

Dear Sir, I suppose Capt Smith made his appearance in St. Louis before I should like very much to tell you not only because I am always glad to see Democratic friends but an answer to me other business.

There is a half section of land near here all timbered (or was so) it originally belonged to a man by the name of Hill & the latter bought it and perhaps gave it to Hill it was afterwards sold to Messrs. and Isaac Pickell bought the same & John Cavender bought the same town on N. R. & W. Isaac Pickell I understand 40 acres of sec 27 and a man who purchased it and his sons are cutting saw logs making money & having timber and selling to a man who will buy nearly all over the section. I offered Robert Smith a party who both claim the land & he offered a hundred for timber for a year the same to whoever should be the owner but neither of them went to the offer. Now it would be enough for Robert to know that I was going off very fast and that he would not get anything for it if he had better come here and see I think if he was to make his trip from Washington City against the wishes of both Daffs and the Committee on the subject.

The Flagg Correspondence Selected Letters 1816 1854:

The Flagg Correspondence Barbara Lawrence, Nedra Branz, 1986 A collection of letters mainly between Gershom Flagg and his son Willard but also to and from prominent St Louisans Illinois politicians and others Crusty wry opinionated Gershom Flagg and his son who was at Yale kept each other up to date concerning local national and international politics agricultural social and economic trends and duels bank robberies and hangings in and around St Louis and southern Illinois and the latest fads at Yale These letters show that even during the early prairie years Illinoisans were not isolated from the world of culture and politics unless they chose to be Gershom Flagg viewed the world through a curmudgeon s eyes his son Willard through the eyes of a romantic Their letters add flesh and blood to the skeleton of history as they provide first hand accounts of great events by the men who lived through them The Flaggs wrote of cholera epidemics river travel prairie fires and fires in St Louis education social events and entertainment Because Gershom was a great gossip who kept track of his neighbors he includes facts about local weddings births deaths even family quarrels

Manifest Destiny's Underworld Robert E. May, 2003-04-03 This fascinating study sheds new light on antebellum America s notorious filibusters the freebooters and adventurers who organized or participated in armed invasions of nations with whom the United States was formally at peace Offering the first full scale analysis of the filibustering movement Robert May relates the often tragic stories of illegal expeditions into Cuba Mexico Ecuador Nicaragua and other Latin American countries and details surprising numbers of aborted plots as well May investigates why thousands of men joined filibustering expeditions how they were financed and why the U S government had little success in curtailing them Surveying antebellum popular media he shows how the filibustering phenomenon infiltrated the American psyche in newspapers theater music advertising and literature Condemned abroad as pirates frequently in language strikingly similar to modern American denunciations of foreign terrorists the filibusters were often celebrated at home as heroes who epitomized the spirit of Manifest Destiny May concludes by exploring the national consequences of filibustering arguing that the practice inflicted lasting damage on U S relations with foreign countries and contributed to the North South division over slavery that culminated in the Civil War

Confronting Slavery Suzanne Cooper Guasco, 2013-03-15 Edward Coles who lived from 1786 1868 is most often remembered for his antislavery correspondence with Thomas Jefferson in 1814 freeing his slaves in 1819 and leading the campaign against the legalization of slavery in Illinois during the 1823 24 convention contest In this new full length biography Suzanne Cooper Guasco demonstrates for the first time how Edward Coles continued to confront slavery for nearly forty years after his time in Illinois Not only did he attempt to shape the slavery debates in Virginia immediately before and after Nat Turner s rebellion he also consistently entered national political discussions about

slavery throughout the 1830s 40s and 50s On each occasion Coles promoted a vision of the nation that combined a celebration of America s antislavery past with an endorsement of free labor ideology and colonization a broad appeal that was designed to mollify his fellow countrymen s sense of economic self interest and virulent anti black prejudice As Cooper Guasco persuasively shows Coles s antislavery nationalism first crafted in Illinois in the 1820s became the foundation of the Republican Party platform and ultimately contributed to the destruction of slavery By exploring his entire life readers come to see Edward Coles as a vital link between the unfulfilled antislavery sensibility of men like Thomas Jefferson and the pragmatic antislavery politics of Abraham Lincoln In Edward Coles life long confrontation with slavery as well we witness the rise of antislavery politics in nineteenth century America and come to understand the central role politics played in the fight against slavery

The Relentless Revolution: A History of Capitalism Joyce Appleby,2011-03-07 The unlikely development of a potent historical force told with grace insight and authority by one of our best historians With its deep roots and global scope the capitalist system provides the framework for our lives It is a framework of constant change sometimes measured and predictable sometimes drastic and out of control Yet what is now ubiquitous was not always so Capitalism took shape centuries ago starting with a handful of isolated changes in farming trade and manufacturing clustered in early modern England Astute observers began to notice these changes and consider their effects Those in power began to harness these new practices to the state enhancing both A system generating wealth power and new ideas arose to reshape societies in a constant surge of change The centuries long history of capitalism is rich and eventful Approaching capitalism as a culture as important for its ideas and values as for its inventions and systems Joyce Appleby gives us a fascinating introduction to this most potent creation of mankind from its origins to now

Making an Antislavery Nation Graham A. Peck,2017-08-31 Winner of the Russell P Strange Memorial Book Award This sweeping narrative presents an original and compelling explanation for the triumph of the antislavery movement in the United States prior to the Civil War Abraham Lincoln s election as the first antislavery president was hardly preordained From the country s inception Americans had struggled to define slavery s relationship to freedom Most Northerners supported abolition in the North but condoned slavery in the South while most Southerners denounced abolition and asserted slavery s compatibility with whites freedom On this massive political fault line hinged the fate of the nation Graham A Peck meticulously traces the conflict over slavery in Illinois from the Northwest Ordinance in 1787 to Lincoln s defeat of his archrival Stephen A Douglas in the 1860 election Douglas s attempt in 1854 to persuade Northerners that slavery and freedom had equal national standing stirred a political earthquake that brought Lincoln to the White House Yet Lincoln s framing of the antislavery

movement as a conservative return to the country's founding principles masked what was in fact a radical and unprecedented antislavery nationalism. It justified slavery's destruction but triggered the Civil War. Presenting pathbreaking interpretations of Lincoln, Douglas, and the Civil War's origins, *Making an Antislavery Nation* shows how battles over slavery paved the way for freedom's triumph in America. **Race to the Frontier** John Van Houten Dippel, 2005 Table of contents available via the World Wide Web *Illinois Historical Journal*, 1998
