The Far Side Of Nowhere:

The Far Side of Nowhere Nelson S. Bond, 2002 Minus Twelve and Occupation Demigod *The Far Side of the Sky* Daniel Kalla, 2012-06-05 A Jewish doctor in WWII Shanghai must protect his family and community in this amazing novel of terror, love, and resilience in the face of danger. Huffington Post. On November 9, 1938, the Nazis unleash a night of terror for Jews all across Germany. Meanwhile, the Japanese Imperial Army rampages through China and tightens its stranglehold on Shanghai, a city that becomes the last haven for thousands of desperate European Jews, including the renowned surgeon Dr. Franz Adler and his daughter. At a refugee hospital, Franz meets an enigmatic nurse, Soon Yi Sunny Mah. The chemistry between them is intense and immediate, but her life is soon shattered by the deadly chaos of war. In the aftermath of the Japanese attack on Pearl Harbor, danger escalates for Shanghai's Jews, and Franz must do everything in his power to protect the refugee hospital and his family. *The Far Side of the Sky* focuses on a short but extraordinary period of Chinese, Japanese, and Jewish history when cultures converged and heroic sacrifices were part of the everyday quest for survival. **The Far Side of Paradise** Robyn Donald, 2014-09-22 Her awakening in paradise. Instead of the heartless seductress Cade Peredur expected, Taryn's blue eyes reveal an innocent sweetness clouded by private mystery. Determined to gain her trust and find out the real story, Cade sweeps her away to the dreamy tropical island of Fala'isi and finds himself unprepared for the raw, passionate power of their steamy nights. A disastrous engagement has left Taryn wary of men, but Cade stirs feelings she's never known before. However, when Cade's identity is revealed, will Taryn's paradise fantasy be washed away with the Pacific tides. **On the Far Side of Dreams**, **From the Far Side of the River** Paul Quarrington, 2012-01-06 As he braves rills, rivers, and ocean waters in search of his elusive quarry, Paul Quarrington's casts are as likely to call up thoughts of his troubled marriage, his father's death, or one of midlife's existential questions as they are to yield a fish, big or small. But whatever his trials and triumphs, he is never without his wickedly perverse sense of humor. Whether you're a dedicated river wader or an armchair angler, you'll find him an irresistible companion. *The Far Side of Forever* Robert Zorich, 2013-08-20 Time. Immutable. Untouchable. A river always streaming past us. Something we can't ever turn back or fix. Or can we? John Gillian, renowned physicist and Rebecca Harleson, renaissance thinker and mathematician, and their team have created the first machine capable of sending messages through infinite time and space. Their invention causes shock waves throughout the world and becomes the target of protestors and unscrupulous politicians. The possibilities for misuse are endless. When the newly appointed Secretary of Technology Development takes over the project to prevent a tragedy from occurring, the warnings of side effects are ignored. The results are a world spinning out of control as great paradoxes are manifested around the team and their device. Now only Gillian and his team can get back to the source and stop the escalating events before they unfold. **Return to the Far Side of Planet Moore!** Martin Mobberley, 2015-03-20 The result of an exhaustive study of Sir Patrick Moore's observations of the Moon and planets for more than 60 years, this book is a fantastic companion to the

extremely popular *It Came From Outer Space Wearing an RAF Blazer* written by the same author Moore recorded his telescopic observations in his logbooks which are reproduced and described here in detail along with his sketches and notes In this light the author discusses the factors that caused Moore to switch from lunar observing to planetary and variable star observing He has also included personal recollections and humorous anecdotes from Moore's friends and acquaintances as well as a look at his best loved books Further chapters describe Moore's foreign travels and correspondence with those back home Lastly the author has not neglected a few of Moore's most memorable television and radio appearances which are examined along with a close up of what it was like to visit Moore's beloved home of Farthings in Selsey Essentially this is a book written by popular demand from the readers of the author's original biography who craved more of Moore [Polyglot from the Far Side of the Moon](#) Lauren F. Pfister, 2022-03-24 Though recognized in the latter part of the 19th century as the greatest Orientalist in Britain the Geneva born Anglican priest Solomon Caesar Malan 1812-1894 was such an extraordinary person that he has defied any scholarly person to write a critical account of his life and works Consequently almost no one has written anything critically appreciative and insightful about him since his death A polymath with extraordinary talent for languages and sketching among other specialized skills Malan focused much of his life on assessing biblical translations in ancient Middle Eastern and East Asian languages while also producing English translations of alternative expressions of Christianity found in north Africa the Middle East and Asia A life long interest of his was comparing the proverbs of his namesake King Solomon with proverbial wisdom from as many cultures and languages as he could find That interest culminated in a three volume work that enshrined his achievements realized through his capacities as a hyperpolyglot within the context of a search for shared wisdom across many cultures In this volume produced by a team of collaborators from a wide range of scholarly interests and varying expertise we have presented a critically assessed account of the life and key works produced by Solomon Caesar Malan In fact it is the first work of its kind on Malan written since his death now having occurred more than 125 years ago Readers will journey through an itinerary that starts in Geneva before it became part of Switzerland moves to Great Britain and ultimately into one of the colleges in Oxford Subsequently it moves us into an exploration of the journey of his life that involved a huge range of places people and languages starting in Calcutta touching unusual figures from Hungary India and China Those seminal experiences led Malan into studies of languages related to even more distant cultural worlds in Central Southeastern and East Asia The historians among us have delved into Malan's life in Calcutta Geneva and Dorsetshire while others have explored the nature of his hyperpolyglossia and tested the quality of his understanding of ancient literature in classical languages that include Chinese Manchurian Sanskrit and Tibetan Notably Malan's personal library was so unique that when he donated it to his alma mater at Oxford University it became one of the major bibliographic precedents for what is now the Oriental Division in the Bodleian Libraries Yet when one follows the twists and turns of his life's journey and the surprises that occur from documenting the history and content of the Malan

Library as well as critically analysing aspects of his opus magnum *Original Notes on the Book of Proverbs* 1889 1893 we believe both general readers and scholarly specialists will be entranced *The Far Side of the Night* Jan-Philipp Sendker,2019-02-07 During a trip to China Paul and Christine experience the nightmare of every parent their four year old son is threatened with kidnap The only safe place for the family is the US embassy in Beijing but they are two thousand miles away with the police searching frantically for them and all airports train stations and major roads under surveillance They ll have no chance without help from strangers but who will be willing to risk their lives for them Suspenseful and rife with the page turning storytelling that has come to define Sendker s work *Far Side of the Night* is a brilliant and timely thriller that offers a penetrating look into contemporary China **The Far Side of the World (Vol. Book 10) (Aubrey/Maturin Novels)** Patrick O'Brian,2011-12-05 The tenth installment in the beloved epic Aubrey Maturin series and inspiration for the major motion picture starring Russell Crowe The War of 1812 continues and Captain Jack Aubrey sets course for Cape Horn on a mission after his own heart intercepting a powerful American frigate outward bound to wreak havoc with the British whaling trade Meanwhile Stephen Maturin has a mission of his own in the world of secret intelligence and comes face to face with the harsh realities for women of the age Disaster in various guises awaits them in the Great South Sea and in the far reaches of the Pacific typhoons castaways shipwrecks an ill fated affair murder and criminal insanity as well as a bold rescue by a crew of seafaring female warriors

Unveiling the Energy of Verbal Artistry: An Mental Sojourn through **The Far Side Of Nowhere**
