The Festive State Race Ethnicity And Nationalism As Cultural Performance:

The Festive State David M. Guss, 2001-01-02 If as David Guss argues culture is a contested terrain with constantly changing contours then festivals are its battlegrounds where people come to fight and dispute in large acts of public display Festive behavior long seen by anthropologists and folklorists as the uniform expression of a collective consciousness is contentious and often subversive and *The Festive State* is an eye opening guide to its workings Guss investigates the ideology of tradition combining four case studies in a radical multisite ethnography to demonstrate how in each instance concepts of race ethnicity history gender and nationhood are challenged and redefined In a narrative as colorful as the events themselves Guss presents the Afro Venezuelan celebration of San Juan the neo Indian Day of the Monkey the mestizo ritual of Tamunangue and the cultural policies and products of a British multinational tobacco corporation All these illustrate the remarkable fluidity of festive behavior as well as its importance in articulating different cultural interests *The Festive State* David M. Guss, 2000 *Inventing the Fiesta City* Laura Hernández-Ehrisman, 2016-04 The story of how the multicultural identity of San Antonio Texas has been shaped and polished through its annual fiesta since the late nineteenth century *Exemplarische Forschungsfelder aus 25 Jahren Zeitgeschichte an der Universität Graz* Helmut Konrad, Stefan Benedik, 2010 Continues Mapping contemporary history *Zeitgeschichte im Diskurs* **Cultural Landscapes of South Asia** Kapila Silva, Amita Sinha, 2016-10-14 Winner of the Environmental Design Research Association's 2018 Achievement Award The pluralism of South Asia belies any singular reading of its heritage In spite of this diversity its cultural traditions retain certain attributes that are at their core South Asian in their capacity to self organize enact and reinvent cultural memories and in their ability to retain an intimate connection with nature and landscape This volume focuses on the notion of cultural landscape as a medium integrating multiple forms of heritage and points to a new paradigm for conservation practices in the South Asian context Even though the construct of cultural landscape has been accepted as a category of heritage its potent use in heritage management in general and within the South Asian context in particular has not been widely studied The volume challenges the prevalent views of heritage management in South Asia that are entrenched in colonial legacies and contemporary global policy frameworks *Staging Tianxia* Lanlan Kuang, 2024-09-03 *Staging Tianxia* explores the ancient Chinese vision of world order known as tianxia all under heaven by focusing on the historical performative and rhetorical processes of expressive arts and cultural heritages that inform a vision of China as a historically multiethnic and cosmopolitan nation Author Lanlan Kuang unites multimedia ethnographic research and theoretical insights from ethnomusicology philosophy religious studies performance studies and cognitive science with a focus on Dunhuang bihua yuewu a modern interpretation inserted into the Chinese classical dance and theatrical arts tradition *Staging Tianxia* thus aims to redefine Silk Road studies and Dunhuangology a transdisciplinary field dedicated to studying the texts and art of Dunhuang a UNESCO World Heritage Site that connected China via the Silk Road with Central Asia South Asia Europe and

the Middle East Staging Tianxia is a careful ethnographic study that looks at the importance of performance tradition and poetics in the arts and aesthetic theory of China

The Routledge Companion to Transnational American Studies Nina Morgan, Alfred Hornung, Takayuki Tatsumi, 2019-04-05 The Routledge Companion to Transnational American Studies provides scholars and students of American Studies with theoretical and applied essays that help to define Transnational American Studies as a discipline and practice. In more than 30 essays, the volume offers a history of the concept of the transnational and takes readers from the Barbary frontier to Guam, from Mexico's border crossings to the *intifada*'s contested zones. Together, the essays develop new ways for Americanists to read events, images, sound, literature, identity, film, politics, or performance transnationally through the work of diverse figures such as Confucius, Edward Said, Pauline Hopkins, Poe, Faulkner, Michael Jackson, Onoto Watanna, and others. This timely volume also addresses presidential politics and inter-pictorial US history from Lincoln in Africa to Obama and Mandela to Trump. The essays, written by prominent global Americanists as well as the emerging scholars shaping the field, seek to provide foundational resources as well as experimental and forward-leaning approaches to Transnational American Studies

Counter-Globalization and Socialism in the 21st Century Thomas Muhr, 2013-06-26 Framed by critical globalisation theory and David Harvey's co-revolutionary moments as a theory of social change, this book brings together a multi-disciplinary team of researchers to empirically analyse how socialism is being constructed in contemporary Latin America and the Caribbean and beyond. This book uses the case of the Bolivarian Alliance for the Peoples of Our America (Peoples Trade Agreement ALBA-TCP) to invite to a re-thinking of resistance to global capitalism and the construction of socialism in the 21st century. Including detailed theory-based ethnographic case studies from Bolivia, Cuba, El Salvador, Nicaragua, Venezuela, and the USA, the contributors identify social and structural forces at different levels and scales to illuminate politics and practices at work. Centred around the themes of democracy and justice and the more general reconfiguration of the state-society relations and power geometries at the local, national, regional, and global scales, ALBA and Counter-Globalization is at the forefront in the trend of interdisciplinary approaches to the study of social phenomena of global relevance. *Counter-Globalization and Socialism in the 21st Century* will be of interest to students and scholars of Latin American politics, global governance, global regionalisms, and rising powers
