Peacock,2017-03-08 The spread of Islam and the process of Islamisation meaning both conversion to Islam and the adoption of Muslim culture is explored in the twenty four chapters of this volume Taking a comparative perspective both the historical trajectory of Islamisation and the methodological problems in its study are addressed with coverage moving from Africa to China and from the seventh century to the start of the colonial period in 1800 Key questions are addressed What is meant by Islamisation How far was the spread of Islam as a religion bound up with the spread of Muslim culture To what extent are Islamisation and conversion parallel processes How is Islamisation connected to Arabisation What role do vernacular Muslim languages play in the promotion of Muslim culture The broad comparative perspective allows readers to develop a thorough understanding of the process of Islamisation over eleven centuries of its history **Islam, Civil Society and Social Work**

Egbert Harmsen,2025-10-01 The thesis analyses the role of Muslim voluntary welfare associations in Jordan from the perspective of their religious discourse and the related social activities to assess whether they contribute to empowerment or reinforce dependency **History and Society During the Mamluk Period (1250-1517)** Stephan Conermann,2014 Once a person starts to study the 250 some years of the Mamluk Era in Egypt and Syria 12501517 one characteristic of that period stands out immediately the very unusual polarization of its society A predominantly Arabic population was dominated by a purely Turkish born elite of manu mitted military slaves who sought to regenerate themselves continuously through a self imposed fiat The only person who could become a Mamluk was a Turk who had been born free outside the Islamic territories as a non Muslim then enslaved brought to Egypt as a slave converted to Islam freed and finally trained as a warrior Only those who met these prerequisites were members of the ruling stratum with all the concomitant political military and economic advantages On this historically unique model of a society Stephan Conermann has published a series of seminal articles In this edited volume the reader gets an excellent introduction to some of the central issues of the ongoing research on the Mamluk history and society
