The Female Pentecost:

The Female Pentecost Lucia Sannella, 1976 Dismantling the Dualisms for American Pentecostal Women in Ministry Lisa Stephenson, 2011-09-30 This book analyzes the historical and theological factors resulting in the present situation among American Pentecostal women in ministry and proposes a Feminist Pneumatological anthropology and ecclesiology that address the problematic dualisms that have perpetuated Pentecostal women's ecclesial restrictions **Women in Pentecostal and Charismatic Ministry**, 2016-11-01 Women in Pentecostal and Charismatic Ministry Informing a Dialogue on Gender Church and Ministry co edited by Margaret English de Alminana and Lois E Olena concerns women and Pentecostalism It introduces the way the Pentecostal charismatic movement has been shaped by and has shaped women from its beginning and offers a wide variety of responses to the opportunities and limitations women have experienced in their commitment to religious service Scholars activists leaders and exemplars from a variety of disciplines reflect on the question How have women responded to a religious context that has depended upon their gifts while at the same time limited their voices and perspectives This volume offers missing and or silent voices an important corrective and a way forward to shape gender focused discussions Contributors are Estrela Yvonne Alexander Peter Althouse Linda M Ambrose Melissa L Archer Amy C Artman Denise A Austin Kate Bowler Barbara Cavaness Parks Loralie Robinson Crabtree Naomi Dowdy Margaret English de Alminana Beth A Elizabeth Grant Jacqueline Grey Mimi R Haddad Jennifer A Miskov Stephanie L Nance Lois E Olena Ava Kate Oleson Joy E A Qualls and Zachary Michael Tackett *Sisters, Mothers, Daughters: Pentecostal Perspectives on Violence against Women*, 2022-06-13 This volume explores issues and themes related to violence against women It is distinctive in two ways First the editors have convened an international cohort of contributing scholars whose assessment of the pervasiveness and urgency of the problems and their proposals for solutions derives from their pneumatology their theology of the Holy Spirit Second this book represents quite simply the first sustained effort to bring together in one volume Pentecostal voices from a variety of academic disciplines ecclesial traditions and cultural situations to address the urgent issues associated with violence toward women **Women and Monastic Reform in the Medieval West, C. 1000-1500** Julie Hotchin, Jirki Thibaut, 2023 New approaches to understanding religious women's involvement in monastic reform demonstrating how women's experiences were more ambiguous and multi layered than previously assumed Over the last two decades scholarship has presented a more nuanced view of women's attitude to and agency in medieval monastic reform challenging the idea that they were by and large unwilling to accept or were necessarily hostile towards reform initiatives Rather it has shown that they actively participated in debates about the ideas and structures that shaped their religious lives whether rejecting embracing or adapting to calls for reform contingent on their circumstances Nevertheless fundamental questions regarding the gendered nature of religious reform are ripe for further examination This book brings together innovative research from a range of disciplines to re evaluate and enlarge our knowledge of women's

involvement in spiritual and institutional change in female monastic communities over the period c 1000 c 1500 Contributors revise conventional narratives about women and monastic reform and earlier assumptions of reform as negative or irrelevant for women Drawing on a diverse array of visual material and textual sources it presents snapshots of reform from western Europe stretching from Ireland to Iberia Case studies focussing on a number of different topics from tenth century female saints lives to fifteenth century liturgical books from the tenth century Leominster prayerbook to archaeological remains in Ireland from embroideries and tapestries to the rebellious nuns of Sainte Croix in Poitiers offer a critical reappraisal of how monastic women and their male associates reflected individually and collectively on their spiritual ideals and institutional forms

Women of the Place Margaret Jolly, 2014-06-11 Women of the Place is a study of gender relations in the kastom communities of South Pentecost Vanuatu It considers kastom in these communities not as an eternal tradition but rather as a way of life an identity in relation and in resistance to the forces of European development The way in which Christian missions the labour trade and the development of Western political institutions had a divergent impact on women and men is explored The relations between persons and things is highlighted in an examination of the myths and rituals of the life cycle and of grade taking The significance of this ritual is located in the context of colonial history particularly the impact of pacification on men Finally the book considers more generally kastom and gender in the post colonial state Philip's

Daughters Estrela Y. Alexander, Amos Yong, 2009-01-01 This volume brings together twelve scholars from a variety of scholarly fields including biblical studies history theology sociology anthropology and missiology in a multi disciplinary exploration of themes related to women s leadership within the three branches of the renewal movement Holiness Pentecostal and Charismatic traditions These scholars women and men from both within and outside the traditions draw on various methodologies including hermeneutics ethnography critical theory and historical analysis to explore the experiences and contributions of women from the movement s inception to the present They keep before us the challenges that still impact women s full participation as equal partners in ministry and leadership on both the American and global scene The volume looks at the multiple roots of women s marginalization within the renewal movement while suggesting progressive solutions that take seriously the social locations of Pentecostal and Charismatic congregations and the theological foundations on which the movement has been built At the same time it locates these discussions within the broader postmodern realities facing the church as it attempts to faithfully live out its witness to the biblical truth that both male and female are created in the God s image and endowed with the capacity to work creatively toward the unfolding of the Kingdom

The Pentecostal Gender Paradox Joseph Lee Dutko, 2023-11-16 The distinct subjects of eschatology and gender equality have seen an explosion of interest in recent decades particularly within Pentecostal scholarship Pentecostalism is regarded ideally as both an eschatological and egalitarian movement However many Pentecostals have lamented the inconsistency between the early egalitarian impulse of the movement and its current restrictive practices This situation has

been described as the so called Pentecostal gender paradox referring to the conflicting freedoms and limitations experienced by Pentecostal women Pentecostals have also recognized the waning eschatological fervor within the movement and its shifting eschatological convictions leading to calls to rediscover the eschatological heart of the movement Despite the renewed interest in both eschatology and women s equality little research has been done to put these two areas into conversation with each other eschatological convictions are often absent in the debate on gender roles in the church For Pentecostals eschatology has often been about urgency in saving souls rather than attending to social issues but could Pentecostal eschatology be the key to re discovering greater equality for women in the church Is the waning of both eschatology and women s equality within Pentecostalism potentially interrelated For over one hundred years the role of women in Pentecostalism has been debated without a firm consensus By examining gender solely through an eschatological lens in history Scripture and praxis this work provides a valuable and creative contribution to one of the most important theological and global issues of our time women s in equality This book is also one of the first comprehensive studies to approach a single social issue solely through an eschatological lens and to provide attention to developing a thorough and methodologically connected eschatological praxis By uncovering the unified eschatological egalitarian narrative thread within both the Pentecostal and biblical story this work suggests that the present end of women s inequality begins with fidelity to the future eschaton of gender equality
