Sixteen Years Of Memories The Presidency Of Phillip R Shriver:

Sixteen Years of Miami Memories Randall Wayne Listerman, 2002 **An Asian American Ancient Historian and Biblical Scholar** Edwin M. Yamauchi, 2024-06-13 An Asian American Ancient Historian and Biblical Scholar is not simply a memoir of Edwin M Yamauchi It is an expansive multi generational story of a Japanese American family Issei Nisei Sansei that began with immigrants from Okinawa who used a narrow window of time 1900 1915 to emigrate to Hawaii to work on the sugar plantations there After the suicide of his father when he was three Edwin was raised by his mother who knew little English by working as a maid for twelve years Deprived of other distractions Edwin turned to the reading of books From a nominal Buddhist and then a nominal Episcopalian background Edwin was converted to Christ at the age of fifteen and determined to become a missionary Lacking in funds he worked his way through college With an aptitude for languages he earned his PhD under Cyrus Gordon After a short stint at Rutgers University in New Jersey he enjoyed a long career 1969 2005 at Miami University in Ohio His memoir includes descriptions of the schools societies scholars and travels of his life as well as his witness to Christ and his role in the establishment of a campus church **Cautionary Tales** Alice W. Brown, 2023-07-03 Scarcely a week goes by without a headline about the unsustainability of higher education as we know it under threat from new models for profits or online education Most threatened are small liberal arts colleges with commentators predicting the demise of colleges with fewer than 1 000 or even 1 500 students Are these trends inevitable or can they be overcome Through a unique case study approach to examining and analyzing colleges that have struggled Alice Brown reveals the steps that can lead to a sustainable operation and when closure is inevitable the steps to do so with orderliness and dignity Rather than expounding on trends or management theory and prescriptions Brown focuses on narrative examples of survival and closure recounted by real people in actual colleges and reports the lessons they learned Here are examples of strategies involving mergers partnerships or going it alone and their outcomes that illustrate principles that can serve as guides for fragile colleges struggling to address their social and economic challenges Added to Brown's six carefully researched and extended case studies her own insights and analyses of decisions made and actions taken this book offers guidance by seasoned scholars and administrators on issues as varied as leadership the roles of the president governing boards faculty and staff in articulating and implementing mission and strategies for survival and on the changing landscape of higher education The references to the literature on college survival strategies constitute an education in themselves While this book is of immediate practical value for trustees and leaders of small colleges as they look toward and plan for the future and for anyone aspiring to an administrative positions in higher education the examples constitute a microcosm of the interplay between the external constituencies governance structures and internal forces that sustain or undermine institutional health and which are hard to observe clearly in larger more decentralized environments

Communication Crisis at Kent State Phillip K. Tompkins, Elaine Vanden Bout Anderson, 2015-10-23 Originally

published in 1971 On May 4th 1970 shots fired by the Ohio National Guard at Kent State University were heard around the world People were either outraged by the killings or outraged at the students Instant experts rendered the judgment that it was all a problem of communication This book tested that hypothesis as it presents the result of an in depth series of interviews both within and outside the university soon after the tragic event The book includes a narrative of an initial understanding of the incidents but admits its limit in full information as it outlines the results of the study which looked at systems and subsystems of information flow This book adds to the understanding of problems of communication in large organisations and particularly education establishments as well as being a cautionary tale of a specific event *Ohio Archaeologist* ,1992 The Publishers Weekly ,1987 *Alabama Founders* Herbert James Lewis,2018-06-26 A biographical history of the forefathers who shaped the identity of Alabama politically legally economically militarily and geographically While much has been written about the significant events in the history of early Alabama there has been little information available about the people who participated in those events In *Alabama Founders Fourteen Political and Military Leaders Who Shaped the State* Herbert James Lewis provides an important examination of the lives of fourteen political and military leaders These were the men who opened Alabama for settlement secured Alabama s status as a territory in 1817 and as a state in 1819 and helped lay the foundation for the political and economic infrastructure of Alabama in its early years as a state While well researched and thorough this book does not purport to be a definitive history of Alabama s founding Lewis has instead narrowed his focus to only those he believes to be key figures in clearing the territory for settlement serving in the territorial government working to achieve statehood playing a key role at the Constitutional Convention of 1819 or being elected to important offices in the first years of statehood The founders who readied the Alabama Territory for statehood include Judge Harry Toulmin Henry Hitchcock and Reuben Saffold II William Wyatt Bibb and his brother Thomas Bibb respectively served as the first two governors of the state and Charles Tait known as the Patron of Alabama shepherded Alabama s admission bill through the US Senate Military figures who played roles in surveying and clearing the territory for further settlement and development include General John Coffee Andrew Jackson s aide and land surveyor and Samuel Dale frontiersman and hero of the Canoe Fight Those who were instrumental to the outcome of the Constitutional Convention of 1819 and served the state well in its early days include John W Walker Clement Comer Clay Gabriel Moore Israel Pickens and William Rufus King American Universities and Colleges American Council on Education,1997 Produced in collaboration with the American Council on Education Previous editions are cited in BCL3 and Guide to Reference Books Arranged by state some 1 900 institutions are covered including 58 for the first time Material comes directly from the institutions themselves in response to a questionnaire Entries provide both the essential statistical data tuition room board admissions requirements financial aid enrollments and other information important to decision making e g student life library holdings physical plant study abroad programs Enhancing the institution profiles are sections on foreign students at US institutions professional
