China and the Geopolitics of Rare Earths Sophia Kalantzakos, 2018 Rare earths are elements that are found in the Earth's crust and are vital ingredients for the production of a wide variety of high tech defense and green technologies everything from iPhones and medical technologies to wind turbines efficiency lighting smart bombs and submarines While they are not particularly rare in availability they are difficult and expensive to mine Yet China has managed to gain control over an estimated 97 percent of the rare earth industry since the 1990s through cheap production high export taxes and artificial limitations of supply Rare earths and China's monopoly over them became international news after China unofficially curtailed exports to Japan the United States and Europe in 2010 This embargo followed a collision between Chinese and Japanese boats in the East China Sea a locus of geopolitical and economic tension between the two countries Although the World Trade Organization forced China to scrap its restrictions it still holds a stranglehold over these

elements that are so critical to the economic and security interests of the United States and its allies In this book Sophia Kalantzakos argues that the 2010 rare earth crisis signaled more than just a trade dispute Rather it raises questions about China s use of economic statecraft and must be regarded as a part of the larger discourse of global power relations Importantly she also argues that the failure of political actors in major industrial nations to enact comprehensive and effective policy solutions or the scientific and business communities to devise sustainable rare earth production outside of China points to future resource competition Focusing on China s monopoly over the rare earth industry China and the Geopolitics of Rare Earths examines the impacts of growing worldwide resource competition and the complexities policymakers face as they develop strategies and responses in an increasingly globalized world *Representing Rural Women* Margaret Thomas-Evans, Whitney Womack Smith, 2019-06-27 *Representing Rural Women* highlights the complexity and diversity of representations of rural women in the U S and Canada from the nineteenth to twenty first centuries The 15 chapters in this collection offer fresh perspectives on representations of rural women in literature popular culture and print digital and social media They explore a wide range of time periods geographic spaces and rural women s experiences including Mormon pioneer women rural lesbians in the 1970s Canadian rural women s organizations and rural trans youth In their stories these women and girls navigate the complex realities of rural life create spaces for self expression develop networks to communicate their experiences and challenge misconceptions and stereotypes of rural womanhood The chapters in this collection consider the ways that rural geography allows freedoms as well as imposes constraints on women s lives and explore how cultural representations of rural womanhood both reflect and shape women s experiences *American Refuge* Diya Abdo, 2022-09-06 A provocative conversation sparking exploration of refugee experiences told in their own words for readers of Karla Cornejo Villavicencio s *The Undocumented Americans* and Viet Thanh Nguyen A moving and timely book that strips away misleading politics to reveal the complexities of real human lives Kirkus Reviews starred review Forced to leave their homes they came to America In this intimate and eye opening book Diya Abdo daughter of refugees U S immigrant English professor and activist shares the stories of seven refugees Coming from around the world they re welcomed by Every Campus A Refuge ECAR an organization Diya founded to leverage existing resources at colleges to provide temporary shelter to refugee families Bookended by Diya s powerful essay *Radical Hospitality* and the inspiring coda *Names and Numbers* each chapter weaves the individual stories into a powerful journey along a common theme *Life Before The Body Leaves its Soul Behind The Moment of Rupture Proof and Persecution The Journey Right Next Door Arrival Resettlement Back to the Margins A Few Years Later From Camp to Campus* The lives explored in *American Refuge* include the artist who before he created the illustration on the cover of this book narrowly escaped two assassination attempts in Iraq and now works at Tyson cutting chicken We learn that these refugees from Burma Burundi Iraq Palestine Syria and Uganda lived in homes they loved left against their will moved to countries without access or rights and were among the 1%
