Lundin,2020-06-29 Sun Valley and Ketchum are in Idaho s Wood River Valley gateway to backcountry and wilderness areas Settlers first arrived in the early 1880s attracted by a silver rush In 1883 the railroad connected the valley to the world beyond its borders and brought in outside capital During the silver depression of the 1890s mining was replaced by sheep raising and the area later shipped more sheep than anywhere except Australia In 1936 during the Great Depression Union Pacific board chairman Averell Harriman built Sun Valley the country s first destination ski resort spending 2 5 million in two years 45 million today Sun Valley offered a lavish lifestyle a luxurious lodge Austrian ski instructors and chairlifts invented by Union Pacific engineers Known as America s St Moritz it was a magnet for beautiful people and serious skiers It had a

monopoly on grandeur for decades and influenced ski areas that developed later Subsequent owners Bill Janss and the Holding family expanded and improved Sun Valley making it one of the world s premier year round resorts **Religion in the Lands That Became America** Thomas A. Tweed,2025-05-13 A sweeping retelling of American religious history showing how religion has enhanced and hindered human flourishing from the Ice Age to the Information Age Until now the standard narrative of American religious history has begun with English settlers in Jamestown or Plymouth and remained predominantly Protestant and Atlantic Driven by his strong sense of the historical and moral shortcomings of the usual story Thomas A Tweed offers a very different narrative in this ambitious new history He begins the story much earlier 11 000 years ago at a rock shelter in present day Texas and follows Indigenous Peoples African Americans transnational migrants and people of many faiths as they transform the landscape and confront the big lifeway transitions from foraging to farming and from factories to fiber optics Setting aside the familiar narrative themes he highlights sustainability showing how religion both promoted and inhibited individual communal and environmental flourishing during three sustainability crises the medieval Cornfield Crisis which destabilized Indigenous ceremonial centers the Colonial Crisis which began with the displacement of Indigenous Peoples and the enslavement of Africans and the Industrial Crisis which brought social inequity and environmental degradation The unresolved Colonial and Industrial Crises continue to haunt the nation Tweed suggests but he recovers historical sources of hope as he retells the rich story of America s religious past **The Saturday Evening Post** ,1903
