Speaking American English:

American Accent Training Ann Cook, 2000 A guide to speaking and pronouncing American English for everyone who speaks English as a second language Container *More Speak English Like an American* Amy Gillett, 2009 More Speak English Like an American brings you another 300 idioms and expressions you need to know Maybe you have already read *Speak English Like an American* But this is not a necessary requirement You can start with this new book if you like and work back This popular ESL book features a new story and new American English idioms and expressions In *More Speak English Like an American* you ll follow the story of an American business as its employees come up with new product ideas travel to China throw themselves into office romances and have exciting adventures This book contains dozens of exercises and includes hundreds of usage examples including some from American newspapers Complete with illustrations and an audio CD of all the dialogues Most books teach classroom English When it comes to everyday life this can seem unreal And make you seem unreal Our emphasis is on helping you talk sound and think like a native speaker We also help you pick up more native English from movies and TV newspapers books and the Internet *More Speak English Like an American* helps you recognize and understand idioms whenever you see or hear them **Speaking American** Richard W. Bailey, 2012-01-04 When did English become American What distinctive qualities made it American What role have America s democratizing impulses and its vibrantly heterogeneous speakers played in shaping our language and separating it from the mother tongue A wide ranging account of American English Richard Bailey s *Speaking American* investigates the history and continuing evolution of our language from the sixteenth century to the present The book is organized in half century segments around influential centers Chesapeake Bay 1600 1650 Boston 1650 1700 Charleston 1700 1750 Philadelphia 1750 1800 New Orleans 1800 1850 New York 1850 1900 Chicago 1900 1950 Los Angeles 1950 2000 and Cyberspace 2000 present Each of these places has added new words new inflections new ways of speaking to the elusive boisterous ever changing linguistic experiment that is American English Freed from British constraints of unity and propriety swept up in rapid social change restless movement and a thirst for innovation Americans have always been eager to invent new words from earthy frontier expressions like catawampously vigorously and bung nipper pickpocket to West African words introduced by slaves such as goober peanut and gumbo okra to urban slang such as tagging spraying graffiti and crew gang Throughout Bailey focuses on how people speak and how speakers change the language The book is filled with transcripts of arresting voices precisely situated in time and space two justices of the peace sitting in a pumpkin patch trying an Indian for theft a crowd of Africans lounging on the waterfront in Philadelphia discussing the newly independent nation in their home languages a Chicago gangster complaining that his pocket had been picked Valley Girls chattering Crips and Bloods negotiating their gang identities in LA and more *Speaking American* explores and celebrates the endless variety and remarkable inventiveness that have always been at the heart of American English **SPEAK ENGLISH LIKE AN AMERICAN** AMY. GILLETT, 2022

Central American English John A. Holm, Geneviève Escure, 1983 This volume is about the Anglophone creoles to be found on the Caribbean coast of Central America Belize Honduras Nicaragua Costa Rica Panama and its offshore islands Providencia San Andrés and the Caymans The study of these Anglophone varieties is comparatively recent and based on current field work from Belize to Panama One of the interesting features that emerges is the tentative map of diachronic and synchronic relationships among the Anglophone creoles of the Caribbean as illustrated partly by the lexicon and partly by grammatical constructions The studies in this book are based on phonetic transcriptions of speech acts in their social and linguistic context

Do You Speak American? Robert MacNeil, William Cran, 2007-12-18 Is American English in decline Are regional dialects dying out Is there a difference between men and women in how they adapt to linguistic variations These questions and more about our language catapulted Robert MacNeil and William Cran the authors with Robert McCrum of the language classic *The Story of English* across the country in search of the answers *Do You Speak American* is the tale of their discoveries which provocatively show how the standard for American English if a standard exists is changing quickly and dramatically On a journey that takes them from the Northeast through Appalachia and the Deep South and west to California the authors observe everyday verbal interactions and in a host of interviews with native speakers glean the linguistic quirks and traditions characteristic of each area While examining the histories and controversies surrounding both written and spoken American English they address anxieties and assumptions that when explored are highly emotional such as the growing influence of Spanish as a threat to American English and the special treatment of African American vernacular English And challenging the purists who think grammatical standards are in serious deterioration and that media saturation of our culture is homogenizing our speech they surprise us with unpredictable responses With insight and wit MacNeil and Cran bring us a compelling book that is at once a celebration and a potent study of our singular language Each wave of immigration has brought new words to enrich the American language Do you recognize the origin of 1 blunderbuss sleigh stoop coleslaw boss waffle Or 2 dumb ouch shyster check kaput scram bumper Or 3 phooey pastrami glitch kibbitz schnozzle Or 4 broccoli espresso pizza pasta macaroni radio Or 5 smitherens lollapalooza speakeasy hooligan Or 6 vamoose chaps stampede mustang ranch corral 1 Dutch 2 German 3 Yiddish 4 Italian 5 Irish 6 Spanish

Speaking American English Clarice M. Jones, Jean H. Miculka, 1992 Accompanies sound recordings of *Speaking American English* by Jones Miculka

