In Praise of New Travelers Isabel Hoving, 2001 Approaching postcolonial theory through cultural analysis this book offers an accessible and concrete appraisal of current developments in postcolonial criticism Detailed readings of a range of Anglophone Caribbean migrant women's texts from the late 1980s and 1990s lead to sharp insights into three issues that are crucial to an understanding of the field place voice and silence The discussion of these issues allows us to trace current feminist postmodern and postcolonial debates about the nature of the speaking subject as it is emerging from today's postcolonial cultural practices Postcolonial criticism often understands this subject as hybrid and multiple This book shows how the specifics of this multiplicity must be acknowledged through analysis of the power structures and the violence through which this multiple subject is established The book is also a consistent inquiry into reading positions The argument about the differences between postcolonialist black and Caribbean feminist white feminist and postmodern criticism is conducted as a discussion about the effects insights and blindnesses produced by these different ways of reading Caribbean migrant women's writing Scrutinizing the grain of these texts encourages us to move beyond the kind of general statements for which postcolonial theory has been severely criticized The author also extends her critique of reading positions to issues of methodology using these approaches to direct her interpretation Narratology is supplemented by an analysis of the interdiscursive processes through which texts are created and psychoanalytic concepts are used to explore the ambiguous merits of postcolonial reading Above all In Praise of New Travelers celebrates the vigorous subversive and liberating creativity of an accomplished generation of Caribbean migrant women writers *Once More Unto the Speech, Dear Friends: The tragedies* William Shakespeare, 2006-12 Applause Books There has been a great change in the last twenty years to actor auditions which now require the demonstration of enormous flexibility The actor is often expected to show more range than ever before and often several shorter audition speeches are asked for instead of one or two longer ones To stay at the top of his or her game the Shakespearean actor needs more knowledge of what makes the play tick especially since the early plays demand a different style from the later ones Each genre comedy history tragedy has different requirements No current monologue book deals directly with the bulk of these concerns *One More unto the Speech Dear Friends* now fills that gap This three volume set will help actors discover the extra details of humanity that the original folio texts automatically

offer Of Shakespeare s 37 plays only Pericles is not included In the trilogy of books there are over 900 separate audition possibilities This represents about 600 more monologues than are available in any other series There are four parts to each speech A background giving context and approximate timing A modern text version The original folio version Commentary to explain the differences between the two texts including full discussion of the devices peculiar to that speech s genre the age and gender of the character and more      *Respecting The Stand* Jenifer Paquette,2014-01-10 Many academics dismiss Stephen King as a mere genre writer an over glorified bestseller who appeals to the masses but lacks literary merit This critical analysis of King s epic novel *The Stand* makes a case for the horror master as a literary writer A careful consideration of *The Stand* s abstract themes characters setting and text reveals how King s work brims with the literary techniques that critics expect of a serious writer and the haunting questions that mark enduring literature A thoughtful deliberation on so called escapist fiction in the world of literature as well as an informed examination of one of King s most famous books this work paves the way for future studies of other King novels      *The Scary Screen* Kristen Lacefield,2016-02-17 In 1991 the publication of Koji Suzuki s *Ring* the first novel of a bestselling trilogy inaugurated a tremendous outpouring of cultural production in Japan Korea and the United States Just as the subject of the book is the deadly viral reproduction of a VHS tape so too is the vast proliferation of text and cinematic productions suggestive of an airborne contagion with a life of its own Analyzing the extraordinary trans cultural popularity of the *Ring* phenomenon *The Scary Screen* locates much of its power in the ways in which the books and films astutely graft contemporary cultural preoccupations onto the generic elements of the ghost story in particular the Japanese ghost story At the same time the contributors demonstrate these cultural concerns are themselves underwritten by a range of anxieties triggered by the advent of new communications and media technologies perhaps most significantly the shift from analog to digital Mimicking the phenomenon it seeks to understand the collection s power comes from its commitment to the full range of *Ring* related output and its embrace of a wide variety of interpretive approaches as the contributors chart the mutations of the *Ring* narrative from author to author from medium to medium and from Japan to Korea to the United States      *The English-speaking World* ,1928      **Julia Kristeva (RLE Feminist Theory)** John Lechte,2012-11-12 A leading literary critic and psychoanalyst Julia Kristeva is one of the most significant French thinkers writing today In this up to date survey of her work John Lechte outlines fully and systematically her intellectual development He traces it from her work on Bakhtin and the logic of poetic language in the 1960s through her influential theories of the symbolic and the semiotic in the 1970s to her analyses of horror love melancholy and cosmopolitanism in the 1980s He provides an insight into the intellectual and historical context which gave rise to Kristeva s thought showing how thinkers such as Roland Barthes Emile Benviste and Georges Bataille have been important in stimulating her own reflections He concludes with an overall assessment of Kristeva s work looking in particular at her importance for feminism and postmodern thought in general Essential reading for all those who wish to extend their understanding of this important

thinker this first full length study of Kristeva s work will be of interest to students of literature sociology critical theory feminist theory French studies and psychoanalysis

**Encountering Pain** Deborah Padfield,Joanna M.

Zakrzewska,2021-02-15 What is persistent pain How do we communicate pain not only in words but in visual images and gesture How do we respond to the pain of another and can we do it better Can explaining how pain works help us handle it This unique compilation of voices addresses these and bigger questions Defined as having lasted over three months persistent pain changes the brain and nervous system so pain no longer warns of danger it seems to be a fault in the system It is a major cause of disability globally but it remains difficult to communicate a problem both to those with pain and those who try to help Language struggles to bridge the gap and it raises ethical challenges in its management unlike those of other common conditions Encountering Pain shares leading research into the potential value of visual images and non verbal forms of communication as means of improving clinician patient interaction It is divided into four sections hearing seeing speaking and a final series of contributions on the future for persistent pain The chapters are accompanied by vivid photographs co created with those who live with pain The volume integrates the voices of leading scientists academics and contemporary artists with poetry and poignant personal testimonies to provide a manual for understanding the meanings of pain for healthcare professionals pain patients students academics and artists The voices and experiences of those living with pain are central providing tools for discussion and future research shifting register between creative academic and personal contributions from diverse cultures and weaving them together to offer new understanding knowledge and hope

The Cinema of Tod Browning Bernd Herzogenrath,2008-09-22 As a director actor writer and producer Tod Browning was one of the most dynamic Hollywood figures during the birth of commercial cinema Known for his fantastic collaborations with Lon Chaney in numerous silents and for directing the horror classic Dracula and the still controversial Freaks Browning has been called the Edgar Allan Poe of the cinema Despite not entering the profession until he began acting in his early thirties he went on to helm more than 60 films in a 25 year career His work continues to influence directors such as David Lynch John Waters and Alejandro Jodorowsky These essays critically explore such topics as the connection between Browning Poe and Kant Browning s cinematic techniques disability masochism sound and suspense duality parenthood narrative and cinematic trickery George Melford surrealism and the occult A Browning filmography is included
