Uncommon Bible Study, Outlines & Messages Jim Burns,2008-08-01 In Uncommon Bible Study Outlines and Messages Jim Burns equips leaders with great Bible study topics and message ideas to use with youth groups Whether chosen as the main focus of the youth meeting or used to supplement other material the ideas in this book will engage and stimulate students to discover what the Bible has to say about issues that impact their world Spanning the Old and New Testaments topics addressed include faith anger loneliness forgiveness self image calling from God servanthood temptation suffering developing Christian character and much more These easily adaptable message outlines for large groups and Bible study outlines for small groups will empower youth workers as they plant seeds in the lives of junior high and high school students *The English Catalogue of Books* ,1884 Rewriting Peter as an Intertextual Character in the Canonical Gospels Finn Damgaard,2015-09-16 Peter is a fascinating character in all four canonical gospels not only as a literary figure in each of the gospels respectively but also when looked at from an intertextual perspective This book examines how Peter is rewritten for each of the gospels positing that the different portrayals of this crucial figure reflect not only the theological priorities of each gospel author but also their attitude towards their predecessors Rewriting Peter as an Intertextual Character in the Canonical Gospels is the first critical study of the canonical gospels which is based on Markan priority Luke s use of Mark and Matthew and John s use of all three synoptic gospels Through a selection of close readings Damgaard both provides a new critical portrait of Peter and proposes a new theory of source and redaction in the gospels In the last thirty years there has been an increasing appreciation of the gospels literary design and of the gospel writers as authors and innovators rather than merely compilers and transmitters However literary critics have tended to read each gospel individually as if they were written for isolated communities This book reconsiders the relationship between the gospels arguing that the works were composed for a general audience and that the writers were bold and creative interpreters of the tradition they inherited from earlier gospel sources Damgaard s view that the gospel authors were familiar with the work of their predecessors and that the divergences between their narratives were deliberate sheds new light on their intentions and has a tremendous impact on our understanding of the gospels More Than a Fisherman Jim Grassi,2014-07-01 Spiritual mentoring or discipleship is a relational process that requires people to become actively involved in their faith Authentic discipleship is about developing a caring concern and a genuine love for others through modeling Christlike attitudes and

behavior in the context of relational environments It starts with relationship Because it all starts with the individual we must see one on one discipleship as the primary objective to begin the revolution In More Than a Fisherman Dr Jim Grassi provides guidance for men who desire to mentor others or to be mentored using Jesus and the twelve disciples as a model Designed to be used as a companion to The Spiritual Mentor and Building a Ministry of Spiritual Mentoring this manual is for use during times of mentoring and suggests types of exercises and activities two men can do together Features include Fishing theme including information on how the disciples fished Archaeological facts with illustrations and photographs of fishing artifacts Activity suggestions for mentoring sessions The English Catalogue of Books for .. ,1879
