of tradition and modernity their sense of frustration and alienation the emotional and psychological turmoil and complexities of man women relationships and subtleties of feminine consciousness against the persistent patriarchal social set up Cognizant of the evils originating from patriarchy a positive sense of feminine identity has been recognized by them and the result is the emergence of a new woman in Indian society and its concept in the Indian English novel which has assumed a strident posture in the contemporary writings by women The shift from submission to assertion acquiescence to resistance and obedience to rebellion however has not been abrupt and effortless Women are still in the process of negotiation with different limiting factors and thresholds of patriarchy to claim their due space and affirm their identity The present study is an attempt to critically investigate the negotiations with cultural norms by the women characters in the selected novels by the contemporary novelists namely Manju Kapur and Anita Nair Almost all the women characters major and minor from the selected novels have been considered and positioned as per their ideological leanings and convictions under two thematic chapters namely Women in the Clutches of Traditional Norms and Tradition to Modernity The major issues around which the novels move education marriage gendered space and mother daughter relationships are taken up to put them within the contemporary social conditions in which women characters live The present book is divided into five chapters to make a critical and analytical study of the select novels of these contemporary Indian women writers in English The present work is focused on five selected novels Manju Kapur's *Difficult Daughters* *Home and Custody* and Anita Nair's *Ladies Coup* and *Mistress*