Everyday English Jeannie Yang, 2019-12-12 There is no time like the present to learn English The world's most widely spoken language permeates many aspects of our daily lives Internet sites blockbuster movies even toothpaste tubes bear English words But let's be honest learning to speak American English is not easy Pronunciation sentence structures figures of speech and idioms are just some of the potential headaches for those who are courageous enough to take up English One might wonder if there is a way to learn American English with minimum hassle That is exactly why this book was created Flipping through the pages of this book will reveal the absence of numbered lessons and regimented exercises In fact the

majority of the text is written in a format similar to a movie script. There is a cast of characters performing the actions of each scene. The two main characters have different personalities and backgrounds but they are united by the quest to learn English. Both of the characters drive the storyline by making decisions that are based on their learning goals. You have the opportunity to imagine that you are a character in the story. You can decide which parts of the text to read and the order in accordance with your own learning goals. Whether you are going on a cruise or heading to a job interview, this book serves as a practical and entertaining guide to conversational American English. You can also use it as a handy reference while traveling abroad. Although the events in the story take place in the United States, the speaking skills you will gain can be employed in other English speaking countries. The lines of the characters in the story provide a glimpse into the diversity of dialects and rich vocabulary that American English has to offer. It is a dynamic language that is deeply intertwined with American culture. References to American thought, history, and pop culture enliven the text, making for an enjoyable learning experience. As you make your way through the book, I hope you will come to see as I have how wonderful and exhilarating it is to learn English.

Central American English John Holm, 1983. This volume is about the Anglophone creoles to be found on the Caribbean coast of Central America: Belize, Honduras, Nicaragua, Costa Rica, Panama, and its offshore islands, Providencia, San Andrés, and the Caymans. The study of these Anglophone varieties is comparatively recent and based on current field work from Belize to Panama. One of the interesting features that emerges is the tentative map of diachronic and synchronic relationships among the Anglophone creoles of the Caribbean, as illustrated partly by the lexicon and partly by grammatical constructions. The studies in this book are based on phonetic transcriptions of speech acts in their social and linguistic context.

Speaking American Zevi Gutfreund, 2019-03-07. When Lyndon B. Johnson signed the Bilingual Education Act of 1968, language learning became a touchstone in the emerging culture wars. Nowhere was this more apparent than in Los Angeles, where elected officials from both political parties had supported the legislation and where the most disruptive protests over it occurred. The city, with its diverse population of Latinos and Asian Americans, is the ideal locus for Zevi Gutfreund's study of how language instruction informed the social construction of American citizenship. Combining the history of language instruction, school desegregation, and civil rights activism as it unfolded in Japanese American and Mexican American communities in L.A., this timely book clarifies the critical and evolving role of language instruction in twentieth-century American politics. *Speaking American* reveals how, for generations, language instruction offered a forum for Angelino educators to articulate their responses to policies that racialized access to citizenship, from the national origins immigration quotas of the Progressive Era through Congress's removal of race from these quotas in 1965. Meanwhile, immigrant communities designed language experiments to counter efforts to limit their liberties. Gutfreund's book is the first to place the experiences of Mexican Americans and Japanese Americans side by side as they navigated debates over Americanization programs, intercultural education, school desegregation, and bilingual education. In the process, the book

shows these language experiments helped Angelino immigrants introduce competing concepts of citizenship that were tied to their actions and deeds rather than to the English language itself Complicating the usual top down approach to the history of racial politics in education Speaking American recognizes the ways in which immigrant and ethnic activists as well as white progressives and conservatives have been deeply invested in controlling public and private aspects of language instruction in Los Angeles The book brings compelling analytic depth and breadth to its examination of the social and political landscape in a city still at the epicenter of American immigration politics

Public Speaking in American English Nancy Grass Hemmert, 2008 Through discussion of culture language and diversity Public Speaking in American English A Guide for Non Native Speakers offers real world advice about overcoming the most pressing relevant and stress provoking speaking issues non native students face Designed specifically for non native English speakers this book follows the traditional public speaking textbook format but also offers students a sense of the larger community of non native English speakers LEP and ESL students who face the same struggles challenges and concerns Every chapter is infused with discussion about the relevant cultural and linguistic issues students are likely to face as well as concrete suggestions on how to address compensate for and or overcome these difficulties Specific exercises and activities both within the chapter and at the end of each chapter allow students to work on their own or in a class to improve their skills set Additionally the writing style though easy to read challenges the non native English speaker without frustrating the reader

Speaking Naturally Bruce Tillitt, Mary Newton Bruder, 1985-01-25 Speaking Naturally is for intermediate and high intermediate ESL EFL students who are interested in using English in social interaction Each unit contains Presentation of language functions thanking agreeing disagreeing inviting etc in both formal and informal situations Informative readings on the cultural rules students need to know in real life situations Exercises and role plays for pairs and small groups to encourage interaction Short recorded dialogues which expose students to a range of American accents and levels of formality Speaking Naturally can be used as a classroom text as a supplementary text and for self study

