to Judaism and paganism, describing them in detail. He then goes on to describe the criticism of and reaction to gnosis in church history before contending with the modern religious philosophy of his time, discussing Boehme, Schelling, Schleiermacher, and Hegel. *Christian Gnosis* is Baur's first great religious historical study, and Robert Brown's masterful translation ensures the work is as impactful today as it was on its first publication. *Christian Gnosis* C. W. Leadbeater, 2011-06-28 A clairvoyant author on the occult and co-founder of the Liberal Catholic Church provides his 1920 introduction to esoteric Christianity that presents a message for open-mindedness and a new attitude toward the idea of sin and the purpose of life on earth. Original **The Truth of Christian Gnosis** Jean Borella, 2023-09-03 For more than thirty years, those zealous for a certain orthodoxy in Catholicism have denounced Jean Borella as a supporter of that most pernicious of Christian heresies, gnosis. Here he responds to his detractors not to refute their baseless accusations but to set before the eyes of readers the intricacies of a very complex topic. To this end, he retrieves and contextualizes findings from the history of religious ideas that attest to the scriptural foundation and rigorous orthodoxy of
