The Fastfood Guide Whats Good Whats Bad And How To Tell The Difference

Alan M. Rees, Catherine Hoffman

The Fastfood Guide Whats Good Whats Bad And How To Tell The Difference:

Fast Food Andrew F. Smith, 2016-04-15 The single most influential culinary trend of our time is fast food It has spawned an industry that has changed eating the most fundamental of human activities From the first flipping of burgers in tiny shacks in the western United States to the forging of neon signs that spell out Pizza Hut in Cyrillic or Arabic scripts the fast food industry has exploded into dominance becoming one of the leading examples of global corporate success And with this success it has become one of the largest targets of political criticism blamed for widespread obesity cultural erasure oppressive labor practices and environmental destruction on massive scales In this book expert culinary historian Andrew F Smith explores why the fast food industry has been so successful and examines the myriad ethical lines it has crossed to become so As he shows fast food plain and simple devised a perfect retail model one that works everywhere providing highly flavored calories with speed economy and convenience But there is no such thing as a free lunch they say and the costs with fast food have been enormous an assault on proper nutrition a minimum wage labor standard and a powerful pressure on farmers and ranchers to deploy some of the worst agricultural practices in history As Smith shows we have long known about these problems and the fast food industry for nearly all of its existence has been beset with scathing exposés boycotts protests and government interventions which it has sometimes met with real changes but more often with token gestures blame passing and an unrelenting gauntlet of lawyers and lobbyists Fast Food ultimately looks at food as a business an examination of the industry's options and those of consumers and a serious inquiry into what society can do to ameliorate the problems this cheap and tasty product has created

Reading Programs for Young Adults Martha Seif

Simpson, 2015-11-16 School and public libraries often provide programs and activities for children in preschool through the sixth grade but there is little available to young adults For them libraries become a place for work the place to research an assignment or find a book for a report but the thought of the library as a place for enjoyment is lost So how do librarians recapture the interest of teenagers This just might be the answer Here you will find theme based units such as Cartoon Cavalcade Log On at the Library Go in Style Cruising the Mall Space Shots Teens on TV and 44 others that are designed for young adults Each includes a display idea suggestions for local sponsorship of prizes a program game to encourage participation 10 theme related activities curriculum tie in activities sample questions for use in trivia games or scavenger hunts ideas for activity sheets a bibliography of related works and a list of theme related films The units are highly flexible allowing any public or school library to adapt them to their particular needs