American Accent Training Ann Cook, 2000 Directed to speakers of English as a second language a multi media guide to pronouncing American English uses a pure sound approach to speaking to help imitate the fluid ways of American speech

Speak Business English Like an American Amy Gillett, 2006 CD and book designed to teach idioms and expressions used in the American business world

Sista, Speak! Sonja L. Lanehart, 2010-01-01 2003 Honorable Mention Myers Outstanding Book Award The Gustavus Myers Center for the Study of Bigotry and Human Rights in North America The demand of white affluent society that all Americans should speak read and write proper English causes many people who are not white and or middle class to attempt to talk in a way that feel peculiar to their mind as a character in Alice Walker s The Color Purple puts it In this book Sonja Lanehart explores how this valorization of proper English has affected the language literacy educational achievements and self image of five African American women her grandmother mother aunt sister and herself Through interviews and written statements by each woman

Lanehart draws out the life stories of these women and their attitudes toward and use of language Making comparisons and contrasts among them she shows how even within a single family differences in age educational opportunities and social circumstances can lead to widely different abilities and comfort in using language to navigate daily life Her research also adds a new dimension to our understanding of African American English which has been little studied in relation to women

In the Beginning Alister E McGrath,2012-04-12 The King James Bible was a landmark in the history of the English language and an inspiration to poets dramatists artists and politicians Without the King James Bible there would have been no Paradise Lost no Pilgrim s Progress no Handel s Messiah Yet more than a literary even more than a religious influence it was seen as a social economic and political text Those seeking to overthrow the English monarchy and those wanting to retain it both sought support from the same Bible So how did this remarkable translation come to be written To answer this question is to throw open the doors of a world which was being transformed by the new technology of printing In reading about the greatest English text ever produced we must close our eyes to our own world in which books are plentiful and readily available and enter another very different universe

Tongue Shakers Margie Shaheed,2016-12-07 Tongue Shakers provides an inside look into the state of speaking mother tongue in America s multicultural society Through a series of interviews and first person narratives in the voices of city dwellers who are immigrants Americans born into immigrant families and African Americans the book uncovers the personal challenges faced by those learning a new language and celebrates their triumphs In Tongue Shakers spoken language a subject that binds us all takes on different meanings as we strive to communicate organically with one another It is the Ukrainian healthcare professional who works as a translator between doctors and patients It is the Ethiopian business executive mom who speaks and writes fluent English at her job but who works just as hard keeping her mother tongue alive in her home It is the little Chinese boy who struggles to learn English so that he can make friends with other children in his new American school It is the African American who must carefully pick and choose when it is best to speak Black English It is the Hispanic family who retains their mother tongue while being just as fluent in English

Desiring TESOL and International Education Raqib Chowdhury,Phan Le Ha,2014-02-04 This book addresses how Western universities have constructed themselves as global providers of education and are driven to be globally competitive It examines how the term international has been exploited by the market in the form of government educational policies and agencies host institutions academia and the mass media The book explores matters relating to the role of the English language in international education in general and the field of TESOL in particular It demonstrates how English and TESOL have exercised their symbolic power coupled with the desire for international education to create convenient identities for international TESOL students It also discusses the complexity surrounding and informing these students painful yet sophisticated appropriation of and resistance to the convenient labels they are subjected to

Introducing America: A Guide For You Tarek Hussein,Mike McMullen,2018-03-08 We decided to write about the

topic of introducing this country to you You have made a great choice You chose to come here and I believe you have made a great first step towards achieving better things in your life You have to be ready and responsible for the consequences You can have a great and wonderful life if you understand the environment in which you live This is very important because you are coming from a different culture with traditions and habits that might be different from traditions and habits in this country We re not asking you to change in fact we are encouraging you to keep your identity but you always need to seek improvement in everything you do or plan to do That includes learning how to integrate into the society in which you have chosen to live We wrote this book as a resource to guide newly arriving immigrants to the United States We used straightforward language and a simple format so that everyone can easily find interpret and understand the information We hope you will find it informative resourceful and a joy to read To give you insight we will provide the information we have gained while living in the United States If you read this book and try to use it in your daily life you will avoid many consequences that might cost you more than you think Do not try to figure out everything on your own You might wrongly understand an issue because of differences in cultures Discussing the issue with many different people will help you learn many perspectives and may help you understand the issue better I hope to provide you a positive perspective and some understanding of how to go about solving some of the challenges you may face coming to a new country So to successfully find your way in American society I encourage you to use this book to become familiar with the ways of living in the United States

SpeakUp! Sam Chwat, 1994 Why should you learn to speak Standard American English to get your message across more clearly and effectively to increase your self confidence to avoid bias in business and social settings Using a unique natural approach this three hour audio program with a 272 page manual explains the contrasts between Asian Indian Middle Eastern and American accents identifies and corrects frequently mispronounced vowel and consonant sounds cultivates the speech patterns of clear uninflected English Sam Chwat a noted speech therapist and dialect coach for stage and screen actors has developed a proven method for changing your accent
