Speaking Likeness A:

Speaking Likeness. [A Collection of Photographs]. K. HUTTON (pseud.),1947 **A Speaking Likeness** Sheila Bishop,1986-05-01 A destitute young widow in early nineteenth century London adopts an unwanted illegitimate child and later discovers his striking resemblance to an arrogant young heir **Speaking Likenesses** Maurice Lindsay,1997 **The Speaking Likeness** R. H. Mottram,1996 *Speaking Likeness* Christina Georgina Rossetti,1874 Moulding the Female Body in Victorian Fairy Tales and Sensation Novels Laurence Talairach-Vielmas,2007 Laurence Talairach Vielmas explores Victorian representations of femininity in fairy tales and sensation novels by authors such as George MacDonald Lewis Carroll Christina Rossetti Wilkie Collins Mary Elizabeth Braddon and Charles Dickens In the clash between fantasy and reality these authors create a new type of realism that exposes the normative constraints imposed to contain the female body and illuminates the tensions underlying the representation of the Victorian ideal **Aquinas's Theory of Perception** Anthony J. Lisska,2016-06-03 Anthony J Lisska presents a new analysis of Thomas Aquinas s theory of perception While much work has been undertaken on Aquinas s texts little has been devoted principally to his theory of perception and less still on a discussion of inner sense The thesis of intentionality serves as the philosophical backdrop of this analysis while incorporating insights from Brentano and from recent scholarship The principal thrust is on the importance of inner sense a much overlooked area of Aquinas s philosophy of mind with special reference to the vis cogitativa Approaching the texts of Aquinas from contemporary analytic philosophy Lisska suggests a modest innate or structured interpretation for the role of this inner sense faculty Dorothea Frede suggests that this faculty is an embarrassment for Aquinas to the contrary the analysis offered in this book argues that were it not for the vis cogitativa Aquinas s philosophy of mind would be an embarrassment By means of this faculty of inner sense Aquinas offers an account of a direct awareness of individuals of natural kinds referred to by Aquinas as incidental objects of sense which comprise the principal ontological categories in Aquinas s metaphysics By using this awareness of individuals of a natural kind Aquinas can make better sense out of the process of abstraction using the active intellect intellectus agens Were it not for the vis cogitativa Aquinas would be unable to account for an awareness of the principal ontological category in his metaphysics **Speaking with Aquinas** David Farina Turnbloom,2017 According to Thomas Aquinas the Eucharist is meant to build up the unity of the church This desired ecclesial unity is however not often given adequate treatment In *Speaking with Aquinas* David Farina Turnbloom seeks to describe the relationship between the celebration of the Eucharist and the unity of the church By examining Aquinas s treatment of grace and virtues this book allows the reader to understand Aquinas s eucharistic theology within the context of the spiritual life of the church In the end Turnbloom retrieves a Thomistic theology of the Eucharist that arises from Aquinas s concern for the virtuous life of the church rather than a eucharistic theology that too narrowly focuses on theories of transubstantiation **You Are a Speaking Spirit Being in Your Body** Justina Effie Fletcher,2010-12-01 This book outlines her experiences with the Lord

and personal life observations that made her aware of the human spirituality which has been greatly overlooked She hopes it will help readers to acknowledge their own personal spirituality as well as the reality and Allness of God by His sovereign lordship in everything at everywhere and over all men It is expected that readers will be provoked to seek and pursue God for their total Man to be whole by their spiritual and physical well being She has four grown daughters a son and five grandchildren She enjoys reading and listening to music

[Race Experts](#) Linda Kim, 2018-08-01 In Race Experts Linda Kim examines the complicated and ambivalent role played by sculptor Malvina Hoffman in T he Races of Mankind series created for the Chicago Field Museum in 1930 Although Hoffman had training in fine arts and was a prot g of Auguste Rodin and Ivan Mestrovi she had no background in anthropology or museum exhibits She was nonetheless commissioned by the Field Museum to make a series of

life size sculptures for the museum s new racial exhibition which became the largest exhibit on race ever installed in a museum and one of the largest sculptural commissions ever undertaken by a single artist Hoffman s Races of Mankind exhibit was realized as a series of 104 bronzes of racial types from around the world a unique visual mediation between anthropological expertise and everyday ideas about race in interwar America Kim explores how the artist brought scientific understandings of race and the everyday racial attitudes of museum visitors together in powerful and productive friction The exhibition compelled the artist to incorporate not only the expertise of racial science and her own artistic training but also the popular ideas about race that ordinary Americans brought to the museum Kim situates the Races of Mankind exhibit at the juncture of these different forms of racial expertise and examines how the sculptures represented the messy resolutions between them Race Experts is a compelling story of ideological contradiction and accommodation within the racial practices of American museums artists and audiences
