R Bogdan

The Finger Of God Sermons On Faith And Socio Political Responsibility:

The Finger of God Allan Boesak,1982 *The Finger of God* Allan A. Boesak,1982 *The Finger of God* Allan Boesak,1982 *Preaching the Manifold Grace of God, Volume 1* Ronald J. Allen,2022-06-08 Preaching the Manifold Grace of God is a two volume work describing theologies of preaching from the historical and contemporary periods Volume 1 focuses on historical theological families Orthodox Roman Catholic Lutheran Reformed Anabaptist Anglican Episcopal Wesleyan Baptist African American Stone Campbell Friends and Pentecostal Volume 2 focuses on families that are evangelical liberal neo orthodox postliberal existential radical orthodox deconstructionist Black liberation womanist Latinx liberation Mujerista Asian American Asian American feminist LGBTQAI Indigenous postcolonial and process In each case the author describes the circumstances in which the theological family emerged and describes the purposes and characteristics of preaching from that perspective Festschrift in honour of Allan Boesak Charles Daniel Flaendorp,Nathan Carolus Philander,Mary Anne Plaatjies van Huffel,2016-10-10 Allan Aubrey Boesak renowned theologian anti apartheid activist and politician turned 70 on 23 February 2016 and in his honour a number of his friends colleagues and students contributed to this festschrift These essays can be regarded as academic commentary impressionistic overviews or brief notes on the life and work of Allan Boesak For much of his public life Boesak has been a controversial figure for the politically oppressed during the apartheid years he represented their anger and resistance for the politically dominant he was an irritant a troublesome preacher The contributors write with unconcealed admiration about Boesak s theological and political activism leadership eloquence and intelligence His life and his formation as a black liberation theologian are recounted often framed by the contributor s view of his prophetic calling **Essays on Being Reformed** Dirkie Smit,2009-12-01 What does it mean to be Reformed Christians in the world today and in Africa and South Africa What does it mean to commemorate the legacy of John Calvin 1509 1564 after 500 years in a modern world characterised by democracy by popular notions of human dignity and human rights by worldwide struggles for individual freedoms and for social justice by a global economy in crisis when social historians argue about the lasting contribution of Calvin and his followers precisely with respect to all these modern phenomena The 28 essays by Dirkie Smit selected for this volume deal with such questions *Theology and the (post)apartheid condition* Rian Venter,2016-12-01 Knowledge transmission and generation belong to the core mission of the public university In democratic South Africa the transformation of these processes and practices in higher education has become an urgent and contested task The Faculty of Theology at the University of the Free State has already done some original work on the implications of these for theology One area of investigation that has not yet received due attention concerns the role of theological disciplines and especially the relation between academic disciplines and societal dynamics This research project addresses the challenge and this volume reflects the intellectual endeavour of lectures research fellows and a post graduate student associated with the faculty Each theological discipline has its own history and has already experienced reconstruction both

globally and in South Africa Some of these genealogical developments and re envisioning are mapped by the contributions in this volume The critical questions addressed are what are the contours of the post apartheid condition and what are the implications for responsible disciplinary practices in theology The chapters convey an impression of the vitality of theology at the University of the Free State and in South Africa and give expression to fundamental shifts that have taken place in theological disciplines and also of future tasks This research project aims to stimulate reflection on responsible and innovative disciplinary practices of theology in South Africa which we envisage will contribute to social justice and human flourishing Rian Venter University of the Free State

Third World Liberation Theologies Deane W. Fernald, 2004-04-15 Here for the first time is a systematic survey of the principal liberation theologians from Asia Africa and Latin America Exposing the rich variety of Third World liberation theologies the author highlights points of agreement and divergence in approaches and context and critically assesses the most often heard criticisms of liberation theology With its companion volume *Third World Liberation Theologies A Reader* this survey represents the most comprehensive introduction in any language to what may well be the most significant theological development of this century

Proverbs and Ecclesiastes Amy Plantinga-Pauw, 2015-03-18 In this new volume in the Belief series Amy Plantinga Pauw reveals how the biblical books of Proverbs and Ecclesiastes while often overlooked are surprisingly relevant for Christian faith today Both biblical books probe everyday human experiences They speak to those who seek meaning and purpose in an uncertain world and encourage us to look for God's presence in human life not in divine visions or messages They show openness to wisdom insights from many sources urging us to find the commonalities and connections of our wisdom with those of our religious neighbors Ultimately these books affirm that true wisdom whatever its human source comes from God Pauw includes reflections for preaching and teaching throughout her study

A Chorus of Witnesses Thomas G. Long, Cornelius Plantinga, 1994 In the interest of providing exemplary models of sermons the editors have compiled examples that display excellence in form aim style and content Developed and delivered by renowned pastors theologians and homileticians the thirty six entries in this volume include sermons that make artful use of sources pursue classic aims and exhibit particular homiletic forms
