Jack Ernest Shalom Hayward

The Fascist Ego A Political Biography Of Robert Brasillach:

The Fascist Ego William R. Tucker,1975 **The Fascist Ego** William R. Tucker,1975 **A History of Fascism, 1914-1945** Stanley G. Payne,1996-01-01 A History of Fascism is an invaluable sourcebook offering a rare combination of detailed information and thoughtful analysis It is a masterpiece of comparative history for the comparisons enhance our understanding of each part of the whole The term fascist used so freely these days as a pejorative epithet that has nearly lost its meaning is precisely defined carefully applied and skillfully explained The analysis effectively restores the dimension of evil Susan Zuccotti The Nation A magisterial wholly accessible engaging study Payne defines fascism as a form of ultranationalism espousing a myth of national rebirth and marked by extreme elitism mobilization of the masses exaltation of hierarchy and subordination oppression of women and an embrace of violence and war as virtues Publishers Weekly

Reconciling France against Democracy Sean M. Kennedy,2007-02-27 Kennedy describes how the Croix de Feu promised to restore patriotic unity to France but instead demonized the organization s enemies as unfit to be French its successor the Parti Social Fran ais professed a respect for democracy but actually promoted an authoritarian nationalist vision Previous studies have focused on whether the Croix de Feu and the Parti Social Fran ais should be considered fascist Reconciling France against Democracy assesses them from a variety of perspectives and considers the extent to which they foreshadowed Jean Marie Le Pen s Front National The Extreme Right in France James Shields,2007-05-07 A comprehensive new historical study of the extreme right in France from the Vichy regime to the present day The Front National has for some years been France s third political party and the most significant extreme right force in Europe its leader Jean Marie Le Pen contested the second round of the 2002 presidential election with 5.5 million votes This wide ranging and authoritative book examines the resurgence of right wing extremism in France from a historical perspective tracing the political lineage of Le Pen and the FN through key figures and movements on the French extreme right since 1940 Part 1 devotes chapters to the Vichy regime the aftermath of the Occupation the Poujadist movement the Algerian War the Nouvelle Droite and extreme right ideology and activism in the 1960s and 1970s Part 2 analyzes the electoral rise of the FN its evolving programme and exploitation of salient issues the geography and sociology of its electorate its exercise of local power and its impact on national political culture in contemporary France The FN it is argued represents both the latest manifestation of a long tradition of right wing radicalism and a complex new phenomenon within the changing social and political dynamics of France today This is an essential book for all readers with an interest in French and European politics and modern history *French Literary Fascism* David Carroll,2021-01-12 This is the first book to provide a sustained critical analysis of the literary aesthetic dimension of French fascism the peculiarly French form of what Walter Benjamin called the fascist aestheticizing of politics Focusing first on three important extremist nationalist writers at the turn of the century and then on five of the most visible fascist intellectuals in France in the 1930s David Carroll shows how both traditional and

modern concepts of art figure in the elaboration of fascist ideology and in the presentation of fascism as an art of the political. Carroll is concerned with the internal relations of fascism and literature: how literary fascists conceived of politics as a technique for fashioning a unified people and transforming the disparate elements of society into an organic, totalized work of art. He explores the logic of such aestheticizing as well as the assumptions about art, literature, and culture at the basis of both the aesthetics and politics of French literary fascists. His book reveals how not only classical humanism but also modern aesthetics that defend the autonomy and integrity of literature became models for xenophobic forms of nationalism and extreme cultural forms of anti-Semitism. A cogent analysis of the ideological function of literature and culture in fascism, this work helps us see the ramifications of thinking of literature or art as the truth or essence of politics. Young Mussolini and the Intellectual Origins of Fascism Anthony James Gregor, University of California, Institute of Internal Studies, 1979-01-01

Fascism and the Right in Europe 1919-1945 Martin Blinkhorn, 2014-07-22 This new text places interwar European fascism squarely in its historical context and analyses its relationship with other right-wing authoritarian movements and regimes. Beginning with the ideological roots of fascism in pre-1914 Europe, Martin Blinkhorn turns to the problem-torn Europe of 1919 to 1939 in order to explain why fascism emerged and why in some settings it flourished while in others it did not. In doing so, he considers not just the major fascist movements and regimes of Italy and Germany but the entire range of fascist and authoritarian ideas, movements, and regimes present in the Europe of 1919-1945. **The Columbia History of Twentieth-century French Thought** Lawrence D. Kritzman, Brian J. Reilly, M. B. DeBevoise, 2006 This valuable reference is an authoritative guide to 20th-century French thought. It considers the intellectual figures, movements, and publications that helped define fields as diverse as history, psychoanalysis, film, philosophy, and economics. *Fragmented France* Jack Ernest Shalom Hayward, 2007-04-26 Hayward explores the way in which the French define their identity by opposition to the Anglo-Saxons: first England, now America. The prologue explores France's self-image by contrast with the Anglo-American counter-identity.

Ignite the flame of optimism with Crafted by is motivational masterpiece, Find Positivity in **The Fascist Ego A Political Biography Of Robert Brasillach** . In a downloadable PDF format (*), this ebook is a beacon of encouragement. Download now and let the words propel you towards a brighter, more motivated tomorrow.
