The First Christians:

A History of the First Christians Alexander J. M. Wedderburn, 2004-01-01 This work provides a survey of the history of the earliest Christian church in the period up to the fall of Jerusalem. It concentrates on the figure of Paul, judicious and critical use of information in the Book of Acts, Judaizing versions of Christianity and the Johannine tradition. The approach steers a middle way between an over-simplified account which fails to warn students where scholarly opinion is divided and an in-depth academic study which attempts to document and discuss every hypothesis. Wedderburn focuses on aspects of central importance: the changing shape of church life and developing Christianity in relation to the Roman Empire and to Judaism. This book seeks to draw together and make more readily accessible many new insights gained from an enormous range of recent scholarly studies in German and English and places them in the context of a more general account.

The First Christians Enzo Bellini, 1980 The first Christians. The Church established. The end of the ancient world. The formation of Christian Europe. The Middle Ages. The Church in the age of Humanism. Protestant and Catholic Reform. The Church in Revolutionary times etc.

Who Were the First Christians? Thomas A. Robinson, 2016-11-01 Thomas Robinson argues that popular views of early Christian growth, one concentrated in urban environments, would nearly saturate every urban area of the entire Roman Empire, with Christians leaving no room for Jews or pagans. It is a scenario that simply does not work. But where does the solution lie? Robinson argues that the urban thesis is defective and the neglected countryside must now be considered in any reconstruction of early Christian growth.

The First Christians in Their Social Worlds Philip F. Esler, 2002-11-01 First published in 1994, Routledge is an imprint of Taylor & Francis, an informal company.

[The Moral World of the First Christians](#) Wayne A. Meeks, 1986-01-01 Describes the social setting of the early Christians, looks at the Greek and Roman ethical traditions and explains the moral formation of the beginning Christian movement.

Making Sense in (and Of) the First Christian Century Francis Gerald Downing, 2000-08-01 The first Christian century must be approached with careful attention to its cultural and linguistic heterogeneity. It should not simply be assumed that this past is a different place; they do things differently. There Downing treats the ways in which early Christians tried to make things make sense within their cultures, noting both the similarities and differences between their ways and contemporary ones and stressing the variety of contexts and influences on first-century communication. Downing brings his renowned expertise to bear in illuminating the cultural features of early Christian society with a range of fascinating and telling examples.

The World of the First Christians Marc Olson, 2020 The life and teachings of Jesus changed the world forever, but what happened after the events of the Gospels? How did Christianity grow from a small group of followers to one of the largest religious movements in human history? How did the first Christians survive in an oppressive Roman Empire?
